In this poetic and highly inspirational book, Abigail Couzens shares her emotionally tried journey through her childhood while battling sexual abuse and molestation. Abigail writes how at seven-years-old, she was forced to feel what was only meant for a husband and wife, which she was made to endure for eight long years. She shares the overwhelming she felt with those close to her, but the truth was not believed. Abigail encourages parents to take precaution in listening to their children as they express any kind of sexual abuse or molestation. Those children and adults struggling with molestation and the lingering trauma of it need to know it was not their fault, and that there is hope and help. Drugs and alcohol are not the way. Know that Jesus sits at the right hand of the Father, ready to help. Abigail Couzens wrote this book for restoration. To inspire those who were victims to speak back their voice. To confront their seven-year-old selves and say no more. A STORY THAT MAY LEAVE YOU QUESTIONING EVERYTHING YOU THOUGHT YOU KNEW ABOUT ESSENTIAL OILS, FOLLOWED BY THE ANSWERS YOU NEED TO CONTINUE USING THEM SAFELY. This full color book will take you upon a journey that may shock you and cause disbelief, however the fact remains that this is a true story. It is the truth that some essential oil corporations want to hide from you. In this book Stacey takes you along on her raw and real journey that is eye-opening for the reader. She will reveal the unspoken truth about essential oils so that you can learn the lessons learned from her experience. Her story is not unique and can happen to anyone, at any time. You will want to read this truth to prevent harming yourself, or anyone you love. Stacey's story is followed by an Adverse Reaction Report by Robert Tisserand and Conclusions

Martin Watt, both of which will help you understand what went wrong for Stacey. Certified aromatherapist, Kayla Fioravanti, will help you gain wisdom by guiding you through what the industry experts advise for safe use of essential oils for a lifetime of wellness. Globalization is a subject we have heard and read so much about. Here is the first of a series of monographs designed to unmask the truth behind globalization. Eventually, The UNSPOKEN TRUTH series of booklets will cover a wide array of topics which, like globalization, have far-reaching policy implications. You will find within these pages solid information and stimulating ideas on the whole subject of globalization. Starting with a meaningful normative idea of "globalizing development", the author shows the close interrelationship between globalization and liberalization, how the law of "intellectual property" is inimical to "good" globalization, and how globalization, left unchecked, can undermine the sovereignty of national governments. The book challenges the multilateral organizations such as the World Bank, the International Monetary Fund and the World Trade Organization to stop advocating globalization policies that benefit the developed countries at the expense of the developing countries. In particular, it calls on the United States as the monolithic superpower that is uniquely placed to assume world leadership, to rise above selfish national interests, and confront the challenge of spearheading global equity. The book suggests, however, that the United Nations, for all its shortcomings, is still the body best placed to engineer balanced globalization on a world scale, provided it is reformed in a way that enhances significantly both its power and international prestige. This is my story about receiving an Autism diagnosis for my child. I wrote this in hopes of helping those struggling with a new Autism diagnosis or for those searching for answers and understanding about a disorder that has more questions than answers. With a new baby, a new home, and a new town, Lena should have the fresh start she was looking for. However, for a psychic who speaks to lost spirits, things are never quite normal. The Dark and Hidden Secrets of Brierwood Mental Hospital await, and when they come into the light.....Lena's world is forever changed. A social experiment was conceived. Its goal was to breed the best, the brightest, the most malleable and most obedient soldiers to ever serve. To this end, the Romulan Empire used its own children, blinded by the belief that anything that would bring glory to the praetor was justified. And when the winds of politics changed, these children were abandoned, left to die on a world so horrifying that it was dubbed—by those who dared to cling to life—Hellguard. One wild child, Saavik, was rescued by Spock. He took the half-Vulcan, half-Romulan child home to his parents, knowing that if anyone could reach and rescue Saavik, it was them. Now a Starfleet officer, Saavik has striven to honor her mentor and her Vulcan heritage. But recent events have shaken her. Left behind on Vulcan while the rest of the Enterprise goes to face court-martial for stealing and destroying their ship, the young science officer is adrift when two men from her past confront her. Tolek, another Hellguard survivor, tells Saavik that the survivors are being killed one-by-one and only they can discover who is why. The other, a Romulan who claims to be her father, swears it is the Vulcans who are eliminating the Hellguard survivors because they are an embarrassment to all of Vulcan but that she has the power to stop it, by bringing down the Vulcan ambassador, Sarek.

knowing where to turn, not knowing whom to trust, Saavik must find her own answer and discover who she truly is. The Unspoken Truth about Privatization covers the length and breadth of this interesting topic in nine short essays. The author defines privatization as "the policy or process of converting, wholly or partially, public enterprises to private enterprises" The main characteristics of the public sector and of the private sector are then discussed in turn, as a prelude to an examination of the rationale behind privatization. Once the case for privatization is established, the author proceeds methodically to study the process itself, and concludes that a decision to privatize should be based not on political ideology alone, but on a sober empirical analysis of its expected costs and benefits. One of the book's highlights is the emphasis placed on the importance of the "indirect" costs of privatization, particularly those associated with the use of foreign resources. The presence of foreigners holding key positions in a newly independent state is often resented by the nationals, and may even lead to political instability. Another highlight is a myth exploded: the author denies any automatic link between privatization and democratization. He deplores donors who insist on progress in privatization as a condition for disbursing aid, based on their false belief that more privatization means better democracy. A modern, magical twist on the Gothic Romance and Girl Detective genres, this book will appeal to fans of both Beautiful Creatures and the Mortal Instruments series. Reviewers have praised the take-charge heroine and the spellbinding romance. Bound together. Worlds apart. Kami Glass is in love with someone she's never met—a boy she's talked to in her head since she was born. This has made her an outcast in the sleepy English town of Sorry-in-the-Vale, but she has learned ways to turn that to her advantage. Her life seems to be in order, until disturbing events begin to occur. There have been screams in the woods and the manor overlooking the town has lit up for the first time in 10 years. . . . The Lynburn family, who ruled the town a generation ago and who disappeared without warning, have returned. Now Kami can see that the town she has known and loved all her life is hiding a multitude of secrets—and a murderer. The key to it all just might be the boy in her head. The boy she thought was imaginary is real, and definitely and deliciously dangerous. "A sparkling fantasy that will make you laugh and break your heart." --Cassandra Clare, New York Times bestselling author "A darkly funny, deliciously thrilling Gothic." --Kelley Armstrong, New York Times bestselling author "Readers will laugh, shiver, and maybe even swoon over this modern Gothic novel." --Melissa Marr, New York Times bestselling author "Breathtaking--a compulsive, rocketing read."--Tamora Pierce, New York Times bestselling author "Captures the reader with true magic."--Esther Friesner, author of Nobody's Princess "A laugh-out-loud delight." --Publishers Weekly Men Too: Unspoken Truths About Male Sexual Abuse is for male survivors and their supporters. It is an educational, heart-wrenching look at 13 men's sexual abuse victims experience, written from the perspective of a retired police officer and registered psychologist. I thought of heaven and hell a fool's dream... an old wives' tale. My heaven and hell were here on earth, now I see... I see... Follow a thought provoking journey of self discovery as the author presents you with a collection of poetry that speaks to what many of us have felt and yet were never able to describe in words! If

are a woman who doesn't want to know the truth about the men in your life, then put the book down immediately. Don't even think of reading further. But if you are a woman who believes that knowledge is power, that to be forewarned is to be forearmed, then Smith and Doe are here to give you an unvarnished, no-holds-barred, unadulterated first-time look into the mind of the male animal. You will learn about their sexual fantasies (the real ones), the secrets they keep, and the lies they tell when it comes to sex, love, and fidelity, and what they will and will not do to hold on to the women in their lives. But take heed. As Smith and Doe reveal: "Our sexual fantasies are everything you pray they are not. Our deepest desires are darker than your darkest fears. Our wet dreams are your worst nightmares. This is the book men pray women won't read. Religion is held to be the source of our values and morality, the impetus behind all things good. Yet it sustains an unparalleled acquaintance with death, destruction, and terrorism. And generation after generation we fail to acknowledge, much less explore, this glaring incongruity. Historians have written endlessly on the many origins of religion, and critics have written countless volumes of immeasurable atrocities committed in its name. But here we are in the 21st century, splicing genes and colliding particles at near the speed of light, and we still don't have a coherent understanding of why we practice this most enigmatic of human behaviors. Our technical knowledge, that which reflects the rational side of human behavior, is doubling every couple of years, rapidly increasing the human ability to not just innovate, but to destroy and devastate. Yet our understanding of religion, the only irrational behavior we widely embrace and encourage, has remained virtually unchanged throughout history. The immense significance being, it is our irrational behaviors that have always been and will always be the greatest catalyst for human conflict. Only to the extent we understand emotionally driven behaviors can we mitigate the rapidly growing dangers that naturally accompany our soaring awareness. This book provides the understanding that humanity needs to purge itself of religious conflicts and terrorism the world over. Men and women are completely misunderstood by one another, especially when it involves relationships and dating. The scenarios that compile the *Memoirs of a Gentleman*, convey the unrefined essence of such differences. The *Memoirs of a Gentleman* are a compilation of scenarios which include various personalities, centered around the male perspective. Every experience presented in the *MOAG* involves critical thinking in relation to maintaining a healthy relationship. The *Memoirs* demonstrate the psychological structure of males, and allow the readers to receive a simple grasp on the cognitive thinking and perspective of men. *The Unspoken Truth* was written by Mark D. Ferguson to enlighten the hearts and minds of my good black people through words of inspiration, love and empowerment. How would you go to tell the truth? Congressman McAdams made a promise to his dying grandfather to always tell the truth. Now he must decide between exposing a national secret or move up the political ladder and stay quiet. He has three days to decide which sits in jail. Life is not always black and white and besides when is the truth not really the truth? What are your limits? Once upon a time, when I was a little girl, I was tucked warm and safe in my bed with a loving family to protect me. In the blink of an eye it all changed before my pretty baby blues. The grim reality of a mentally ill mother and a dying brother

had become my nightmare. The reality that ripped my family apart and sent my distraught father running, leaving me to deal with my mother's mania. Left alone with a psychotic mother, I was forced to deal with the horrors that lay before me. I was a scared and confused little girl that had to learn how to survive many tragedies and overcome countless acts of abuse. This is a gripping tale of my childhood. I had to pull deep from within my soul to muster up the strength and courage to survive, with only blind faith and a loss of innocence to lead the way. I was only six when my world came crashing down around me. Read my harrowing story, from a child's point of view; it promises to keep you emotionally invested from start to finish. In "The Unspoken Truth About Marriage" a daring group of married couples have pulled back the veil to share their truth about what it takes to have a successful marriage. They will reveal their testimonies of overcoming struggles that could have landed them in divorce court. Prepare to be inspired, encouraged, and empowered by the Unspoken Truth. THE NEW YORK TIMES BESTSELLER From the Civil War to our combustible present, *White Rage* reframes the continuing conversation about race in America, chronicling the history of the powerful forces opposed to black progress. Since the abolishment of slavery in 1865, every time African Americans have made advances towards full democratic participation, white reaction has fuelled a rollback of any gains. Carefully linking historical flashpoints – from the post-Civil War Black Codes and Jim Crow to expressions of white rage after the election of America's first black president – Carol Anderson renders visible the long lineage of white rage and the different names under which it hides. Compelling and dramatic in the history it relates, *White Rage* adds a vital new dimension to the conversation about race in America. 'Beautifully written and exhaustively researched' CHIMAMANDA NGOZI ADICHIE 'An extraordinarily timely and urgent call to confront the legacy of structural racism' NEW YORK TIMES BOOK REVIEW 'Brilliant' ROBIN DIANGELO, AUTHOR OF *WHITE FRAGILITY* Around the world in the twentieth century, political violence in emerging states gave rise to different kinds of silence within their societies. This book explores the histories of these silences, how they were made, maintained, evaded, and transformed. This book gives a comprehensive view of the ongoing evolutions and multiple faces of silence as a common strand in the struggle of state-building. It begins with chapters that examine the construction of "regimes of silence" as an act of power, and it continues through explorations of the ambiguous lines of speech within communities marked by this violence. It highlights national and transnational attempts to combat state silences, before concluding with a series of considerations of how these regimes of silence continue to be extrapolated in the gaps of records and written history. This volume explores histories of the composed silences of political violence across the emerging states of the late twentieth century, not solely as a present concern of aftermath or retrospection but as a diachronic social and political dimension of violence itself. This book makes a major original contribution to international history, as well as to the study of political terror, human rights violations, social recovery, and historical memory. Bongani and Thando Mthimkhulu are a loving couple, wonderful parents and each running their own successful businesses. They have

all until one chance encounter with a business associate changes the entire course of their lives. It forces them to question the status quo and make drastic changes that end up having a great impact on those closest to them. Will they stay and try to figure out how to exist in the "new normal" or do they follow their hearts and live their truth? In her new role as an elite paranormal investigator, Della Tsang is assigned a twenty-year-old murder case where the prime suspect is her father. I was inspired to write this book because I always reminisce about how I could collectively pull my thoughts together and intertwine my ideas with life experiences. This book includes multiple different genres of poems and stories with different styles and patterns. My goal is to connect with my readers that have been through similar experiences or even express a sense of emotion to catch their attention. Furthermore, covering many aspects such as love, places, actions, Christianity, psychology, and philosophy. They all provide a variety of knowledge. I want to attract many people and their inner feelings through writing freely to be heard using my passion. Hoping through the lessons I learned throughout life I could accomplish to draw the attention of the world. Draws on interviews and conversations with women ages fifty to ninety-five shed new light on sexuality among older women, discussing such topics as what happens with sexual desire after age fifty, how older women keep passion alive, how couples can remain physically intimate in the wake of injury or illness, and more. Original. Are you tired of the mundane topics your co-workers or even family may discuss? Talk of the weather, politics, of work, or topics that are impossible to offend people are boring. Here's a book that won't offend you in one way or another, but in a way that will hopefully stimulate your mind. Let's step out of the elevator with the safe elevator decor, safe elevator music, and the safety of the elevator and step into a room that might hurt your feelings. I guarantee something in this book will rile you up, but let's just have a discussion. I'm not trying to change minds, I'm just trying to escape a world of talking about whether it will snow or not. My Unspoken Truth is a book that explores secrets, lies and deceit, leading to an emotional and domestically violent relationship of a pregnant woman who suffered abuse by the hands of her husband. Finding a way out is easier said than done when you're in a relationship with someone you love. The hardest part is bringing children into a situation where you are now forced to be someone who can look at it from the outside to see what is happening. A domestically violent relationship usually begins with an emotional tearing apart; ripping away your self-esteem, lowering your self-worth, and finally, physical abuse. After years of abuse Simone finds her way out of what could have cost her life. A Wall Street Journal Bestseller "...this guide provides readers with much more than just early careers advice; it can help everyone from interns to CEOs." — a Financial Times top title You've landed a job. Now what? No one tells you how to navigate your first day in a new role. No one tells you how to take ownership, manage expectations, or handle workplace politics. No one tells you how to get promoted. The answers to these professional unknowns lie in the unspoken rules—the certain ways of doing things that managers expect but don't explain and that top performers do but don't realize. The problem is, these rules aren't taught in school. Instead, they get passed down over dinner or from mentor to mentee, making for an unlevel playing field, with the insiders getting

ahead and the outsiders stumbling along through trial and error. Until now. In this practical guide, Gorick Ng, a first-generation college student and Harvard career advisor, demystifies the unspoken rules of work. Ng distills the wisdom he has gathered from over five hundred interviews with professionals across industries and job types about the biggest mistakes people make at work. Loaded with frameworks, checklists, and talking points, the book provides concrete strategies you can apply immediately to your own situation and will help you navigate inevitable questions, such as: How do I manage my time in the face of conflicting priorities? How do I build relationships when I'm working remotely? How do I ask for help without looking incompetent or lazy? *The Unspoken Rules* is the only book you need to perform your best, stand out from your peers, and set yourself up for a fulfilling career.

Diary: The Unspoken Truth is a poetry book based on real-life experiences by the author, Umeko Williams. The *Diary* will take you on a journey that is responsive to anyone's life story. Poetry is the freedom of emotions that vividly describes our emotions.

'Beautifully written and exhaustively researched' CHIMAMANDA NGOZI ADICHIE 'An extraordinarily timely and urgent call to confront the legacy of structural racism' NEW YORK TIMES BOOK REVIEW 'Brilliant' ROBIN DIANGELO, AUTHOR OF *WHITE FRAGILITY*

Real life and fiction meet as Angelica Garnett vividly evokes what it is to grow up in the shadow of an artist. Her family appear in different guises in the stories, but at the centre of each is Garnett herself. She is naïve and foolish as Bettina, desperately seeking acceptance in her grown-ups circle ('When All the Leaves Were Green, My Love'); shy and cautious, but finally disloyal, as Agnes ('Aurore'); a hesitant, uncomfortable Emily ('The Birthday Party'); and a contemplative, even witty older woman, full of appetite and guilt, as Helen ('Friendship'). Spanning an entire life, each story reveals a figure trying to understand her place not only within the polished circle of her family, but in an ever-changing world. Sharply observing a colourful social milieu and the vibrant characters that populate it, these are stories about family and friendships, yet also curdled relationships and small betrayals. A fictional counterpoint to her acclaimed memoir, *Deceived with Kindness*, this is a portrait of a woman seeking an understanding and acceptance of her past. Published with the assistance of BePublished.Org in March 2017, *UNSPOKEN TRUTH OF JARVIS JONES* was presented to the world in literary form by Jarvis Jones in hopes of exemplifying candor and self-acceptance to help others avoid making the same mistakes he did. The envelope delivered to Shelby Cole's Seattle home contains

no return address, just a photograph of a little girl. Shelby knows at once that this is daughter she was told died at birth. And in that moment, Shelby knows something else needs to go back to Bad Luck, Texas. The More You Tell She's not the only one coming home. A long-ago killing is in the news again following recanted testimony. A violent nightmare from Shelby's past has been set free. And she can't shake a suspicion that someone is baiting her, luring her back here for their own ends. The More There Is To Fear Shelby's search for answers is met with stonewalling and hostility. Her only ally is a figure from her past--someone she has every reason not to trust. And in the midst of family revelations she uncovers a terrifying scheme of revenge. Because some secrets spoken, can never be forgotten--or forgiven. . . Dapper Don's journey through his life struggles of losing family members to tragedy, choosing friends over pleasures, dealing with personal vices and periods of cleansing for a better grasp of his own reality will be captivating not only for the youth but those who look for a compelling drama that see take you for a rollercoaster of emotions, not knowing whether the ride will be one of amusement or a shaky vehicle coupled with disgrace and loss of respect from those around him. This book shares an intriguing journey that uncovers the scandalous and thought-provoking tale of family secrets, lies, lust, and abuse. Three marriages, racial tensions, a baby, and a secret affair are only some of the things that have unknowingly plagued Shyrell's family for decades. She's always asked herself "what" and "why?" Never in a million years, would she or her siblings imagine there is a "who?" In this true story, travel with Shyrell as she discovers the truth about her mother's secrets, her marriage, her family, and ultimately herself. After suffering decades of abuse at the hands of her mother, the answer to "who" would surprisingly come through a social media platform five years after her mother's death. The "what" and "why" would take years to finally come together. All the answers to "who, what, and why" had laid dormant for almost 60 years, embedded in the heart and soul of the one person still alive who would unlock Pandora's box to the "Unspoken Truth" of her mother's turbulent past from Charleston to Philadelphia regarding her unknown baby born in 1957. "Who cares who killed Kennedy? Plenty of people die all the time!" once scoffed Noam Chomsky. Americans and people around the world should care about who killed JFK, but also his brother, and possibly his son. The Kennedys are important not for who they were as individuals, or even as a clan, but for what America lost when she was deprived of the leadership, again and again. The Kennedys are important because a rational, comparative study of their murders reveals the ugly truth behind the smoke screen of the "Kennedy curse," and exposes the deep power that has enslaved America ever since. Content: 1. RFK'S False-Flag Assassination 2. JFK and the Samson Option 3. LBJ, Israel's Best Friend 4. Jack Ruby, Gangster for Zion 5. Jim Angleton, Mossad's CIA Asset 6. Joe, the Cursed Peacemaker 7. JFK Jr., the Slain Prince 8. Forrestal, Kennedy's Foreshadow The hardest battles are not those our eyes can see, but rather the subtle attacks of the unknown. The daily battles that manage to leech themselves onto our flaws, disguising themselves as who we are, or who we think we are, are the hardest. Destiny, a young girl completely oblivious to such war, falls victim to the unseen enemies who have made her their special

target. In search of love and acceptance, Destiny's choices, fueled by undirected emotion, leads her to a world of darkness. Greed, envy, trash-filled streets, filthy motel rooms, and alcohol stanching breath - this becomes her world. In a desperate attempt to be accepted, Destiny falls far beneath her character and into the arms of the loveless. Lost, confused, and alone, Destiny finds herself racing towards the only way out of the darkness which consumed her - but her enemies will not give up the fight. The battle has begun. They say it's a small world, yet it feels so big.. We don't always seem to realize the true size of our world until our past starts to catch up to us. We think that we can outgrow things, even places and somehow it draws us back in. Somehow it always seems to catch up to not be apart of us any longer but yet still effect so much of our future. We find ourselves in the very predicaments we try to avoid. And well this seems to be the exact story for two complete strangers, who not only happens to cross paths but to fall for one another in the process. Not truly realizing what they are signing their selves up for, almost total opposites but yet the chemistry is so strong. They both have their secrets, things they are willing to share and others they hope naturally disappear. When Lola meets Dre she feels this is her new start, her new chance at a happy ending, while Dre feels Lola will be the one to save him, help change him, the one to make him a better man But little do they know their past will not just go away that easy and that sometimes with change comes the heartache, the dismay and the TRUTH. In this amazing five part series you will watch Lola & Dre's life spiral out of their control! You will get a chance to walk into their past, their presence and future. You'll fall in love with them then hate them! Their lies you won't believe.. but remember, when things seem too good to be true... It's because they usually are!
