Mrs. Louise Mallard, afflicted with a heart condition, reflects on the death of her husband from the safety of her locked room. Originally published in Vogue magazine, “ The Story of an Hour ” was retitled as “ The Dream of an Hour, ” when it was published amid much controversy under its new title a year later in St. Louis Life. “ The Story of an Hour ” was adapted to film in The Joy That Kills by director Tina Rathbone, which was part of a PBS anthology called American Playhouse. It ' s a DIY cook ' s dream come true: It ' s pizza night, and you ' ve made not only the crust and sauce but the mozzarella, too. Or you're whipping up quesadillas for a snack, using your homemade Triple Pepper Hack. Or the dinner party's in high gear and out comes the cheese plate—and yes, you've made all the cheeses on it. Even better—you made them all earlier that day. In a cookbook whose results seem like magic but whose recipes and instructions are specific, easy-to-follow, and foolproof, Claudia Lucero shows step by step—with every step photographed—exactly how to make sixteen fresh cheeses at home, using easily available ingredients and tools, in an hour or less. The approach is basic and based on thousands of years of cheesemaking wisdom: Heat milk, add coagulant, drain, salt, and press. Simple variations produce delicious results across three categories—Creamy and Spreadable, Firm and Chewy, and Melty and Gooney. And just as delicious, the author shows the best ways to serve them, recipes included: Squeaky “ Pasta ” Primavera, Mozzarella Kebab Party, and Curry in a Hurry Lettuce Wraps. John Perkins Reynolds, a member of the “ Salem Zouaves ” (Company I, Eighth Massachusetts Infantry), left behind a unique record of one company ' s service during the early months of the Civil War. His diary documents his company ' s hourly activities each day, forming a rare chronicle of a Union “ three-month ” unit.

Reynolds was a talented and perceptive writer, and he meticulously recorded details about many events. The early mobilization of Union volunteers, Northern and border state support for the war effort, the movement of troops to defend Washington, D.C., from an expected Confederate attack, the “rescue” of the U.S.S. Constitution, raids on secessionist farms in Maryland, and life in the troubled city of Baltimore are just a few of the topics highlighted in his diary. Reynolds included many insightful details about soldier life and material culture during the period. Army discipline, religious practices, soldier-civilian encounters, training, rations, humor and numerous other aspects of the soldier’s existence were deemed noteworthy. Two middle-aged adults, Lynn and Rodney, meet and fall in love. Their romance takes place aboard a ship sailing along the east coast of Asia. Laura Archer first realised the power of small choices when she started reclaiming her lunch breaks and using them to achieve personal goals. In this, her second book, she inspires you to target your mental, emotional, and physical health through simple but empowering actions that can fit around any lifestyle. The book focuses on three centres of activity: Head – Looking at how important good mental health is, and how we can achieve it through guiding our thoughts and the stimulus we input to our minds daily. Heart – As a society that prioritises rationality and empiricism, our hearts sometimes get left behind, as we listen to our heads first. This section focuses on activities to make your heart sing. Hands – We spend our days on computers and smart phones, but as humans we are makers and creators, and using our hands is part of our make-up. This section of the book encourages you to reconnect with the world around you. This book is not restrictive. It is as much about embracing good food, wine and love, as it is about focusing on yoga and meditation. Are you ready to change YOUR life? This is book 2 of the Evelina series. Things get even hot. The most notable of these discussions, collected by Stanley Unwin, with a Preface by Lord Haldane, advocates a six-hour day, with two shifts, in all industries in which the overhead charges are equal to or larger than the cost of weekly wages. Lord Leverhulme's view is that the employees work better in a short working day and might produce as much in six hours as in eight hours, and that in any case the machinery could be utilized more profitably by running for the double shift of twelve hours than for the single shift of eight hours. This seminal work will be of interest to students of business studies and human resource management. Vols. include the Proceedings of the association's 12th-27th annual conventions.
