Asculapius, Your Owner's Manual Aug 30 2022 Get it right the first time! John Humphrey Millar, now in his 103rd year, has written a non-fiction health booklet: a "user-friendly" manual on how to protect one's immune system to ensure a long and healthy life. This

information has been gathered from his own personal experience. His impressive ability to overcome obstacles and achieve results has encouraged him to write this common sense 76-page manual. This work, entitled *ASCULAPIUS, Your Owner's Manual*, is accessible to a mass audience, especially people who wish to care and maintain his or her body in good condition. It will assist in techniques to increase life span, by eating the correct food, taking nutritional supplements and daily exercise to protect oneself from illness. The purpose of this book is to remind each one of us that we are responsible for planning and carrying out care and maintenance of our body. We can slow down the damage and start repairs today. We hope that *ASCULAPIUS, Your Owner's Manual* sparks this kind of enthusiasm in our readers, and shows them how much all of us can learn about ageing, not only from books such as this one, but from the intelligence and wisdom of John H. Millar, a centenarian who has lived a long, enjoyable, passionate and healthy life.

Remote Viewing Feb 21 2022 Is it possible to see across space and time? Even those who accept that humans can reach beyond the conventional five senses typically think of psychics as "special" or "gifted" with unusual abilities. But David Morehouse teaches otherwise—all human beings, including you, have the innate capacity for remote viewing. David Morehouse was trained by the U.S. government in remote viewing—an exact scientific protocol for tapping the human power to gather information across space and time. In this comprehensive manual, he has taken his military training as an "operational" remote viewer and turned it into a step-by-step training system—one that teaches any serious reader how to unlock their natural abilities and become more than the physical world allows. Remote Viewing includes more than just a method for gathering information. It is a transformational tool instilling within you the absolute and irrefutable evidence that you are more than human—that you are extraordinarily human. As you gain experience and confidence as a viewer, you will tap into the collective unconscious that connects you to everything and everyone in the universe. Through David Morehouse's training, you will learn to touch the infinite source of life and knowledge that spiritual masters throughout human history have sought. David Morehouse's superiors in the DIA/CIA called him "the most exceptional candidate ever to

have grasped this difficult intelligence collection methodology." What sets him apart as a teacher is his unparalleled ability to present the complexities of remote viewing in an accessible, logical, and artful manner. As more than 23,000 students have already discovered, David Morehouse has set a new and brilliant standard for teaching the scientific protocol of remote viewing. "You have the ability to do this," Morehouse says. "Something extraordinary is absolutely possible in your life." Now for the first time, he brings you his method for taking your first step into your ultimate potential in a single volume: Remote Viewing: The Complete User's Manual for Coordinate Remote Viewing, which also include a cool-down audio track. David Morehouse has found that this psychoacoustic "pink noise" track is especially effective for helping us enter the brainwave state of relaxed awareness needed for remote viewing.
