The financial services industry has a dark secret, one that costs global investors about \$2.5 trillion per year. This secret quietly drains the investment portfolios and retirement accounts of almost every investor. In 1900, French mathematician, Louis Bachelier, unsuspectingly revealed this disturbing fact to the world. Since then, hundreds of academic studies have supported Bachelier's findings. This book offers overwhelming proof of this, and shows investors how to obtain their optimal rate of return by matching their risk capacity to an appropriate risk exposure. A globally diversified portfolio of index funds is the optimal way to accomplish this. Index Funds is the treatment of choice for wayward investors. Below market returns in investment portfolios and pension accounts are the result of investors gambling with their hard earned money. This 12-Step Program will put active investors on the road to recovery. Each step is designed to bring investors closer to embracing a prudent and sound strategy of buying, holding, and rebalancing an index portfolio. This book is for anyone who wants to get out of a painful internal or interpersonal cycle and seek a better way of living. The 12-Step model for recovery and healing has helped millions of addicts worldwide not only find and maintain sobriety but live healthier, happier, more intimately connected lives. But for some reason, this formula has never taken root beyond the recovering addict community. Until now. Kristin M. Snowden, a non-addict and therapist, and Scott Brassart, a long-recovering addict and author, have both worked and benefitted from the 12 Steps. And they have both wondered why-when it is so clear to them that the 12 Steps can help any person (addicted or not)-this proven program for healthy change is not more widely utilized. That is why Life Anonymous was written, with Kristin and Scott using their personal and professional journeys to show how every person can use the 12 Steps to ignite profound change. You don't need to be an addict and you don't need extreme or obvious symptoms such as debilitating depression or anxiety to get something meaningful from this book. You don't even need to be in relationship with an addict. The simple truth is that people in deep struggle can appear to be quite high functioning. The 12 Steps are about identifying what is not working in our lives and making changes to better both ourselves and our relationships. Ultimately, healthy connection with self and others is what it's all about. Whoever you are, whatever your situation, your life can be better. Much better. And the 12 Step process described in these pages can help you make that happen. Written by a lung cancer survivor who understands what it takes to beat the odds, this book offers unparalleled hope and direction for anyone facing this illness. It is filled with specific exercises and techniques to promote healing and reverse side effects by taking a pro-active approach in helping to restore your mind, body and spirit to an optimum state of health. Endorsed by a Lung Cancer Specialist and Associate Professor at Harvard Medical School, this book combines what the doctors tell you with critical information they don't tell you. Visit www.SurviveLungCancer.com for chapter summaries. New York Times bestselling author Nicole Lapin is back with a sassy and actionable guide empowering women to be the boss of their own lives and careers. You don't need dozens or hundreds of employees to be a boss, says financial expert and serial entrepreneur Nicole Lapin. Hell, you don't even need one. You just need to be confident, savvy, and ready to get out there and make your success happen. You need to find your inner Boss Bitch — your most confident, savvy, ambitious self—and own it. A Boss Bitch is the she-ro of her own story. She is someone who takes charge of herself and her future and embraces being a “boss” in all senses of the word: whether as the boss of her own life, a boss at work, or the literal boss of her own company (or all three). Whichever she chooses, being a Boss Bitch isn't something to apologize for—it's something to be proud of! We all have what it takes to be a boss bitch, says Lapin. The problem is: we don't learn how to do it in school. Even if we study business, we're not getting enough real-deal business education. Until now. Here, Lapin draws on raw and often hilariously real stories from her own career and experiences starting businesses—the good, the bad, and the ugly—to show what it means to be a "boss" in twelve easy steps. In her refreshingly honest and relatable style, she first shows how to embrace the boss-of-you mentality by seizing the power that comes from believing in yourself and expanding your personal skillset. Then she offers candid no-nonsense advice on how to kill it as the boss at work whether you have a high-up role or not. And finally, for those who want to take the plunge as an entrepreneur, she lays out the nuts and bolts of how to be the boss of your own business—from raising money and getting it off the ground to hiring a kickass staff and dealing office drama to turning a profit. Being a rock star in your career is something that should be worn as a badge of honor. Here Lapin shows how to crush it in our careers like like a Boss Bitch! Narcotics Anonymous Step Working Guides are meant to be used by NA members at any stage of recovery, whether it's the first time through the steps, or whether they have been a guiding force for many years. This book is intentionally written to be relevant to newcomers and to help more experienced members develop a deeper understanding of the Twelve Steps. It was once taken for granted that peer-assisted groups such as Alcoholics Anonymous had no “real” value in recovery from addiction. More recently, evidence-based medicine is recognizing a spiritual component in healing—especially when it comes to addiction. The newest edition of Recent Developments in Alcoholism reflects this change by focusing on the 12-step model of recovery as well as mindfulness meditation and other spiritually oriented activity. More than thirty contributors bring together historical background, research findings, and clinical wisdom to analyze the compatibility of professional treatment and nonprofessional support, day-to-day concepts of relapse prevention, the value of community building in recovery, and much more. Among the topics covered: (1) How and why 12-step groups work. (2) The impact of the spiritual on mainstream treatment. (3) The impact of AA on other nonprofessional recovery programs. (4) AA outcomes for special populations. (5) Facilitating

involvement in 12-step programs. (6) Methods for measuring religiousness and spirituality in alcohol research. Whether one is referring clients to 12-step programs or seeking to better understand the process, this is a unique resource for clinicians and social workers. Developmental psychologists, too, will find Volume 18—Research on Alcoholics Anonymous and Spirituality in Addiction Recovery a worthy successor to the series. Based on the spiritual foundations of Twelve Step programs, these daily readings—part of Hazelden’s meditation series—offer inspiration, affirmation, and hope to those of us in recovery from addiction. Drawing upon insightful phrases often overheard in the rooms of recovery, the daily reflections and prayers in this collection are intended to offer comfort and guiding reminders to those recovering from alcoholism, drug addiction, substance use disorders, process addictions, or other compulsive behaviors. Recovery is a process that happens a day at a time, and this daily reader will support your journey. The basic principles of many of the popular twelve step programs are combined in this book into one easy text, covering problems with: Alcohol Drugs Gambling Anger Food Relapse People, Places, & Things. This book will benefit anyone suffering from these destructive behaviors by using a series of open-ended questions to work the twelve steps of recovery programs. Modern 12 Step Recovery is a user-friendly, secular guide to the 12 Step program of Alcoholics Anonymous (AA). This book includes updated Steps, information from science and psychology, and a working guide to the 12 Step program that makes the program welcoming to people of all ages and beliefs. This "modernization" was achieved without making any fundamental changes to the AA program. Modern 12 Step Recovery is 100% compatible with pursuing a program of recovery within the traditional AA mutual support network. This includes AA meetings, sponsor relationships, and other activities. The information in this book is also relevant to people in recovery from co-dependency (AI-Anon) and other 12 Step-based programs. Gain a clear understanding of the science and latest research behind the success of the Twelve Steps, a critical program used by millions of people around the world to stay sober and one of the greatest social movements of our time. Since the publication of Alcoholics Anonymous in 1939, the Twelve Steps have been central to staying sober for millions of people around the world. Countless recovery and treatment organizations have adopted the Steps as their program for abstaining from addictive behaviors. But recently a growing chorus of critics has questioned the science behind this model. In this book, Nowinski calls upon the latest research, as well as his own seminal Project MATCH study, to show why systematically working a Twelve Step program yields predictable and successful outcomes. Whether you’re thinking of joining a Twelve Step group, or simply want to understand the science fueling one of the greatest social movements of our time, this book is for you. As any AA member will tell you, “It works if you work it.” An exposé of Alcoholics Anonymous, 12-step programs, and the rehab industry—and how a failed addiction-treatment model came to dominate America. AA has become so infused in our society that it is practically synonymous with addiction recovery. Yet the evidence shows that AA has only a 5–10 percent success rate—hardly better than no treatment at all. Despite this, doctors, employers, and judges regularly refer addicted people to treatment programs and rehab facilities based on the 12-step model. In *The Sober Truth*, acclaimed addiction specialist Dr. Lance Dodes exposes the deeply flawed science that the 12-step industry has used to support its programs. Dr. Dodes analyzes dozens of studies to reveal a startling pattern of errors, misjudgments, and biases. He also pores over the research to highlight the best peer-reviewed studies available and discovers that they reach a grim consensus on the program’s overall success. But *The Sober Truth* is more than a book about addiction. It is also a book about science and how and why AA and rehab became so popular, despite the discouraging data. Dr. Dodes explores the entire story of AA’s rise, from its origins in early fundamentalist religious and mystical beliefs to its present-day place of privilege in politics and media. *The Sober Truth* includes true stories from Dr. Dodes’s thirty-five years of clinical practice, as well as firsthand accounts submitted by addicts through an open invitation on the Psychology Today website. These stories vividly reveal the experience of walking the steps and attending some of the nation’s most famous rehabilitation centers. *The Sober Truth* builds a powerful response to the monopoly of the 12-step program and explodes the myth that these programs offer an acceptable or universal solution to the deeply personal problem of addiction. This book offers new and actionable information for addicts, their families, and medical providers, and lays out better ways to understand addiction for those seeking a more effective and compassionate approach to this treatable problem. This book describes the largest treatment study ever conducted with alcoholics, with new information on treatment effectiveness. "The feeling was electric-energy humming through my body. I felt like blood was pouring into areas of my tissues that it had not been able to reach for some time. It was relieving and healing, subtler than the feeling from getting off on drugs, but it was detectable and lovely, and of course, there was no hangover, just a feeling of more ease than I could remember. I felt a warmth come over me similar to what I felt when I had done heroin, but far from the darkness of that insanity, this was pure light—a way through." - Tommy Rosen, on his first yoga experience Most of us deal with addiction in some form. While you may not be a fall-down drunk, anorexic, or a gambling addict, you likely struggle with addiction in other ways. Workaholism, overeating, and compulsively engaging with technology like video games, texting, and Facebook are also highly common examples. And if you don't suffer from addiction, chances are you know someone who does. Through more than 20 years of recovery and in working professionally with others, Tommy Rosen has uncovered core elements of recovery and healing, what he refers to as Recovery 2.0. In the book, he shares his own past struggles with addiction, and powerful, tested tools for breaking free from the obstacles that stand in the way of a holistic and lasting recovery. Building off the key tenets of the 12-Step program, he has developed an innovative approach that includes • Looking at the roots of addiction; your family history and "Addiction Story" • Daily breathing practices, meditation, yoga, and body awareness • A healthy, alkaline-based diet to aid with detox, boost immunity, increase vitality, support your entire recovery, and help prevent relapse • Discovering your mission, living on purpose, and being of service to others Recovery 2.0 will help readers not only release their addictions, but thrive in their recovery. You can't beat the basics in times of trouble. During the the coronavirus pandemic, take a fresh look at the twelve steps, and the Big Book's wisdom for healing and hope. *A Program for You* leads each of us--newcomer or old-timer--to a deeper understanding of recovery as a way of life. *A Program for You* clears our way for discovering positive, powerful answers to these questions. In the years since 1939, the Big Book, Alcoholics Anonymous, has guided millions in their search for a design for healthy living free of addictive behaviors. Now, two program old-timers share their years of intensive study of the Big Book, revealing the vitality of its message for those of us reading it today. This celebration of the basic text of Twelve Step recovery breathes new life into the Big Book's timeless wisdom. Thoroughly annotated line and page, written with down-to-earth humor and simplicity, and providing a contemporary context for understanding, *A Program for You* helps us experience the same path of renewal that Bill W. and the first on hundred AA members did. This new edition includes a Foreword by Jon Kabat-Zinn, how to run an Eight Step Recovery meeting, and how to teach a Mindfulness Based Addiction Recovery programme, including teacher's notes and handouts. All of us can struggle with the tendency towards addiction, but for some it can destroy their lives. In our recovery from addiction, the Buddha's teachings offer an understanding of how the mind works, tools for helping a mind vulnerable to addiction and ways to overcome addictive behaviour, cultivating a calm mind without resentments. *Twelve Steps for Tobacco Users Revised Twelve Secular Steps* features biology based explanations of both addiction and of the 12 Step recovery process. As a Step working guidebook the author, a scientist and recovered addict, emphasizes an active role for the recovering addict. Science and faith come together in this adaptation of the approach used by Alcoholics Anonymous and Narcotics Anonymous. And they do so in a way that neither promotes nor discourages religion; it simply focuses on sobriety. Dave Ramsey explains

those scriptural guidelines for handling money. Eating Disorders Anonymous: The Story of How We Recovered from Our Eating Disorders presents the accumulated experience, strength, and hope of many who have followed a Twelve-Step approach to recover from their eating disorders. Eating Disorders Anonymous (EDA), founded by sober members of Alcoholics Anonymous (AA), have produced a work that emulates the "Big Book" in style and substance. EDA respects the pioneering work of AA while expanding its Twelve-Step message of hope to include those who are religious or seek a spiritual solution, and for those who are not and may be more comfortable substituting "higher purpose" for the traditional "Higher Power." Further, the EDA approach embraces the development and maintenance of balance and perspective, rather than abstinence, as the goal of recovery. Initial chapters provide clear directions on how to establish a foothold in recovery by offering one of the founder's story of hope, and collective voices tell why EDA is suitable for readers with any type of problem eating, including: anorexia nervosa, bulimia, binge eating, emotional eating, and orthorexia. The text then explains how to use the Twelve Steps to develop a durable and resilient way of thinking and acting that is free of eating disordered thoughts and behaviors, including how to pay it forward so that others might have hope of recovery. In the second half of the text, individual contributors share their experiences, describing what it was like to have an eating disorder, what happened that enabled them to make a start in recovery, and what it is like to be in recovery. Like the "Big Book," these stories are in three sections: Pioneers of EDA, They Stopped in Time, and They Lost Nearly All. Readers using the Twelve Steps to recover from other issues will find the process consistent and reinforcing of their experiences, yet the EDA approach offers novel ideas and specific guidance for those struggling with food, weight and body image issues. Letters of support from three, highly-regarded medical professionals and two, well-known recovery advocates offer reassurance that EDA's approach is consistent with that supported by medical research and standards in the field of eating disorders treatment. Intended as standard reading for members who participate in EDA groups throughout the world, this book is accessible and appropriate for anyone who wants to recover from an eating disorder or from issues related to food, weight, and body image. Winner of a 2018 Catholic Press Association Award: Sacraments. (Second Place). In the first book to directly integrate the Twelve Steps with the practice of Catholicism, Scott Weeman, founder and director of Catholic in Recovery, pairs his personal story with compassionate straight talk to show Catholics how to bridge the commonly felt gap between the Higher Power of twelve-step programs and the merciful God that he rediscovered in the heart of the sacraments. Weeman entered sobriety from alcohol and drugs on October 10, 2011, and he's made it his full-time ministry to help others who struggle with various types of addiction to find spiritual wholeness through Catholic in Recovery, an organization he founded and directs. In The Twelve Steps and the Sacraments, Weeman candidly tackles the struggle he and other addicts have with getting to know intimately the unnamed Higher Power of recovery. He shares stories of his compulsion to find a personal relationship with God and how his tentative steps back to the Catholic Church opened new doors of healing and brought him surprising joy as he came to know Christ in the sacraments. Catholics in recovery and those moving toward it, as well as the people who love them will recognize Weeman's story and his spiritual struggle to personally encounter God. He tells us how: Baptism helps you admit powerlessness over an unmanageable problem, face your desperate need for God, and choose to believe in and submit to God's mercy. Reconciliation affirms and strengthens the hard work of examining your life, admitting wrongs, and making amends. The Eucharist provides ongoing sustenance and draws you to the healing power of Christ. The graces of Confirmation strengthen each person to keep moving forward and to share the good news of recovery and new life in Christ. Weeman's words are boldly challenging and brimming with compassion and through them you will discover inspiration, hope, sage advice, and refreshingly practical help. The basic text for Alcoholics Anonymous. This is a book of reflections by A.A. members for A.A. members. It was first published in 1990 to fulfill a long-felt need within the Fellowship for a collection of reflections that moves through the calendar year--one day at a time. Each page contains a reflection on a quotation from A.A. Conference-approved literature, such as Alcoholics Anonymous, Twelve Steps and Twelve Traditions, As Bill Sees It and other books. These reflections were submitted by members of the A.A. Fellowship who were not professional writers, nor did they speak for A.A. but only for themselves, from their own experiences in sobriety. Thus the book offers sharing, day by day, from a broad cross section of members, which focuses on the Three Legacies of Alcoholics Anonymous: Recovery, Unity and Service. Daily Reflections has proved to be a popular book that aids individuals in their practice of daily meditation and provides inspiration to group discussions even as it presents an introduction for some to A.A. literature as a whole. All the resources needed to fully integrate a 12-step approach aspart of your overall treatment program Millions of Americans have at some time in their lives participated in a 12-step program for treatment of a chemical or non-chemical addiction. Clinicians recognize that these grass-roots efforts have a very high cure rate. However, little has been written on how to integrate these programs into a traditional therapy setting. Integrating the 12 Steps into Addiction Therapy serves as an indispensable resource for clinicians treating addiction patients who are simultaneously enrolled in 12-step programs. This valuable text: * Contains eight lesson plans and twenty-seven assignments * Integrates in-depth discussion of 12-step programs with hands-on resources like homework assignments, treatment plan examples, and patient handouts * Will also benefit 12-step program peer counselors * Includes companion CD-ROM with fully customizable homework assignments, lesson plans, and presentations Treating addictions-whether chemical or non-chemical-can be one of the most difficult challenges faced by mental health professionals. For many people, 12-step programs have played a critical role in helping them to manage their addictive behaviors. Integrating the 12 Steps into Addiction Therapy gives psychologists, therapists, counselors, social workers, and clinicians the tools and resources they need to fully utilize these peer therapy program techniques in treating a wide variety of addictions. Do you feel daily pressure to keep pushing yourself even when you're stressed and exhausted? It's time to leave Superwoman in the movies, where she belongs, and say hello to being a Super Woman—the best, most productive and balanced version of the hero you already are. For years—maybe your entire life—you've been told that success means having it all and doing it all. But working more and harder is holding you back, not moving you forward. In Becoming Super Woman, New York Times bestselling author Nicole Lapin redefines what it means to be a woman who "has it all"—and shows you how to find lasting success by your own definition, on your own terms. Nicole candidly shares her own story of career burnout and an emergency hospitalization that prompted her to take her mental health seriously for the first time ever. Along the way, she discovered that not only was this priority shift not a defeat, it was the key to unlocking even greater achievements. In her third and most personal book yet, Nicole lays out an actionable, 12-step plan to guide you in taking control and becoming the hero of your own story, with the skills it takes to be a real Super Woman—skills we should (but often don't) learn growing up, from productivity hacks to boundary setting. She makes the case that the real secret to success doesn't hinge on the hustle or degrees you have but in "putting on your own oxygen mask before helping others." In fact, self-care is the biggest asset or liability in our careers—when it's on-point it can help us soar, and when it's neglected it can bring us down faster than anything else. Entertaining, honest, and life-changing, Becoming Super Woman shows you how to banish burnout, ward off a breakdown, and achieve true balance ... finally. Wall Street Journal BESTSELLER New York Times bestselling author of Rich Bitch and renowned money expert Nicole Lapin makes investing accessible and fun so women can make bank and become Miss Independent. You've worked hard for your money and now it's time for your money to work for you. You will never earn or budget your way into real wealth. Growing your money significantly doesn't require starting with a lot of money. It requires a little bit of knowledge about taking smart risks and as

much time as possible to take advantage of the glorious power of compound interest, which Einstein refers to as the eighth wonder of the world. From automating your savings to easy, no-stress investing strategies, Nicole will teach you how to take your financial knowledge and portfolio to the next level and start you on your journey to your ultimate destination: true financial independence. In *Miss Independent*, you will learn: The freedom that wealth affords you, whether it's the ability to leave a crappy job or significant other, go on the vacation of your dreams or otherwise live life on your own terms. The best method for establishing your "number"—the amount of wealth you want to accumulate before you retire—and getting it. The meaning of the most common investing terms, like stocks and bonds, (and some more exotic ones like REITs or cryptocurrency) and how to make them work to your advantage. The ins and outs of big financial decisions and concepts, like taking out a mortgage, owning investment properties, and buying life insurance. *Miss Independent* takes the fear out of money management and investing once and for all. Using her own vulnerable stories and her signature conversational style, let Nicole show you all the different ways and paths that you can take to become financially free at last. A guide to all kinds of addiction from a star who has struggled with heroin, alcohol, sex, fame, food and eBay, that will help addicts and their loved ones make the first steps into recovery "This manual for self-realization comes not from a mountain but from the mud...My qualification is not that I am better than you but I am worse." —Russell Brand With a rare mix of honesty, humor, and compassion, comedian and movie star Russell Brand mines his own wild story and shares the advice and wisdom he has gained through his fourteen years of recovery. Brand speaks to those suffering along the full spectrum of addiction—from drugs, alcohol, caffeine, and sugar addictions to addictions to work, stress, bad relationships, digital media, and fame. Brand understands that addiction can take many shapes and sizes and how the process of staying clean, sane, and unhooked is a daily activity. He believes that the question is not "Why are you addicted?" but "What pain is your addiction masking? Why are you running—into the wrong job, the wrong life, the wrong person's arms?" Russell has been in all the twelve-step fellowships going, he's started his own men's group, he's a therapy regular and a practiced yogi—and while he's worked on this material as part of his comedy and previous bestsellers, he's never before shared the tools that really took him out of it, that keep him clean and clear. Here he provides not only a recovery plan, but an attempt to make sense of the ailing world. Talking about money sucks; but so does being broke. Do your eyes glaze over just thinking about the mumbo-jumbo of finance? Do you break out into hives at the thought of money? Well, sister, you are not alone. In *RICH BITCH*, money expert and financial journalist Nicole Lapin lays out a 12-Step Plan in which she shares her experiences, mistakes and all, of getting her own finances in order. No lecturing, just help from a friend. And even though money is typically an off-limits conversation, nothing is off-limits here. Lapin rethinks every piece of financial wisdom you've ever heard and puts her own fresh, modern, sassy spin on it. Sure, there are some hard-and-fast rules about finance, but when it comes to your money, the only person who can spend it is you. Should you invest in a 401(k)? Maybe not. Should you splurge on that morning latte? Likely yes. Instead of nickel-and-diming yourself, Nicole's advice focuses on investing in yourself so you don't have to stress over the little things. But in order to do that, you have to be able to speak the language of money. After all, money is a language like anything else, and the sooner you can join the conversation, the sooner you can live the life you want, *RICH BITCH* rehabs whatever bad habits you might have and provides a plan you can not only sustain, but thrive with. It's time to go after the rich life you deserve, and confident enough to call yourself a *RICH BITCH*. The newly compiled 12 Step Prayer Book offers adapted and traditional prayers to complement any Twelve Step program or any mindful recovery experience. Collected and compiled from varied authors, faiths, and lifestyles, these prayers of strength and healing will give you a thought for each day. These are the faithful words of the world. From Bill P., the author of the recovery classics *Easy Does It* and *Drop the Rock*, and Lisa D., comes this cherished set of prayers, now presented for the first time as part of Hazelden's beloved series of daily readings. Bookended by morning and nightly prayers, this new edition now provides prayers and readings based on themes related to each Step. Regardless of your religious affiliation or a lack thereof, prayer houses infinite power: it is the spiritual language of the unified human experience. In a modern approach to prayer and meditation, *The 12 Step Prayer Book* utilizes sources from across the world to support your recovery. Treatment, counseling, and other forms of therapy are unquestionably necessary for sobriety. They are, however, finite. Once they end, what becomes our source of hope, strength, and wisdom? Twelve Step recovery demands continuous spiritual growth, and spiritual growth demands a Higher Power. Our faith needn't be perfect, but it must be present. Through prayer and daily connection with the spiritual, our hearts remain full and open to the life recovery promises. Twelve Steps to recovery. Contains the three-step holistic program to total recovery that is the basis of the successful Passages approach. You will learn: the three steps to permanent sobriety; how to create a personalized, holistic treatment program to completely cure your dependency; the four causes of dependency; how your thoughts, emotions, and beliefs are key factors in your recovery; and how to stimulate your body's self-healing potential to be forever free of dependency.--From publisher description. The revolutionary workbook designed for anyone embarking on a twelve-step oriented recovery program Created by recovering alcoholic and established psychology writer Claudette Wassil-Grimm, here is the first workbook/journal tailored to help members of twelve-step programs keep a written record of their progress and insights. This structured yet flexible workbook presents a chapter for each of the twelve steps, with a series of exercises and suggestions for journal entries that include such topics as storytelling, dreams, confessions, small progresses and stepping stones, conflicts and resolutions, and reflections. There are even additional blank pages provided at the end for long journal entries. *The Twelve-Step Journal* adapts beautifully for nearly all recovery programs, whether for alcoholics, overeaters, codependents, workaholics, adult children of alcoholics, or others, and it presents the twelve steps in their original form as well as in an alternate, secular version, making it ideal for both traditional twelve steppers and those who prefer a nontheistic approach. "This book speaks with a genuineness, clarity and simplicity to the deepest experience of what it is like to engage in the process of recovery...an important contribution to the field". -- Marvin H. Berman, Ph.D., President, Mental Illness Chemical Abuse Research & Education (MICARE) The #1 New York Times bestseller. Over 4 million copies sold! *Tiny Changes, Remarkable Results* No matter your goals, *Atomic Habits* offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. *Atomic Habits* will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to

redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal. Seventeen years ago, I am was on the verge of either dying or being locked up for a very long time. Instead, he became a very active member of AA and has stayed in the middle of AA ever since and has been sponsoring new members for over sixteen years. He loves AA so much that other members laugh when they hear him sing his favorite jingle: I am stuck on AA, cause AAs stuck on me! Today, I am lives in southwest Florida with his wonderful Al Anon wife and their happy seven-year-old daughter and delightful eight-month-old baby boy, I am Junior. Using the Bible to analyze the Twelve Steps, the author concludes that Christians need not totally reject the steps, nor dare they blindly endorse them. Rather, he helps us see the Twelve Steps for what they really are. Hal Higdon's Half Marathon Training offers prescriptive programming for all levels of runners. Not only will it help you learn how to get started with your training, but it will show you where to focus your attention, when to progress, and how to keep it simple. Doing things our way got us into trouble. Now it is time to develop a relationship with our Higher Power in order to carry out God's will for us. This pamphlet explains the many benefits to us. The bestselling recovery Bible is now available in large print with an incredibly easy-to-read 10.5 font size! With over 2,000,000 copies sold, The Life Recovery Bible is today's #1-selling Bible tied to the Twelve Steps of recovery, helping millions of people turn to the true source of healing—Jesus Christ. The New Living Translation is an authoritative Bible translation rendered faithfully into today's English from the ancient texts by 90 leading Bible scholars. The NLT's scholarship and clarity breathe life into even the most difficult-to-understand Bible passages—but even more powerful are stories of how people's lives are changing as the words speak directly to their hearts.
