□ Do you want to be a leader instead of a manager? □ Is it your goal to have a positive impact on the world? □ Are you looking to improve your leadership skills to inspire your team? Leadership is the glue that unites the world. Great leaders make an impact on the world, especially positive leaders like Mandela, Gandhi, or John F. Kennedy. We need leaders in our societies, in companies, organizations, family, and even groups of friends to bring people together towards better outcomes. Positive leadership distinguishes successful organizations from the rest. It provides you with the power to unite people around a vision, a vision they will fight for as if it were their own. Inspired and motivated team members are a hundred times more effective than employees driven by money and personal interests. While the first will make the extra mile for the success of the organization, the second will only consider the relationship between their effort and their reward, disregarding the group. “Lead to Leadership” series will teach how to become a great leader, to embrace leadership as a lifestyle, and use it to empower others and improve their lives. You will become a leader at work, with your family and group in your group of friends and you will have the answers to lead them to success. For many years, I have studied and practiced leadership. As an entrepreneur, I understood pretty early that the success of my business would be directly correlated with my leadership skills. After a lot of work and lots of mistakes, I know what works and what does not in terms of leadership approaches, what is important to be a great leader, and how to inspire and motivate my team members. Furthermore, I learned first hand how can you find and develop new leaders in your teams, leaders that will help you spread your vision further than you could ever expect on your own. Positive leadership, with honesty empathy, and initiative, can change the world and make it a better place. I’m glad to share that skill and help you become a leader or simply improve your leadership skills. The “Lead to Leadership” series will teach you everything you need to know to become an inspiring leader. It is composed by two Books- this first ebook “Lead to Leadership: The essence of positive Leadership” will teach you the cornerstones of leadership, the qualities of great leaders with a lot of compelling examples of different styles of leadership, and will start your process of becoming a great leader. The second eBook: “Lead to Leadership: Unleash your inner Leader” will build up the knowledge acquired in the first ebook, complete your personal development as a leader and give you the necessary tools to detect and generate new leaders. Invest in yourself, invest in your success, and start reading and developing this much-needed ability today! A down-to-earth, behind-the-scenes account that goes beyond the usual self-improvement book to put a

human face on the role of leadership in our lives ALL IN, ALL THE TIME For Gary Burnison, CEO of the world's largest executive search firm, these five simple words perfectly capture the essence of great leadership. There can be no half measures. Complete commitment, total engagement, and a powerful sense of personal responsibility are the criteria for true leadership excellence. It's more than a job; it's a way of life. But how do you get there? In this groundbreaking book, Burnison provides the answer. As the leader of Korn/Ferry International, Burnison is particularly well qualified to write a guide to effective leadership. On a personal level, he experiences every day what it's like to be responsible for the lives of others, the careers of his employees, and the expectations of stakeholders. He also deals one-on-one with some of the world's top leaders. In *The Twelve Absolutes of Leadership*, Burnison distills this vast experience into an actionable plan for building world-class leadership skills. You'll learn how to train your focus on the twelve most critical elements of leadership, so you can Establish your vision and develop a strategy for achieving it Inspire your people to embrace the change you envision Measure the effectiveness of your leadership Build powerful teams that are aligned in purpose and strategy Foresee new opportunities and adjust your course to meet them Nothing in business or life generates greater personal satisfaction than affecting peoples' lives in a positive way through excellent leadership. Burnison refers to it as the "eighth wonder of the world." The prospect might seem daunting, but Burnison makes it more accessible than you thought possible. He presents a framework based on enduring human truths, which is applicable in every leadership role and arena. All you have to do is apply it with dedication and determination. You have the ability. Take your first steps to leadership excellence with *The Twelve Absolutes of Leadership*. Praise for *The Twelve Absolutes of Leadership*: "In *The Twelve Absolutes of Leadership*, Gary Burnison captures the timeless principles that leaders must possess, beyond intelligence, courage and heart. These essential elements speak to the integrity and authenticity that underscore all effective leadership." —Carlos Slim, entrepreneur, Investor, and the world's richest man "Only a few good leaders have paused to reflect seriously on being leaders. Xenophon and Ulysses S. Grant did, and now Gary Burnison can be added to the list. This is not a business book. This is a book about the business of life." —P.J. O'Rourke, political satirist, journalist, and author "Gary Burnison has distilled leadership into its essential elements—the absolute truths about leadership that apply in every arena. For those who want to know what leadership is all about, this book has the answers." —Lt. Gen. (Ret.) Franklin "Buster" Hagenbeck "Leadership is the most important ingredient in any successful organization. Gary Burnison explores the essential elements of leadership through conversations with some of the world's most seasoned and accomplished leaders." —Eli Broad, founder of The Broad Foundations, KB Home, and SunAmerica "Gary Burnison's wisdom and insight cut straight to the heart of the matter—to the essential elements of any leadership framework. His stories, observations, and conversations with leaders artfully illustrate these principles, applicable to everyone." —Vicente Fox, former President of Mexico This book will help you see that love and leadership are not mutually exclusive and learn that without love, you cannot be an effective leader. The one action verb most frequently missing from various manifestos on leadership is love. In *Love Leads* Dr. Steve Greene shares real-life examples, principles, and exhortations of the love of a leader. You will discover what it looks like to lead with love--is there a process of love? is tough love really love?--and you will view leadership as it's never been seen before as Dr. Greene dispels the myths and misconceptions many have come to accept about leadership. The real-life principles in this book are fully supported throughout by the actions of God who "so loved that He gave..." leading you to see with new insight that the true essence of leadership is love. Lead for efficacy in these disruptive times! Cultivating a school culture focused on the achievement of students while anticipating change is imperative, but it's tough to keep up with varying leadership demands when it seems like society and technology are constantly changing as well! Moving beyond the skills and tools introduced in the first edition, this revamped second edition features: New organization emphasizing the interconnectivity of the Pillars of Digital Leadership Innovative strategies and leadership practices that enhance school culture and drive learning improvement Updated vignettes from digital leaders who have successfully implemented the included strategies

New online resources, informative graphics, and end of chapter guiding questions To improve your own leadership influence, study the lives of great leaders—you'll find 21 of them in Pat Williams' newest book. Member of the Basketball Hall of Fame, senior vice president of the Orlando Magic, and author of 90 books, Pat Williams has devoted much of his life to the study of leadership—and shares the stories and principles of individuals from George Washington to Nelson Mandela, Billy Graham to Walt Disney, and Margaret Thatcher to Steve Jobs. Organized around Pat's "Seven Sides of Leadership"—Vision, Communication, People Skills, Character, Competence, Boldness, Serving Heart—21 Great Leaders will provide challenge, encouragement, and affirmation for your own leadership journey. The old saying goes, "To the man with a hammer, everything looks like a nail." But anyone who has done any kind of project knows a hammer often isn't enough. The more tools you have at your disposal, the more likely you'll use the right tool for the job - and get it done right. The same is true when it comes to your thinking. The quality of your outcomes depends on the mental models in your head. And most people are going through life with little more than a hammer. Until now. The Great Mental Models: General Thinking Concepts is the first book in The Great Mental Models series designed to upgrade your thinking with the best, most useful and powerful tools so you always have the right one on hand. This volume details nine of the most versatile, all-purpose mental models you can use right away to improve your decision making, productivity, and how clearly you see the world. You will discover what forces govern the universe and how to focus your efforts so you can harness them to your advantage, rather than fight with them or worse yet- ignore them. Upgrade your mental toolbox and get the first volume today. AUTHOR BIOGRAPHY Farnam Street (FS) is one of the world's fastest growing websites, dedicated to helping our readers master the best of what other people have already figured out. We curate, examine and explore the timeless ideas and mental models that history's brightest minds have used to live lives of purpose. Our readers include students, teachers, CEOs, coaches, athletes, artists, leaders, followers, politicians and more. They're not defined by gender, age, income, or politics but rather by a shared passion for avoiding problems, making better decisions, and lifelong learning. AUTHOR HOME Ottawa, Ontario, Canada Drawing on a dozen years of research among managers, officers, and politicians in the public realm and the private sector, among the nonprofits, and in teaching, Heifetz presents clear, concrete prescriptions for anyone who needs to take the lead in almost any situation, under almost any organizational conditions, no matter who is in charge. Awakening A Leader's Soul: Learnings Through Immortal Poems is about "Soulful Leadership," a new human-centric narrative that reimagines the purpose of leadership. This new narrative believes that in today's complex and uncertain world the humanity of leaders is significantly more important than their executive brilliance. Accordingly, with the help of different teachers - the timeless wisdom of immortal poems - the book takes current and future leaders on a transformative journey of reflection and self-awareness to help them understand their own humanity and that of the worlds in which they live, so their leadership journeys can increase the wellbeing and prosperity of the greatest many, including planet earth. And yet the world is different from what it seems to be and we are other than how we see ourselves in our ravings. Czeslaw Milosz, "Ars Poetica" After seeing and hearing themselves in new and different ways, readers can start their own "Soulful Leadership" journeys, using the power and privilege of their leadership positions to make the world a better place. From Nixon to Clinton, Watergate to Whitewater, few Americans have observed the ups and downs of presidential leadership more closely over the past thirty years than David Gergen. A White House adviser to four presidents, both Republican and Democrat, he offers a vivid, behind-the-scenes account of their struggles to exercise power and draws from them key lessons for leaders of the future. Gergen begins Eyewitness to Power with his reminiscence of being the thirty-year-old chief of the White House speechwriting team under Richard Nixon, a young man at the center of the Watergate storm. He analyzes what made Nixon strong -- and then brought him crashing down: Why Nixon was the best global strategist among recent presidents. How others may gain his strategic sense. How Nixon allowed his presidency to spin out of control. Why the demons within destroyed him. What lessons there are in Nixon's disaster. Gergen recounts how President Ford recruited him to help shore

up his White House as special counsel. Here Gergen considers: Why Ford is one of our most underrated presidents. Why his pardon of Nixon was right on the merits but was so mishandled that it cost him his presidency. Even in his brief tenure, Ford offers lessons of leadership for others, as Gergen explains. Though Gergen had worked in two campaigns against him, Ronald Reagan called him back to the White House again, where he served as the Gipper's first director of communications. Here he describes: How Reagan succeeded where others have failed. Why his temperament was more important than his intelligence. How he mastered relations with Congress and the press. The secrets of "the Great Communicator" and why his speeches were the most effective since those of John Kennedy and Franklin Roosevelt. In 1993, Bill Clinton surprised Gergen -- and the political world -- when he recruited the veteran of Republican White Houses to join him as counselor after his early stumbles. Gergen reveals: Why Clinton could have been one of our best presidents but fell short. How the Bill-and-Hillary seesaw rocked the White House. How failures to understand the past brought Ken Starr to the door. Why the new ways in which leadership was developed by the Clinton White House hold out hope, and what dangers they threaten. As the twenty-first century opens, Gergen argues, a new golden age may be dawning in America, but its realization will depend heavily upon the success of a new generation at the top. Drawing upon all his many experiences in the White House, he offers seven key lessons for leaders of the future. What they must have, he says, are: inner mastery; a central, compelling purpose rooted in moral values; a capacity to persuade; skills in working within the system; a fast start; a strong, effective team; and a passion that inspires others to keep the flame alive. Eyewitness to Power is a down-to-earth, authoritative guide to leadership in the tradition of Richard Neustadt's Presidential Power and the Modern Presidents. highly entertaining story about what it takes to be an effective leader. His simple to understand, sometimes humorous, always insightful story will keep your attention from start to finish. This story, based upon extensive research findings should prove to be both entertaining and useful to anyone interested in leading a happier, more productive life. Success is not final, failure is not fatal: it is the courage to continue that counts. Winston Churchill Your time is limited, so don't waste it living someone else's life...And most important, have the courage to follow your heart and intuition. Steve Jobs I learned that courage was not the absence of fear, but the triumph over it. The brave man is not he who does not feel afraid, but he who conquers that fear. Nelson Mandela All our dreams can come true, if we have the courage to pursue them. Walt Disney It is a voyage. Sometimes the journey is in the dark, through a mist or a storm. The trip is guided by a compass, the sun, the stars, the light of the moon, matched by instinct and experience. It is called leadership. In the worst of times leaders struggle to navigate, survive and reach their port of call. In the best of times they glide smoothly across the horizon to success. The wind in their sails that moves them forward fearlessly, relentlessly and without trepidation is called courage. There was a time when the courage to lead was common place. It was found in many quarters. Politicians, small and large captains of commerce and industry, soldiers and sailors, men and women of the cloth and ordinary citizens expressed themselves with bravery, integrity, character and good example. They did so above the call of duty. Some had choices, others did not. Yet in each instance they knew that to lead, to achieve, to succeed they had to be fearless. They were our models. They were our heroes and heroines. It is their example that we need now more than ever. For decades, experts have searched for the formula that produces great leadership. The list is long and intricate. It varies from one setting to another. There is one trait that cuts across all the elements. It is the fundamental quality that unites them...courage. It is the essence of leadership. History is filled with examples of this unique attribute being the driving force of leaders. Courage is not only a special quality. It is a virtue because to exhibit it requires an act of morality. Each day we face moments where we may need to be heroic. It could be to defend a colleague or to tell the truth, or save a life, even if the consequences could be severe. The obstacle to courage is fear. We live in an age of fear. In the public and private sectors, in our everyday lives, we are gripped by insecurity and anxiety. In this work, we tell about people who overcame fear. It is about the great and the unknown, the rich and famous and the forgotten men and women who truly made a difference in our world. Our stories are organized in three parts: - Political Courage is about choices, integrity, honesty and character that affect principles, values, the public good and the conflict between what is best for country vs. what is best for the politician. - Personal and Professional Courage deals with our daily lives and our careers and our ability to confront pain, agony, intimidation, survival and the willingness to do the right thing in the face of opposition, scandal, shame, personal loss and disappointment. - Spiritual Courage concerns our place in the universe, believing in a higher being and understanding that we are on a mission to improve the lot of mankind and the world. It is living beyond ourselves and for others. From the President to the longshoreman to the fisherman, the peddler to the baseball player, to the nun and the holy man in India, each needed courage to lead themselves and others and each led with conviction and bravery. Their words, their lives are as meaningful to us today as they were years, decades or centuries ago. They are our models and our heroes and heroines to look up to and emulate. You gain strength, courage, and confidence by every experience in which you really stop to look fear in the face. You are able to say to yourself, 'I lived through this horror. I can take the next thing that comes along.' Eleanor Roosevelt "MAHAMANTRA-The essence of Leadership, inculcating the theme of the DASHAVATARA-10 AVATAR SPIRITS, for young and budding leaders to imbibe the same for improvising themselves to transform into true leaders exhibiting the skill sets of a competent professional. Planting Seeds for Change. The New York Times bestseller by the acclaimed, bestselling author of Start With Why and Together is Better. Now with an expanded chapter and appendix on leading millennials, based on Simon Sinek's viral video "Millenials in the workplace" (150+ million views). Imagine a world where almost everyone wakes up inspired to go to work, feels trusted and valued during the day, then returns home feeling fulfilled. This is not a crazy, idealized notion. Today, in many successful organizations, great leaders create environments in which people naturally work together to do remarkable things. In his work with organizations around the world, Simon Sinek noticed that some teams trust each other so deeply that they would literally put their lives on the line for each other. Other teams, no matter what incentives are offered, are doomed to infighting, fragmentation and failure. Why? The answer became clear during a conversation with a Marine Corps general. "Officers eat last," he said. Sinek watched as the most junior Marines ate first while the most senior Marines took their place at the back of the line. What's symbolic in the chow hall is deadly serious on the battlefield: Great leaders sacrifice their own comfort--even their own survival--for the good of those in their care. Too many workplaces are driven by cynicism, paranoia, and self-interest. But the best ones foster trust and cooperation because their leaders build what Sinek calls a "Circle of Safety" that separates the security inside the team from the challenges outside. Sinek illustrates his ideas with fascinating true stories that range from the military to big business, from government to investment banking. From antiquity, the history of China has been marked by invading tribes, warring states, and popular uprisings. This heritage of conflict produced a body of martial literature exploring the fundamental principles of warfare and their methods of employment. Fully aware of the tragic consequences of battle, the authors of these texts emphasized that bloodshed and war should be avoided whenever possible. But, they argued, this is possible only when the principles of leadership and strategy have been mastered and the dynamics of conflict thoroughly analyzed. Over the centuries, these texts have been studied throughout Asia, not only by generals on the battlefield but by leaders of all kinds concerned with the management of human conflict in all its forms. The Essence of War presents eight of these classics (written from 500 B.C.E. to 700 C.E.), including Sun-tzu's Art of War and Sun Pin's Military Methods. The book introduces the core principles of Chinese military science, grouping selected passages and key quotations into five thematic sections encompassing forty-one topical chapters: Fundamentals, Tao of Warfare, Tao of Command, Tactical Essentials, and Tactical Specifics. Translator Ralph D. Sawyer provides here a concise introduction to Chinese military thought and influential materials not only of traditional import, but also for contemporary study and enduring value in both business and military circles throughout the world. The impression you make as a leader has the power to build, enhance, or sabotage your authority and ideas. Discover how to convey the essence of leadership with every interaction. Every communication leaders make—speaking, writing, posting, sharing, and even listening—has the power to either secure or sabotage their impact. But wanting to inspire and engage their team and knowing how to do it are two different things. In this book, Joel Schwartzberg suggests mindsets, tactics, tips, and examples

to help readers reach that goal using the most powerful leadership tool available: a leader's voice. Whether managers are giving speeches, telling stories, sending emails, posting messages, recording videos, or running Zoom meetings, these are essential tools for establishing authority and galvanizing an audience. Readers will learn how to inspire instead of inform, communicate with purpose and power, and sell—not just share—their most important ideas. With an introduction on using the principles of *The Servant* in your life and career, this book redefines what it means to be a leader. In this absorbing tale, you watch the timeless principles of servant leadership unfold through the story of John Daily, a businessman whose outwardly successful life is spiraling out of control. He is failing miserably in each of his leadership roles as boss, husband, father, and coach. To get his life back on track, he reluctantly attends a weeklong leadership retreat at a remote Benedictine monastery. To John's surprise, the monk leading the seminar is a former business executive and Wall Street legend. Taking John under his wing, the monk guides him to a realization that is simple yet profound: The true foundation of leadership is not power, but authority, which is built upon relationships, love, service, and sacrifice. Along with John, you will learn that the principles in this book are neither new nor complex. They don't demand special talents; they are simply based on strengthening the bonds of respect, responsibility, and caring with the people around you. The Servant's message can be applied by anyone, anywhere—at home or at work. If you are tired of books that lecture instead of teach; if you are searching for ways to improve your leadership skills; if you want to understand the timeless virtues that lead to lasting and meaningful success, then this book is one you cannot afford to miss. Arguing that most leadership books address leadership secrets rather than leadership standards, a guide to the character of leadership identifies Jesus as a perfect role model and encourages readers to emulate Him for greater peace and joy. Written by a team of leading experts in leadership studies, *The Nature of Leadership* provides compelling answers to the most vexing questions surrounding leadership: Is leadership measurable? Are there traits that reliably distinguish leaders from nonleaders? Does the situation matter? Are there differences in women's and men's leadership styles? Is ethical leadership effective leadership? Are elements of leadership culturally bounded whereas other elements are universal? Does vision really matter? Can leadership be developed? The new volume includes 16 chapters divided into five parts: Introduction, Leadership: Science, Nature, and Nurture; The Major Schools of Leadership; Special Topics in Leadership; and Conclusion. Topical coverage within these parts include research methods, leader and leadership development, evolutionary and biological perspectives of leadership, individual differences, situational and contingency theories, transformational, charismatic, and shared leadership, followership, gender, identity, culture, and ethics. If you take a chain, pile it up and then push it, what direction will it go? Nowhere you can predict and not very far. If you take it by the end and pull it, which way will it go? It will follow you. Leadership is not about what sets you apart from those you lead—it's about what binds you together. It is not about controlling others—it's about trusting others. It's not about your achievements—it's about unleashing your team's greatness. In short, leadership really isn't about you—it's about your people. Take Bob Davids, co-author of this book and successful leader of six businesses in fields as diverse as engineering and winemaking. His achievements often came thanks to being able to refrain from acting when others might have found intervening irresistible. By trusting his employees to be better than him in their area of responsibility and letting them act, Bob unleashed the human greatness that no one else—including employees themselves—suspected. Yet to lead without acting does not mean doing nothing. It means creating conditions in which things happen by themselves. Leadership Without Ego

Drawing on his experience helping the world's top tech executives excel at make-or-break investor presentations, he shows how to dump those PowerPoint templates, tell compelling stories that focus on what's in it for the audience, and get action! In *How to Keep Score in Business*, long-time CEO Robert Follett helps you capture crucial insights buried in balance sheets, income statements, and other key reports. Follett shows how to apply core tools for analyzing financial reports and investment opportunities and demystifies accounting terms every decision-maker should know. Finally, in *The Truth About Managing People, Third Edition*, Stephen P. Robbins distills management to its essence, sharing 61 proven principles and real solutions for the make-or-break problems faced by every manager. You'll learn how to overcome the true obstacles to teamwork... why too much communication can be as dangerous as too little... how to improve hiring and employee evaluations... heal "layoff survivor sickness"... manage a diverse culture... lead effectively in a digital world... get past age stereotypes... and much more! From world-renowned leaders and performance experts Terry J. Fadem, Leigh L. Thompson, Jerry Weissman, Robert Follett, and Stephen Robbins In this offbeat approach to leadership, college president Steven B. Sample—the man who turned the University of Southern California into one of the most respected and highly rated universities in the country—challenges many conventional teachings on the subject. Here, Sample outlines an iconoclastic style of leadership that flies in the face of current leadership thought, but a style that unquestionably works, nevertheless. Sample urges leaders and aspiring leaders to focus on some key counterintuitive truths. He offers his own down-to-earth, homespun, and often provocative advice on some complex and thoughtful issues. And he provides many practical, if controversial, tactics for successful leadership, suggesting, among other things, that leaders should sometimes compromise their principles, not read everything that comes across their desks, and always put off decisions. An advisor to Nixon and later presidents discusses seven elements of presidential leadership: personal character, moral vision, political skills, media savvy, judgement in choosing advisors, and an interest in leaving a legacy. If leading and following were non-personal, who would you be? This book is a down-to-earth invitation to implement a spiritual, innovative and sustainable leadership dynamic to our personal and professional lives. Understanding leadership is really about understanding life, and this starts with gaining an understanding of the self. Traditional management approaches, based on 'scientific' analysis, cannot contribute much towards understanding

leadership. This book shows how leadership can be better understood by reading and interpreting masterpieces of world literature, and relating them to leadership issues. The book starts with Cervantes' masterpiece Don Quixote, whose main character asserts, 'I know who I am', and believes in himself. This is followed by other works to highlight important issues: ambition and purpose in Chinua Achebe's Things Fall Apart, faith vs. reason in Bertolt Brecht's The Life of Galileo, awakening the human spirit in Bernard Shaw's Saint Joan, authenticity in Girish Karnad's Tughlaq, and the old Sanskrit play Mudra Rakshasa by Visakhadatta, leaders and society in Arthur Miller's All My Sons, the role of illusions in Ibsen's The Wild Duck, taking a stand in A Dolls' House, the epic Mahabharata for development of perspective, and Herman Hesse's Siddhartha for understanding the process of self-development and realisation of one's potential. Based on the experience of the authors teaching a course on leadership for the last 20 years at the Indian Institute of Management, Ahmedabad, this is an enlightening and illuminating read for both academicians and corporate leaders. Leadership has gone through many changes in the last couple of decades. We have realized that outstanding leadership is not about being authoritarian and exercising control. It is not only about the intelligence quotient (IQ) but also about emotional intelligence. To be an exceptional leader, you need several essential skills, all of which you can learn. The skills are nuanced with emotional intelligence, which you can gain. This book is unique: the author weaves leadership ideas with the song titles of The Beatles, making this book fun, playful, thoughtful, and valuable. Each chapter is organized with the key message on a leadership attribute prompted by a Beatles' song title, tips on becoming better on the topic, a practice suggestion, questions to ask yourself to think about the message, and resources for more reading. The author begins each chapter with how and why she chose the song and includes fun facts. It's an engaging book that blends the words of perhaps the greatest rock band ever—The Beatles—with the basic principles for becoming a better leader. You were born to lead. Now it's time to become a leader. Leaders may be found in boardrooms, but they may also be found in families, schools, and organizations of all kinds—anywhere people interact, nurture, create, or build. Contrary to popular opinion, leadership is not meant for an elite group of people who, by fate or accident, become leaders while everyone else is consigned to being a lifelong follower. After personally training thousands of leaders from around the world, best-selling author Dr. Myles Munroe reports that while every person possesses the potential of leadership, many do not understand how to cultivate the leadership nature and how to apply it to their lives. In The Spirit of Leadership, Dr. Munroe defines the unique attitudes that all effective leaders exhibit, explains how to eliminate hindrances to your leadership abilities, and helps you to fulfill your particular calling in life. "...a defining portrait of true and effective leadership. On these pages you will discover your purpose, your passion, and your potential to become the leader God has destined you to be." —Pastor John Hagee, Cornerstone Church "[Dr Myles Munroe's] wisdom is to the believer what a phone booth was to Superman! Step into every page and be charged!" —Bishop T. D. Jakes, The Potter's House of Dallas "The world is groaning in travail, waiting for the manifestation of those who will rise up as followers of God and leaders of men.... Dr. Myles Munroe will give you invaluable insight in your quest to discover and develop the spirit of a leader." —Pastor Rod Parsley, World Harvest Church "Are you aware that God has ordained you to be a leader? In The Spirit of Leadership, Dr. Myles Munroe gives us the key to find the hidden leader within ourselves. I highly recommend this inspired book to all." —Paul F. Crouch, Trinity Broadcasting Network "In The Spirit of Leadership, Dr. Myles Munroe taps into the core truths of authentic, successful leadership. Through decades of study and careful observation, Dr. Munroe has identified the key—the missing ingredient that activates the potential to lead found within every human being." —Marilyn Hickey, Marilyn Hickey Ministries "Relationships are fundamental to life and to making a positive impact on others. Dr. Merritt enlightens with his wisdom and teaches with his knowledge about the steps to building better relationships. Don't just read it; put his advice into practice!" S. Truett Cathy Founder and Chairman, Chick-fil-A, Inc. "How to Be a Winner and Influence Anybody is a valuable tool to have on the journey toward 'sweet success.' In a world where accomplishment and influence are often measured by the absence of failure and the things we acquire, James

Merritt refocuses our eyes and hearts using a power principle from God's Word-the fruit of the Spirit. This book pinpoints ways to find fulfillment and purpose in your life by showing ways to establish meaningful relationships with others." John C. Maxwell Founder, The INJOY Group "Dr. James Merritt spoke to our football team prior to our game against Georgia Tech in 2001. He is a tremendous communicator, and I can see why he is an expert on relationships. In this book, he talks about many types of important relationships, including the most important relationship a person can have-that with Jesus Christ." Mark Richt Head Football Coach, University of Georgia "Dr. James Merritt has written a classic. I am a compulsive reader of success, inspirational, and motivational books. They don't get any better than this one!" Pat Williams Senior Vice President, Orlando Magic Dr. James Merritt is the Senior Pastor and Founder of Cross Pointe, The Church at Gwinnett Center, located in Duluth, Georgia, and hosts the international broadcast ministry Touching Lives, which airs in all 50 states and in 122 countries around the world, as well as touching every continent through the world-wide web at [www.touchinglives.org](http://www.touchinglives.org). Dr. Merritt and his wife, Teresa, reside just outside Atlanta, Georgia. Based on recent research, this volume examines a wide range of leadership issues and looks at best practice as exhibited by global business leaders. This guide offers a different approach from the misleading formulae for success offered by much self-help business literature. The authors believe that in today's turbulent competitive environment, it is necessary to embrace uncertainty and set more realistic expectations. The Essence of Leadership is book three in this image driven, inspirational, motivational series. In Mac's first two books, the focus was on what it takes to obtain true success in life and how to achieve the right kind of attitude. Both previous books used inspirational stories and described the importance of how to achieve personal progress through character traits and godly living-all of this reinforced by the power of inspiring and striking imagery. In The Essence of Leadership, Mac takes a similar approach to direct readers to achieve personal success through integrity, ethics, loyalty, persistence, faith matters, and many more character traits that form the leader within a person.
