The Measure of Madness: Jan 12 2021 Enter the “fascinating” and frightening world of modern forensic psychology as experienced by one of the most respected practitioners in the field today (Robert K. Tanenbaum, New York Times–bestselling author). At the heart of countless crimes lie the mysteries of the human mind. In this eye-opening book, Dr. Cheryl Paradis draws back the curtain on the fascinating world of forensic psychology, and revisits the most notorious and puzzling cases she has handled in her multifaceted career. Her riveting, sometimes shocking stories reveal the crucial and often surprising role forensic psychology plays in the pursuit of justice—in which the accused may truly believe their own bizarre lies, creating a world that pushes them into committing horrific, violent crimes. Join Dr. Paradis in a stark concrete cell with the indicted as she takes on the daunting task of mapping the suspect’s madness or exposing it as fakery. Take a front-row seat in a tense, packed courtroom, where her testimony can determine an individual’s fate—or if justice will be truly served. The criminal thought process has never been so intimately revealed—or so darkly compelling—as in this “excellent and entertaining” journey into the darkest corners of the human mind (Booklist).

Radar Instruction Manual Jun 28 2022 Since 1958 the Maritime Administration has continuously conducted instructions in use of collision avoidance radar for qualified U.S. seafaring personnel and representatives of interested Federal and State Agencies. Beginning in 1963, to facilitate the expansion of training capabilities and at the same time to provide the most modern techniques in training methods, radar simulators were installed in Maritime Administration's three region schools. It soon became apparent that to properly instruct the trainees, even with the advanced equipment, a standardize up-to-date instruction manual was needed. The first manual was later revised to serve both as a classroom textbook and as an onboard reference handbook. This newly updated manual, the fourth revision, in keeping with Maritime Administration policy, has been restructured to include improved and more effective methods of plotting techniques for use in Ocean, Great Lakes, Coastwise and Inland Waters navigation. Male Roles, Masculinities and Violence Jan 04 2023 This book is based on an expert group meeting entitled 'Male Roles and Masculinities in the Perspective of a Culture of Peace', which was organised by UNESCO in Oslo, Norway in 1997, the first international discussion of the connections between men and masculinity and peace and war. The group consisted of researchers, activists, policy makers and administrators and the aim of the meeting was to formulate practical suggestions for change. Chapters in the book consist of both regional case studies and social science research on the connections of traditional masculinity and patriarchy to violence and peace building. The Culture of Peace initiatives in this book show how violence is ineffective, and the book contests the views in the socialisation of boy-children that aggressiveness, violence and force are an acceptable means of expression.

Disciple IV Nov 09 2020 DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-

phase DISCIPLE program and is prepared for those who have completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times.

Why the Bottom Line Isn't! Apr 14 2021 Offers a broad view of leadership and shareholder value based on multiple business disciplines In *Why the Bottom Line Isn't!* authors Dave Ulrich and Norm Smallwood argue that sustainable shareholder value comes increasingly from assets not accounted for on an organization's balance sheet. These assets include a company's reputation, its ability to attract talent, and its ability to react quickly to new opportunities in the marketplace. *Why the Bottom Line Isn't!* harnesses research from a number of disciplines including human resources, finance, and leadership to establish a hierarchy of such intangibles. The authors extrapolate from these intangibles to establish leadership tools that will help create sustainable shareholder value. The book offers a broad, expansive perspective on leadership while eschewing convoluted theory for concrete practice. Dave Ulrich, Ph.D., (DOU@UMICH.EDU) has been listed by *BusinessWeek* as the top "guru" in management education. He has co-authored 10 books and over 100 articles, serves on the Board of Directors of Herman Miller, and has consulted with over half of the *Fortune* 200 companies. He is currently on professional leave as Professor at the University of Michigan to serve as Mission President for the Church of Jesus Christ of Latter-day Saints in Montreal. Norm Smallwood (nsmallwood@rbl.net) is co-founder of Results-Based Leadership (www.rbl.net), which provides education and consulting services based on this book as well as the ideas in *Results-Based Leadership: How Leaders Build the Business and Improve the Bottom Line*, which he co-authored with Ulrich. He has led leadership development, business strategy, organization capability, change management, and HR projects for a wide variety of clients spanning multiple industries.
