Thomas Hahn's work laid the foundations for medieval romance studies to embrace the study of alterity and hybridity within Middle English literature. His contributions to scholarship brought Robin Hood studies into the critical mainstream, normalized the study of historically marginalized literature and peoples, and encouraged scholars to view medieval readers as actively encountering others and exploring themselves. This volume employs his methodologies - careful attention to texts and their contexts, cross-cultural readings, and theoretically-informed analysis - to highlight the literary culture of late medieval England afresh. Addressing long-established canonical works such as Chaucer, Christine de Pizan, and Malory alongside understudied traditions and manuscripts, this book will be of interest to literary scholars of the later Middle Ages who, like Hahn, work across boundaries of genre, tradition, and chronology. USA Today bestselling author Eva Pohler's The Underworld Saga Bonus Box Set contains Charon's Quest, Persephone, and Gods of Olympus--full-length novels that share the world of The Underworld Saga and can be read before or after the other books in the series. About Charon's Quest: Apollo has had a vision: as the life of each soul flashes before Charon's eyes, the ferryman ages like an old man. Charon needs to experience his own adventures to become youthful again, or he will soon die. The last thing Charon expects is to fall in love with a mortal woman--someone he can't take with him when he returns. Charon must decide whether to abandon the love of his life or his duties. About Persephone: Unrest brews among gods and mortals alike when Hades makes a deal with the Fates to end his loneliness in the Underworld. But when Persephone proposes to conspire with him in a plot against Demeter, things get out of hand. Find out the truth of how Hades and Persephone met and fell in love and the impact it had on the rest of the pantheon in the throes of the Trojan War. Learn how their children--Hypnos, Thanatos, Megaera, Tisiphone, Alecto, and Melinoe--came into being. Discover why they were assigned their respective duties as Sleep, Death, the Furies, and the goddess of ghosts. Find out the real reason why the Olympians possessed

such profound disdain for these Underworld gods. About Gods of Olympus: You are the main character in this encounter with the Olympians. Throughout the narrative, you make choices that change the course of the story. Which god or goddess will Cupid make your love interest? You decide. Then, to prove you're worthy to become immortal, so that you can remain with your love interest, will you face Cerberus or the Hydra? Will you offer cakes or strike with the sword loaned to you by Athena? How will you steal a golden apple from the garden of the Hesperides, and who will help you through the Minotaur's labyrinth, and which god or goddess will comfort you if you fail? Enjoy dozens of adventures in a single book! Five adventures of Horatio Hornblower collected here for the first time. These stories about his daring exploits and challenging discoveries were published separately from the Hornblower Saga. Here the author has given free reign to his character - creating unique circumstances to further the development of Hornblower's character and provide new insights. April 1803. The Peace of Amiens is breaking down. Napoleon is building ships and amassing an army just across the Channel. Horatio Hornblower--who, at age twenty-seven, has already distinguished himself as one of the most daring and resourceful officers in the Royal Navy--commands the three-masted Hotspur on a dangerous reconnaissance mission that evolves, as war breaks out, into a series of spectacular confrontations. All the while, the introspective young commander struggles to understand his new bride and mother-in-law, his officers and crew, and his own "accursed unhappy temperament"--matters that trouble him more, perhaps, than any of Bonaparte's cannonballs. The thrilling adventures continue for Therese, Than, Jen, and Hip in this next box set. Just when things were looking up for Than and Therese, everything crumbles. Eighteen-year-old Therese Mills has second thoughts about marrying Thanatos when she learns that no god has ever been faithful to his wife. But before she can move out of Than's rooms and into Hecate's, the Underworld is attacked, she and her friends are crushed, the souls are unleashed, and a malevolent goddess threatens to unhinge Mount Olympus. Hypnos has just made a deal with Hades to have his turn in the Upperworld, but before he can tempt Jen

with a kiss, he's called back to rebind the souls and defend the House of Hades, and he unwittingly puts Jen and her family in harm's way. Can Hip, Than, and Therese save the living and the dead? \*Formerly The Gatekeeper's Trilogy II "I caught myself holding my breath alot. Clear all moorings, one-half impulse power and set course for a mare incognitum... A popular culture artifact of the New Frontier/Space Race era, Star Trek is often mistakenly viewed as a Space Western. However, the Western format is not what governs the worldbuilding of Star Trek, which was, after all, also pitched as "Hornblower in space." Star Trek is modeled on the world of the "British Golden Age of Sail" as it is commonly found in the genre of sea fiction. This book re-historicizes and remaps the origins of the franchise and subsequently the entirety of its fictional world—the Star Trek continuum—on an as yet uncharted transatlantic bearing. During the past thirty years, the editors of the Hudson Review have observed a trend among some of the best literary essayists and reviewers to situate their criticism in a deeply personal

manner as opposed to the theoretical, technocratic work being produced in many literary and academic publications. Over time, the Hudson Review became a home for this kind of accessible, memoirist writing. Literary Awakenings collects eighteen essays published over the last three decades that celebrate the writer's relationship with literature, one that is deeply shaped by experience and remembrance. The essays gathered here recall disparate awakenings to the influence of literature and discoveries of the many ways in which it enriches nearly every aspect of our lives. Antonio Muñoz Molina describes his education as a writer and a citizen as a form of protest against Franco's totalitarian regime in Spain. Drawing upon Huckleberry Finn, Wendell Berry meditates on the impulse to escape that literature often invokes, and Judith Pascoe's tribute to Clarissa confesses to the appeal of reading select literature that initiates one into an exclusive coterie of people. What unites these diverse contributions is the joy of appreciation, the pleasures of engaging with literature. Hornblower Saga; Vol 5; Dec 1805 - Jan 1808 Hornblower is called upon to act as a bargeman while traveling with his wife and baby son to London where he is to take command of the Atropos. Soon he is recovering treasure that lies deep in Turkish waters and challenging a Spanish frigate. The tragic last expedition of Cristo Columbus to the new world told through the eyes of Don Narciso Rich, a lawyer by trade, sent by the crown to investigate conditions and provide supervision. Jealousies, treachery, unpreparedness, and ignorance wreck colonization plans and challenge Rich to his utmost. A Horatio Hornblower Tale of the Sea May, 1810 - and thirty-nine-year-old Captain Horatio Hornblower has been handed his first ship of the line . . . Though the seventy-four-gun HMS Sutherland is 'the ugliest and least desirable two-decker in the Navy' and a crew shortage means he must recruit two hundred and fifty landlubbers, Hornblower knows that by the time Sutherland and her squadron reach the blockaded Catalonian coast every seaman will do his duty. But with daring raids against the French army and navy to be made, it will take all Hornblower's seamanship - and stewardship - to steer a steady course to victory and home . . . This is the sixth of eleven

Maas, and for girls who love all things pretty, romantic and inspirational. One moment. One foolish desire. One mistake. And Corinthe lost everything. She fell from her tranquil life in Pylalis Terra and found herself exiled to the human world. Her punishment? To make sure people's fates unfold according to plan. Now, years later, Corinthe has one last assignment: kill Lucas Kaller. His death will be her ticket home. But for the first time, Corinthe feels a tingle of doubt. It begins as a lump in her throat, then grows toward her heart, and suddenly she feels like she is falling all over again--this time for a boy she knows she can never have. Because it is written: one of them must live, and one of them must die. In a universe where every moment, every second, every fate has already been decided, where does love fit in? depiction of naval warfare and specific campaigns and actions of the Napoleonic period with actual procedures, events, and outcomes. In addition, Sternlicht offers readings and historical background to Forester's two other great historical novels, *The African Queen* and *The General*. Young Charles Randall grew up during WWI facing the terror of the trenches, choosing poorly in love, and discovering within himself an inventiveness that brought financial success. Bush are to be tried and executed in Paris as part of Napoleon's attempts to rally the war-weary Empire. Even if Hornblower can escape this fate and make it safe to England, he still faces court-martial for surrendering his ship. With little hope for the future and little left to lose, Hornblower throws caution to the wind once more. This is the seventh of eleven books chronicling the adventures of C. S. Forester's inimitable nautical hero, Horatio Hornblower. 'A joyous creation, perfection in words' Conn Iggulden Use the internet like a real spy. *Untangling the Web* is the National Security Agency's once-classified guide to finding information on the internet. This quote from the authors hints at the investigative power of the techniques this book teaches: Nothing I am going to describe to you is illegal, nor does it in any way involve accessing unauthorized data, [...but] involves using publicly available search engines to access publicly available information that almost certainly was not intended for public distribution. From search strings that will reveal secret documents from South Africa ( filetype: xls site: za confidential ) to tracking down tables of Russian passwords ( filetype: xls site: ru login ), this is both an instructive and voyeuristic look at how the most powerful spy agency in the world uses Google. The popular novelist provides a historical naval context to the adventures of the hero of his many books, Horatio Hornblower, with thirty-one full-page maps to help the reader follow Hornblower's world travels and decorative sketches to convey the atmosphere Volume 1 of the Hornblower Saga (Jan 1793 - Nov 1797) Volume One of the enormously popular Horatio Hornblower Saga. Duels, imprisonment, shipwrecked sailors, naval battles - challenges that spawn one of literature's best loved heroes -- this is where it all begins. The world is at the brink of ruin . . . or is it salvation? Astaroth has been weakened, and the demon Prusias is taking full advantage of the situation to create an empire of his own. His formidable armies are on the move, and Rowan is in their sights. Rowan must rely on Max McDaniels and David Menlo and hope that their combined powers can stop Prusias's war machine before it's too late. But even as perils loom, danger stalks their every move. Someone has marked Max for death and no one is above suspicion. Should the assassins succeed, Rowan's fate may depend on little Mina whose abilities are prodigious but largely untested. And where is Astaroth? Has he fled this world or is he biding his time, awaiting his next opportunity? In the Tapestry's fourth book, author-illustrator Henry

H. Neff boldly raises the stakes in an epic tale of mankind's struggle to survive in a world now populated by demons and demigods and everything in between! A commander of a German U boat UB-116 plans and executes a suicide attack on the British fleet in Scapa Flow in the final days of WW I. Based on real events and well researched, there can be no victory for the crew. The moral dilemma is agonizing, but clear. Honor or dishonor, but at what price? From 1807 until 1814, armies from Napoleon's empire fought the allied powers of Spain, Britain and Portugal for control of the Iberian Peninsula. The Peninsular Wars or Guerra de la Independencia ("War of Independence") contributed considerably to Napoleon's eventual downfall; but until 1813 the conflict in Spain and Portugal, though costly, exercised only an indirect effect upon the progress of French affairs in central and eastern Europe. From the drama of this brutal war of liberation, author C.S. Forester tells the story of a gun -- a remarkable cannon, an immense eighteen-pounder, used by local townspeople in the rebellion against the French until they are forced to hide it beneath a pile of stone to prevent its capture. Years later, a group of guerrilleros learn about its location and seize it for their cause. The colossal gun, though highly valued, creates colossal challenges to those responsible for its transportation and defense. Over time the great gun falls under the control of a series of guerrilla leaders; each achieves strong leadership through his connection to the gun, and each is eventually captured and executed or killed in battle until the gun finally comes under the control of the 18-year-old Jorge, who emerges as an untrained but naturally gifted leader and tactician. The exploits of the Spanish irregulars under Jorge eventually lead to the diversion of a large body of French troops from their fight against the Peninsular allies and thus help win the war. Introducing the gallant hero of "Beat to Quarters," Captain Hornblower, in the first of a series of grand adventures. For his first command after escaping from France, Hornblower is given charge of the royal yacht - and he soon requires all his skill and instinct to prevent disaster!
