Affirmative Action Sep 30 2022 Hailed at the time of its original publication as a thorough and balanced debate of one of America's most vexing political issues, Affirmative Action employs a pro and con format to provide a concise introduction to this divisive debate. In a new, substantive introduction, Richard F. Tomasson offers a short history of the affirmative action debate and addresses new developments since the book's original appearance. In Part One, authors Crosby and Herzberger draw on state and federal court decisions, federal decrees, and university practices to support affirmative action to counter racial and gender bias. In Part Two, Tomasson cites the same kinds of evidence to argue against affirmative action programs.

The Global Business Handbook Jun 03 2020 A nation's economic success depends on the capacity of its companies and trading organizations to develop business relationships, trade and do business in the international arena. Doing business across borders subtly changes the processes and skills the successful manager needs. Cultural, social, geographic and legal factors serve to complicate the picture. The mantra for managers today is think global, act local. In this handbook the authors concentrate on the big developments that currently are happening at an international level. They consider how managers operating in the global business landscape must change what they do to create advantages and remain competitive. The Global Business Handbook is based on the structure of the very successful IÉSEG International School of Management's programme on international management. It includes a global focus, backed by the latest research on different aspects of international business carried out in different parts of the world.
