The Answer to Life's Final Exam* takes the reader or Bible study group through six lessons concerning the gospel and the purpose of life itself. A free Study Guide is available at the publisher's website, whitecapsmedia.com. From the New York Times bestselling author of *Deacon King Kong* and *The Good Lord Bird*, winner of the National Book Award for Fiction: The modern classic that Oprah.com calls one of the best memoirs of a generation and that launched James McBride's literary career. More than two years on The New York Times bestseller

list. As a boy in Brooklyn's Red Hook projects, James McBride knew his mother was different. But when he asked her about it, she'd simply say 'I'm light-skinned.' Later he wondered if he was different too, and asked his mother if he was black or white. 'You're a human being! Educate yourself or you'll be a nobody!' she snapped back. And when James asked about God, she told him 'God is the color of water.' This is the remarkable story of an eccentric and determined woman: a rabbi's daughter, born in Poland and raised in the Deep South who fled to Harlem, married a black preacher, founded a Baptist church and put twelve children

through college. A celebration of resilience, faith and forgiveness, *The Color of Water* is an eloquent exploration of what family really means. If you're currently a college student, or plan on being one, you need to check out this book. Written by award-winning professors Lynn Jacobs and Jeremy Hyman, it's loaded with insider information that only professors know--but few are willing to reveal. The over 600 tips in this book will show you: How to pick good courses and avoid bad professors How to develop "college-level" skills and habits that'll put you ahead of the pack How to get through the freshman comp, math, language, and lab science

requirements--in one try How to figure out what's going to be on the tests, and what professors are looking for in papers and presentations How to pick a major you'll really like--and be good at How to get the edge for graduate school--or the inside track to a really good job And much more. The tips are quick and easy-to-use, and the advice is friendly and supportive. It's as if you had your own personal professor guiding you on the path to college success. the principal's office and wrestled the scissors-wielding principal off the long-haired boy, whose mother was killed the night before. As assistant principal, he felt like a traitor as he watched two sheriff deputies beat up one of his trusting students. He dealt with a teenager whose tardy excuse was that a bird landed on his head and wouldn't let go. Mr. A erred in judgment, the results of which ended with a bloody, pulverized fourteen-year-old. Did the teenager Mr. A identified as a potential shooter pull it off? These and other episodes tell what's inside the walls, and behind the scenes, of public schools. By reading the tell-all chapters in this book,

you will hear the staff and students try to make their way through Mr. A's classroom and assistant principal's office, and the halls of "Westmont High." You'll be with him as he counsels athletes. The author has been through it all during his forty-three years of education. He has left a footprint on six decades, from 1959 through 2003. Mr. A tells true stories that will make you cry, laugh, and shudder. Mr. A's Final Exam is a necessary read for anyone who is considering becoming a teacher and anyone who is one or has been one. Parents, as well, will find this candid view most revealing. The readers will learn about the

weaknesses of the education process in our public schools. The book is a compilation of amusing and not so amusing anecdotes and Mr. A's candid views of public school administration.
