Hot Dogs Really Do Bark Dec 21 2021 Bob, a hot dog salesman, wants to live a quiet life in Chattanooga in the late 21st century. He loves hanging out with his friends Santiago and Xander, but is not sure he is ready to settle down with his sweet girlfriend, Betty. Strange things begin to happen. Groundhogs talk. A mime attacks. Toys come to life. Bob is left to wonder what's going on. Life really becomes strange when Bob's hot dogs begin to bark, however. Bob's life will never be the same as he must battle alien assassins. He learns that one of his friends hides a secret that could affect the future of the Galactic Bailiwick, or the royal government of the galaxy. Will Bob escape from the assassins? Will he get serious about dating Betty? Will the hot dogs ever stop barking?

Pit Bull Flower Power Jun 26 2022 For decades, pit bulls have been demonized by society and portrayed as hellhounds. They've become the most feared, hated, and abused of all companion animals. Some cities and even entire countries ban them, while the media persist in associating them with viciousness. This unjust reputation has sealed the fate of millions of dogs, who face prejudice around the world and languish in shelters, where they are the most euthanized. In America alone, hundreds of thousands of pit bulls are put to sleep every year. Since 2014, French photographer Sophie Gamand has been composing portraits of adoptable pit bulls from more than thirty shelters and rescues throughout the United States. Many had been waiting for years for a home. Adorning her models with handmade flower-crowns, Gamand tells each dog's story and celebrates their inherent personality, vulnerability, and individuality. Posted and shared widely on social media, the portraits--at once charming, candid, and deeply affecting--have not only led to hundreds of dogs finding loving, forever homes, but have also spurred efforts to destigmatize an animal whose reputation for violence says more about us than it does the character of the dogs themselves. Full of moving, honest, and inspiring stories of individual dogs and their lives (and deaths), Pit Bull Flower Power presents a vivid, beautifully composed cross-section of Gamand's extraordinary work. The book also serves as a testament to the caring people who work in animal rescue, the passion and dedication of those who provide homes for these animals, and the dignity, forbearance, and love of these dogs, who are at the mercy of humans.

Crown of Midnight Jun 14 2021 Never trust an assassin. Celaena's story continues in this second book in the #1 bestselling Throne of Glass series by Sarah J. Maas. Celaena Sardothien won a brutal contest to become the King's Champion. But she is far from loyal to the crown. Though she goes to great lengths to hide her secret, her deadly charade becomes more difficult when she realizes she is not the only one seeking justice. Her search for answers ensnares those closest to her, and no one is safe from suspicion--not the Crown Prince Dorian; not Chaol, the Captain of the Guard; not even her best friend, Nehemia, a princess with a rebel heart. Then, one terrible night, the secrets they have all been keeping lead to an unspeakable tragedy. As Celaena's world shatters, she will be forced to decide once and for all where her true loyalties lie . . . and what she is willing to fight for. The second book in the #1 New York Times bestselling Throne of Glass series returns readers to a land destroyed by liars, where one woman's truth is the only thing that can save them all.

Rex and the Crown Jewels Robbery Nov 27 2019 Rex lives on Tower Green, and likes nothing better than sniffing around in juicy litter bins. But one day, the stinky bin he's rummaging in turns out to be a time machine. It takes him back to the Tower of London of King Charles II, where Rex meets spoiled lapdog Cavalier, explores the old Tower and even gets to see the crown jewels. But while he's admiring the crown, orb and sceptre, thieves burst in and steal them away. Can Rex save the day?

The Hero and the Crown Mar 24 2022 An outcast princess must earn her birthright as a hero of the realm—in this “utterly engrossing” Newbery Medal–winning fantasy (The New York Times). Aerin is an outcast in her own father’s court, daughter of the foreign woman who, it was rumored, was a witch, and enchanted the king to marry her. She makes friends with her father’s lame, retired warhorse, Talat, and discovers an old, overlooked, and dangerously imprecise recipe for dragon-fire-proof ointment in a dusty corner of her father’s library. Two years, many canter circles to the left to strengthen Talat’s weak leg, and many burnt twigs (and a few fingers) secretly experimenting with the ointment recipe later, Aerin is present when someone comes from an outlying village to report a marauding dragon to the king. Aerin slips off alone to fetch her horse, her sword, and her fireproof ointment . . . But modern dragons, while formidable opponents fully capable of killing a human being, are small and accounted vermin. There is no honor in killing dragons. The great dragons are a tale out of ancient history. That is, until the day that the king is riding out at the head of an army. A weary man on an exhausted horse staggers into the courtyard where the king’s troop is assembled: “The Black Dragon has come . . . Maur, who has not been seen for generations, the last of the great dragons, great as a mountain. Maur has awakened.”

Hindústáni as it Ought to be Spoken Jan 10 2021

Crown's Jewel Sep 29 2022 Crown McGee comes to Colwin County, Texas to claim his estranged father's estate, a thriving rice farm, dilapidated mansion and cemetery. Smitten by tenant Carrie Giddings, Crown vows to have Carrie just as he has claimed his father's land. Crown offers complicity in a murder in exchange for Carrie, but the Giddings flee Colwin County, leaving Carrie's daft sister Jewel in Carrie's place. On the road to love and redemption, Crown faces hard lessons, a daughter Sela, born with his deformity and a wayward brother Jackson bent on claiming the estate.

The Handbook of Veterinary Care and Management of the Military Working Dog - Including Anesthesia / Pain Management Standards Apr 12 2021 PREFACE Since 9/11 the veterinary care of Military Working Dogs (MWDs) has assumed a greater importance. The role of the working dog has never been more visible and more appreciated. At this writing there are a large number of MWDs deployed throughout the world in support of the Global War on Terrorism. Many people both in and out of uniform are coming to realize that MWDs are among the most valuable and cost-effective counterterrorism tools we have. Before 9/11 detector dogs and their skills were largely taken for granted, even downplayed. Comments like: “MWDs are low-tech”; and “Dogs will be replaced by sensors, imaging techniques and computers” were not uncommon. Detector dogs have become a very visible front-line protective measure against bomb threats – check out the headlines on suicide bombers to see what our terrorist enemies are up to. Then check out the film clips that show security forces in action – the dogs are everywhere! These are reminders that no other tool in the arsenal can match the efficiency, mobility, adaptability and field readiness of a working dog. So, what’s new – why publish a new edition now? Yes 9/11 did change things – this edition now has guidelines for MWDs exposed to Anthrax. This third edition of the Handbook also contains new information about the prophylactic laparoscopic-assisted gastropexy program that aims to protect our most “at-risk” dogs from GDV. We also provide guidelines on transitioning from once daily feeding to feeding two “meals” a day; the Dog Center now feeds over 500 MWDs twice a day. Additionally we have updated information about MWD Adoption – a program that has come of age in the 2 years since the publication of the second edition. Also in an effort to provide a “one-stop” resource for working dog policy, this edition now incorporates topics that were formerly available only as VETCOM policy letters. These and other revisions make this new MWD Handbook one of the most up to date resources for military veterinarians caring for MWD’s and other Federal Agency working dogs. All veterinary personnel involved in anesthesia should familiarize themselves with these standards, as some previously used agents (such as butorphanol / acepromazine / glycopyrrolate combination, tiletamine / zolazepam, and xylazine) have been removed from the guidance. The world will continue to change and our veterinary care will also change as our knowledge, new technology, and improved therapeutics become available. Our commitment to the health care of MWDs is a constant. Keep up the good work!

The Crown's Dog Dec 01 2022 A coastal summer is turned upside down by a violent murder, and a quest for lost pirate treasure turns into a hunt for the killer. Jax Wendyll is the crown's dog. As punishment for the unspeakable crimes that torment him to this day, his life has been conscripted to the Empire Solaris. However, in an Empire afflicted by peace, his duties are relegated to unquestioningly aiding the antics of the youngest prince, Baldair. Erion Le'Dan, a nobleman's son, expects a quiet summer visit to the Imperial Palace, his only agenda to visit with his unlikely friends. But Jax's discovery the legendary pirate Adela Lagmir's old workroom inspires a hunt for her long lost treasure. The pursuit of Adela's truth takes the three men to the Imperial summer manor, built along the old pirate mainstays. When Adela's trident is branded into a murdered servant, Prince Baldair's summer amusement of treasure-hunting becomes a hunt to find the killer. But, as mysteries compound, the ghosts of Jax's past may not be the only things haunting them.

An Earthly Crown Sep 25 2019 In the second book of Kate Elliott’s Novels of the Jaran, Tess Soerensen is pulled between two powerful men—her brother and her husband—and their competing revolutions. On the planet Rhui, the nomadic tribes of the jaran are uniting the settled cities of their homeland one by one. Their charismatic leader, Ilya Bakhtian, has his loyal wife by his side, but there is something about her he doesn’t know: Tess Soerensen is a human. And not just any human—back home, her brother, Charles, led an unsuccessful revolt against the all-powerful Chapalii empire. Even though Charles was later made a duke in the Chapalii system, his revolutionary bent has not faded, and he is traveling to Rhui to locate Tess and uncover precious information about a past insurgency. Charles’s insistence that Tess join him is as strong as Ilya’s reluctance to part with his beloved wife—and neither considers that Tess may have her own plans for the future. As three fiercely independent spirits struggle for a solution, the fates of both the human race and the jaran hang in the balance. An Earthly Crown is the second volume of the Novels of the Jaran, which also include Jaran, His Conquering Sword, and The Law of Becoming.

Prince of Dogs Jan 02 2023 Kate Elliott's KING'S DRAGON launched a magnificent new epic fantasy. Now, with PRINCE OF DOGS, one of the most exciting fantasy series of recent years continues . . . Sanglant - the prince of dogs, King Henry's bastard son - is being held captive in the city of Gent by Bloodheart, The Eika warlord. Liath, now one of the King's Eagles - and still grieving over the loss of Sanglant - is desperately trying to unlock the secrets of her own past. Unless she masters her powers she may prove a grave danger to everyone, herself included. Alain, now proclaimed a Count's heir, is increasingly troubled by visions of the enemy he befriended and the Lady of Battles whom he's sworn to serve. And Fifth Brother, least favoured son of Bloodheart, has returned to the lands of his own people to unite the scattered tribes and build an army to do his father's bidding. While King Henry continues this progress through his troubled realm, Sanglant, Liath, Alain and Fifth Brother fight their own individual battles. Only time will tell who will prove triumphant as all of them are caught up in the dangers and turmoil of a world at war . . .

Dogs Never Lie About Love Feb 29 2020 Dogs fill our hearts with love and our minds with wonder, but their emotional lives have remained unexplored since Darwin 125 years ago. Now in *Dogs Never Lie About Love*, controversial psychoanalyst Jeffrey Masson brilliantly navigates the rich inner landscape of "our best friends." As he guides readers through the surprising depth of canine emotional complexity, Jeffrey Masson draws from myth and literature, from scientific studies, and from the stories and observations of dog trainers and dog lovers around the world. But the stars of the book are the author's own three dogs whose delightful and mysterious behavior provides the way to exploring a wide range of subjects--from emotions like gratitude, compassion, loneliness, and disappointment to speculating what dogs dream of and how their powerful sense of smell shapes their perception of reality. As he sweeps aside old prejudices on animal behavior, Masson reaches into a rich universe of dog feeling to its essential core, their "master emotion": love. Like the dogs he loves, Masson's writing will capture the reader with its playful, mysterious, and serious sides. Its surprising insights provide a new dimension of understanding for dog owners everywhere.

Miller and Evans' Anatomy of the Dog - E-Book May 14 2021 Featuring unparalleled full-color illustrations and detailed descriptions, Miller and Evan’s Anatomy of the Dog, 5th Edition makes it easy to master the

intricate details of canine morphology. Content has been updated throughout the text to reflect the latest knowledge regarding the development, structure, and function of the canine body. Chapters in the text are logically organized by body system and written by expert anatomists who lend their extensive knowledge of particular structures. Plus, there's a special introductory chapter on breed categories from the American Kennel Club to help you understand dog breeds and how they are determined. This new edition also features an enhanced focus on digital radiology and includes upgraded MR and CT scans throughout the text. Most notably, however, are the elaborate full-color illustrations by expert medical illustrators that bring complex anatomy to life in a way that no other vet text can. Overall, Miller and Evan's Anatomy of the Dog is an invaluable reference for veterinary students, clinicians, technicians, breeders, and animal specialists alike. Elaborate full-color illustrations created by expert medical illustrators bring canine structures to life and enhance your understanding of their function. The most up-to-date nomenclature from the Nomina Anatomica Veterinaria (NAV) — the standard reference for anatomical (zootomical) terminology — is reflected throughout the text's content. Up-to-date text and bibliographic references from the most current literature offer easy access to all primary sources of information for further study and interpretation. Expert anatomist authors contribute their current knowledge of particular structures. Chapters logically organized by body system follows the course structure in most veterinary school curricula. Coverage of AKC breed categories offers a basic understanding of dog breeds and how they are determined by the American Kennel Club. NEW! Co-editor John W. Hermanson joins the team of Evans and de Lahunta to provide further expertise in the areas of anatomy and comparative anatomy. NEW! Upgraded digital radiology with a special emphasis on MR and CT scans has been incorporated throughout the text.
