Drifting started as a niche motorsport among Japanese-American Californians, but has quickly evolved into a full-fledged competitive

motorsport involving everyone from kids in the Midwest to a 55-year-old World Rally Championship Driver. This is the first how-to book to focus on both how to properly prepare a car to compete in drifting events, and how to drive it effectively in those events. Written by one of the original American drifters, it expertly covers car preparation, driving techniques, competition rules, and much more. Drawing on an extensive storehouse of knowledge and using full-color photography, diagrams, and charts to support his text, Calvin Wan explains the theories behind every aspect of the sport. For those who want to do it, those who like to watch, and those who simply seek to understand, this is the quintessential guide to drifting.

The haunting memoir of two sisters among the very few children who survived Auschwitz, picking up where Anne Frank's Diary left off & giving voice to so many who were murdered.

In *Day One*, automotive journalist Marty Schorr recalls life on the front line in the classic muscle car era, thrashing brand-new cars that would become collector vehicles. Most muscle-car books celebrate beautifully-restored vehicles surrounded by hard facts; *Day One* tells the real story from the point-of-view of one of the period's most respected automotive journalists, Marty Schorr. For the first time in print, you'll get a unique perspective on what it was like to actually drive, race, and otherwise thrash what are some of today's most valuable collector cars. *CARS*,

the iconic magazine Marty wrote and edited didn't rely on industry advertising for revenue.

Instead, the magazine made money the old fashioned way, from newsstand sales, leaving it able to be honest and frank in its coverage of high-performance street cars. CARS magazine reported on both Day stock and modified cars, cars the traditional magazines wouldn't touch, like the ultra-high-performance vehicles from companies like Baldwin-Motion, Yenko Chevrolet, Nickey Chevrolet, Royal Pontiac, and Tasca Ford. Prepare yourself for Day One to cover the most important cars of a given year, including:

Pontiac's 1962-1963 lightweight Super-Duty 421 street and Swiss Cheese models Chevrolet's 1963 big-block 427 Mystery Motor and ZL-1 Impala. Ford 1963 1/2 427/425 Galaxie fastback The 1964 Ramchargers The first 426 Street Hemi Cotton-Owens prepared Hemi Coronet A 1966 Olds Twin-Engined (850 cubic inches) Grant Toronado, currently owned by Jay Leno A prototype 1966 Plymouth 426 Street Hemi Satellite One of two 427 SOHC Galaxies prototypes A '67 Royal Bobcat GTO Plymouth's original '68 Hemi Road Runner Hurst-built Plymouth & Dodge 1968 Hemi-Darts and Hemi-Cudas "Ronni's mind fell completely silent. She stopped being aware of the room around her, there was only the hateful figure of a bully and an abuser ahead of her, all else was a blur." You're in a strange city. Your friend is missing. Could you find the courage to do what is necessary? Would you even know where to start? These are the

questions faced by law graduate Ronni Wong when her friend Jenny disappears after a date with a man she met online. Finding evidence suggesting that Jenny's internet lover hides the darkest of secrets, Ronni is forced to embark on a journey through social media to discover the identity of a kidnapper, and then a dangerous race against time through the streets of Metro Manila to save her friend's life. The clock is ticking, can Ronni make it in time? Join Ronni as her investigation into one disappearance leads her into mortal danger. Social Murder will keep you on the edge of your seat, and at the same time challenge you to think about how you use social media. Are you safe online? 800-CEO-Read Sales Book Of The Year for 2015 | Forbes 15 Best Business Books of 2015 | "The chapters, (46 of them in this 256 page book) are quick and concise, and it is easy to pick it up anywhere and find a nugget of easily actionable advice, but the kicker is that the actions he recommends are also quick and concise, so that we can accomplish them in the few bursts of spare time we all have left." – 800CEORead.com "Follow Goldfayn's brilliant advice and you will have an endless supply of customer testimonials, spontaneous referrals, and new business, and it will compel you to buy a beautiful fountain pen and stop obsessing over social media. His advice simply works." – Inc.com Grow your business by 15% with these proven daily growth actions Do you have trouble finding time during your hectic day to grow your business? Is your company stalled because you are too busy reacting to customer problems? Do you lack the funds to jumpstart an effective marketing plan? The Revenue Growth

Habit gives business owners, leaders, and all customer facing staff a hands-on resource for increasing revenue that is fast, easy, and requires no financial investment. Alex Goldfayn, CEO of the Evangelist Marketing Institute, shows how to grow your organization by 15% or more in 15 minutes or less per day—without spending a penny of your money. Forget about relying on social media. Posting on Twitter, Facebook, and LinkedIn doesn't grow revenue, especially for business-to-business companies. The Revenue Growth Habit shows how to request and collect testimonials and how to communicate these testimonials to grow your business. You will discover how to write powerful case studies, ask for (and get!) referrals, grow your lists, and send a revenue-growing newsletter. Goldfayn also includes information for teaching your customer service people how to inform your current clients about what else they can buy from you. This proven approach revolves around letting your customers tell your story. There is nothing you can say about your products and services that is more effective than what your paying customers say. How does it work? Each day, take one quick, proactive communication action that tells someone about how they'll be improved after buying from you. Choose from the 22 actions Goldfayn details in The Revenue Growth Habit. Each technique is fast, simple, and free. It only requires your personal effort to communicate the value of your product or service to someone who can buy from

you. Personal communication—the key to the 22 action steps—will make your company stand head-and-shoulders above the competition. In the depths of winter, with snow thick on the ground, Badger lies alone and injured. No one knows where he is, and the icy cold is tightening its grip every second. What will happen to Badger? And can the other animals of Farthing Wood survive the harsh cold and piercing hunger that winter has brought? CD-ROM contains full text for all the procedures available in the manual. Once you have completed reading this manual, it will be easier for you to use your new Samsung Galaxy Note 8. The Closer's Survival Guide is perfect for sales people, negotiators, deal makers and mediators but also critically important for dreamers, investors, inventors, buyers, brokers, entrepreneurs, bankers, CEO's, politicians and anyone who wants to close others on the way they think and get what they want in life. Show me any highly successful person, and I will show you someone who has big dreams and who knows how to close!

The end game is the close. This offers honest and largely unedited glimpses into the world of social work of 40 years or so ago. Illustrated by the professional practice of one Colin Millwood, an enthusiastic but otherwise green social worker, it coincides with the early beginnings of his arrival at his local Social Services Department. A behind-the-scenes look at Lexus's surprising twenty-year success story—in a revised new edition In the 1980s, German brands BMW and Mercedes-Benz dominated the luxury car market and had little reason to fear competition from Japan. But in 1989, Toyota entered the market with the Lexus LS 400, a car that could compete with the Germans in every category but price—it was US\$30,000 cheaper. Within two years, Lexus had overtaken Mercedes-Benz in the United States and made a stunning success of Toyota's brave foray into the global luxury market. Lexus: The Relentless Pursuit reveals why Toyota decided to take on the German automakers and how the new brand won praise and success for its unparalleled quality, unforgettable advertising, and unprecedented customer service. From the first boardroom planning session to Lexus's entry into the mega-luxury supercar market, this is the complete and compelling story of one of the world's most admired brands. Includes a new Foreword by legendary designer Erwin Lui, an Afterword with updates since the first edition, and a new Coda by leading Japanese automotive journalist Hisao Inoue Covers the racetrack

triumph—and tragedy—behind the new US\$375,000 Lexus LFA supercar Offers important business lessons for brand managers and executives For car enthusiasts, business leaders, and anyone interested in branding and marketing, Lexus: The Relentless Pursuit offers an amazing story of excellence and innovation in the automotive industry. Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included

driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start.

Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs. This book steers

buyers through the the confusion and anxiety of new and used vehicle purchases unlike any other car-and-truck book on the market. "Dr. Phil,"

Canada's best-known automotive expert for more than forty-five years, pulls no punches. His head tilted, looking down at me. His eyes found my

bare ass, submissively up in the air. A growl rumbled from him as he fell onto me... Don't you dare dismiss me as another gay college dude with a drug problem. That's all true, but it's not all

I am. I didn't have it hard growing up, but I made some bad decisions. Those lead to more bad decisions, and one day I get a phone call that makes everything else seem insignificant. My Dad had died, and I had no way to cope with that. So I fled to the secluded family cabin in the woods, where I hoped to find some kind of closure.

Instead I found two handsome trespassers, and I thought the weekend might take a more interesting turn. Some crazy shit went down, and I found myself treating one of the trespassers for

gunshot wounds, but somehow his wounds had healed. He opened his eyes, golden and terrifying. He growled, smelling his submissive prey. I had no chance. and not a fanatic about conspiracy theories, yet have an open mind, then I'm confident you'll enjoy reading 'The Stupid Obvious.' I'm going to reveal the 'Stupid Obvious.' The 'Stupid Obvious' like: -"Bigfoot Patterson Video Is Fake!" -"Fake 911 Planes!" -"Are We Alone?" -"Abandoned American POWs!" -"World War III With China Is Inevitable!" -"Multiple Assassins Murdered President John F. Kennedy!" -"Amelia Earhart's TOP SECRET Mission!" -"Did United States Of America Land On The Moon?" -"Did Adolf Hitler Escape From Berlin And Evade To Argentina?" Let's start with them Bigfoot critters. I've never seen one, but I gotta tell you, that video is fake and I'll tell you why - it's right in front of you in all the videos - it's 'The Stupid Obvious'. 911 has got to be the biggest LIE since the JFK assassination. And I go into great detail on the 'Stupid Obvious.' Once you read and see the photos, you'll say the Official 911 story is a LIE! Those poor souls - abandoned American POWs. It pisses me off. I'll tell you a bunch of 'The Stupid Obvious' about American POWS abandoned all the way back to World War I. It's sad. I've been predicting the next World War is against China and her allies - thus WWIII. I'll show you 'The Stupid Obvious.' Now if you think Lee Harvey Oswald... wait, you're still with me, you already know there's no way Oswald... well I go into great detail about the JFK's assassination. I hope to re-educate you on how it all happened or better yet, it couldn't happen. Now as far as

Amelia Earhart, she was no doubt a World Class pilot and more than that, she was a patriot. I'm very confident that I'll prove to you, she and her navigator didn't get lost and fly off lost into oblivion. The Apollo Program, did the US of A land on the moon? I got a double answer for you on this one. And at the same time, I'll have you scratching your head - asking 'The Stupid Obvious.' You don't have to be a Rocket Scientist to see 'The Stupid Obvious.' And last, did Hitler, one of the most evil men to ever walk this Earth, did he fake his suicide and escape & evade to Argentina? I bought the 'Official Story' most of my life till I started looking into it. I go into great detail on this one and I give you 'The Stupid Obvious.' 'The Stupid Obvious' will re-educate you and re-wire your 'Stupid Obvious' thinking so you can see the truth. Mini Down Under traces the history of one of New Zealand's - and the world's - best-loved cars. More versions of the Mini were available in New Zealand than anywhere else, and the launching of the iconic car in February 1960 was a larger-than-life event. In this lively and personal story, the author tracks the Mini's life in New Zealand, the connection between Kiwi racing driver Bruce McLaren and the birth of the Mini Cooper, the heady days of competition success in the Antipodes, the local assembly and marketing of the classic original car and the eventual development into the latest generation Mini for a new century. Dreamed up by drivers trying to

outdo each other on the mountain passes of Japan, the art of the sideways descent of a switchback-what Wired described as "the fishtailing ballet of burning rubber called drifting"-has made it to the United States in a big way. What began as a new kind of daredevil driving among teens has, over two decades, become a sanctioned sport, making its way across the Pacific through video games and magazines, anime and the Internet, to take root in California's fertile underground racing culture. Drifting tells the story of drifting from its arrival on the West Coast to its emergence as the hottest form of motorsport in the United States. A dramatic visual record of the sport in America that includes over 400 photos, the book also profiles the people, teams, techniques, web sites, publications, videos, and trends that have made drifting the phenomenon that it is today. For the curious newcomer, author Antonio Alvendia's introduction succinctly explains what drifting is, setting the stage for the thrilling automotive drama that then unfolds. For the veteran drifting fan, this book is the first illustrated book on the latest motorsport to conquer the world. This volume presents the proceedings of CLABIO 2015 - II Latin American Conference on Bioimpedance, held in Montevideo, Uruguay - September 30 - October 02, 2015. 365 Days of Organizing offers helpful solutions every day to make life a little more organized. Written by one of New York City's top professional organizers, this book makes organizing your home and your life manageable.

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Matt Keegan interviews artists and commissions writing to reassess the 1990s as the moment when the Democratic Party abandoned its New Deal values and swung to the right. In the wake of the Trump election, artist Matt Keegan (born 1976) began investigating the Democratic Party's shifts over recent decades. In the late '80s, members of the Democratic Leadership Council successfully moved the party's platform to the right by including a pro-business, pro-military, interventionist agenda, and downplaying social infrastructure as a calculated break from its New Deal-era

foundation. This shift led to Bill Clinton's consecutive terms. 1996 captures this pivotal time in American politics and society through the experience of artists who completed their undergraduate studies in that year and voted for Clinton, and others who were born in 1996 and voted for the first time in 2016. Essays focus on cultural and ideological shifts from that time, such as the 1994 Crime Bill, 1996 Immigration Act, the Telecommunications Act, the start of Fox News and beyond. A revised and updated edition of Hilary A. Raab Jr.'s Ferrari Serial Numbers Part I that covers all of the odd-numbered Ferraris (normally reserved for the Ferrari street cars) to serial number 21399. Based on tests conducted by Consumers Union, this guide rates new cars based on performance, handling, comfort, convenience, reliability, and fuel economy, and includes advice on options and safety statistics.
