The Age of Ice Jan 24 2022 An epic debut novel about a lovelorn eighteenth-century Russian noble, cursed with longevity and an immunity to cold, whose quest for the truth behind his condition spans two thrilling centuries and a stunning array of historical events. The Empress Anna Ioannovna has issued her latest eccentric order: construct a palace out of ice blocks. Inside its walls her slaves build a wedding chamber, a canopy bed on a dais, heavy drapes cascading to the floor—all made of ice. Sealed inside are a disgraced nobleman and a deformed female jester. On the empress's command—for her entertainment—these two are to be married, the relationship consummated inside this frozen prison. In the morning, guards enter to find them half-dead. Nine months later, two boys are born. Surrounded by servants and animals, Prince Alexander Velitzyn and his twin brother, Andrei, have an idyllic childhood on the family's large country estate. But as they approach manhood, stark differences coalesce. Andrei is

daring and ambitious; Alexander is tentative and adrift. One frigid winter night on the road between St. Petersburg and Moscow, as he flees his army post, Alexander comes to a horrifying revelation: his body is immune to cold. J. M. Sidorova's boldly original and genrebending novel takes readers from the grisly fields of the Napoleonic Wars to the blazing heat of Afghanistan, from the outer reaches of Siberia to the cacophonous streets of nineteenth-century Paris. The adventures of its protagonist, Prince Alexander Velitzyn—on a lifelong quest for the truth behind his strange physiology—will span three continents and two centuries and bring him into contact with an incredible range of real historical figures, from Mary Shelley, the author of *Frankenstein*, to the licentious Russian empress Elizaveta and Arctic explorer Joseph Billings. *The Age of Ice* is one of the most enchanting and inventive debut novels of the year.

Field & Stream Sep 19 2021 FIELD &

STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

Cold Storage and Ice Trade Journal Oct 28 2019

The Ice Cream Queen of Orchard Street Jan 04 2023 "An upside-down, funhouse treat. You'll lick it up." - USA Today In 1913, little Malka Treynovsky flees Russia with her family.

Bedazzled by tales of gold and movie stardom, she tricks them into buying tickets for America. Yet no sooner do they land on the squalid Lower East Side of Manhattan when Malka is crippled and abandoned in the street. Taken in by an Italian ices peddler, she manages to survive through cunning and inventiveness. As she learns the secrets of his trade, she begins to shape her own destiny. She falls in love with a gorgeous, illiterate radical named Albert, and they set off across America in an ice cream

truck. Slowly, she transforms herself into Lillian Dunkle, "The Ice Cream Queen" -- doyenne of an empire of ice cream franchises and a celebrated television personality. Yet Lillian Dunkle is nothing like the whimsical motherly persona she crafts for herself in the media. Conniving, profane, and irreverent, she is a supremely complex woman who prefers a good stiff drink to an ice cream cone. And when her past begins to catch up with her, everything she has spent her life building will be at stake.

Dispatches from the End of Ice Apr 02 2020

The future of the world's ice is at a critical juncture marked by international debate about climate change and almost daily reports about glaciers and ice shelves breaking, oceans rising, and temperatures spiking across the globe. These changing landscapes and the public discourse surrounding them are changing fast. It is science wrought with mystery, and for Beth Peterson it became personal. A few months after Peterson moved to a tiny village on the edge of

Europe's largest glacier, things began to disappear. The glacier was melting at breakneck pace, and people she knew vanished: her professor went missing while summiting a volcano in Japan, and a friend wandered off a mountain trail in Norway. Finally, Peterson took a harrowing forty-foot fall while ice climbing. Peterson's effort to make sense of these losses led to travels across Scandinavia, Italy, England and back to the United States. She visited a cryonics institute, an ice core lab, a wunderkammer, Wittgenstein's cabin, and other museums and libraries. She spoke with historians, guides, and scientists in search of answers. Her search for a noted glacier museum in Norway led to news that the renowned building had set on fire in the middle of the night before and burned to the ground. Dispatches from the End of Ice is part science, part lyric essay, and part research reportage—all structured around a series of found artifacts (a map, a museum, an inventory, a book) in an

attempt to understand the idea of disappearance. It is a brilliant synthesis of science, storytelling, and research in the spirit of essayists like Robert Macfarlane, John McPhee, and Joni Tevis. Peterson's work veers into numerous terrains, orbiting the idea of vanishing and the taxonomies of loss both in an unstable world and in our individual lives.

Fire Captain Written Exam Study Guide Mar 02 2020 320 page book with eleven chapters containing over 3000 selections of information that all Firefighters should know. [Disgaea 5: Alliance of Vengeance - Strategy](#)

Guide Dec 11 2020 There are three major areas in the Disgaea universe, Celestia, which is home to the angels, the Human World, and the Netherworlds. The Netherworlds are split up into a bunch of different ones, each governed by an Overlord, who has their own set of rules. Those very same Netherworlds are now in danger of being destroyed or taken over by an evil army known as The Lost, who is being led Void Dark. However, a ray of hope appears in the form of Killia, who seems to have a deep grudge against Void Dark. Can he really go through the rumored 10 billion Lost soldiers and exact his revenge against Void? Let us guide you on the epic journey from Level 1 to Level 9999, as you shoot, punch and fry enemies with various skills in our Disgaea 5 comprehensive guide! - Detailed strategies on getting through the main story; - How to get through the postgame content, including beat the super optional boss; - Create and power up a character that can deal in excess of 10 billion damage; -

Get the most out of the Item and Chara Worlds; - Obtain every single trophy in the game. Extreme Alpinism Jun 28 2022 * The book that launched a renaissance in climbing technique and remains relevant today * Techniques and mental skills needed to climb at a more challenging level * Illustrated with full-color photos throughout Big, high routes at the edge of a climber's ability are not the places for inventing technique or relying on old habits. Complacency can lead to fatal errors. So where does the hard-core aspirant or dreamer turn? The only master class in print, Extreme Alpinism delivers an expert dose of reality and practical techniques for advanced climbers. Focusing on how top alpine climbers approach the world's most difficult routes, Twilight centers his instruction on the ethos of climbing the hardest routes with the least amount of gear and the most speed. Throughout, Twilight makes it clear that the two things he refuses to compromise are safety and his climbing ethics. In addition to the

extensive chapters on advanced techniques and skills, Twight also discusses mental preparedness and attitude; strength and cardiovascular training; good nutrition; and tips on equipment and clothing.

Life in Ancient Ice Dec 31 2019 Based on a National Science Foundation-sponsored symposium organized by the editors in 2001, it comprises twenty chapters by internationally renowned scientists, including Russian experts whose decades of work has been rarely available in English."--Jacket.

The Ice Hotel Jan 12 2021 'Refreshing . . . I look forward to reading more' Alex Gray 'First-rate' Sunday Sport A seasonal hotel where murder can be made to disappear with the sun . . . Maggie Stewart travels with friends Liz and Harry to the Ice Hotel, a surreal building in Swedish Lapland constructed from ice cut from the nearby river. During the day, it is a museum

housing ice sculptures, but at night it becomes a novelty hotel. Shortly after their arrival, the holiday turns into a nightmare. A near-miss snowmobile accident is followed by the discovery of the frozen body of one of the hotel's American guests. Maggie is shocked to learn that this was no accident: the American was drugged and pushed out of his sleeping bag to freeze to death in the room. As the body count rises and Maggie finds herself in mortal danger, she realises that the only person she can trust is Thomas Hallengren, the detective leading the case. But can he uncover the killer's identity before the Ice Hotel and other buildings - the Ice Chapel and Ice Theatre - melt back into the river, taking the clues with them? Praise for Hania Allen 'A fresh new find for crime fans' Sunday Post 'Nicely nasty in all the right places . . . The story rattles along until bringing the curtain down with an unnerving twist' Craig Robertson 'Captivating characters and an intriguing plot. A great new find for crime fans'

Lin Anderson 'Pitch-perfect . . . a witty, tense crime novel written in a highly readable style'

Field & Stream Nov 21 2021 FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations. The Ice Age Aug 07 2020 Paul Farley's debut collection, *The Boy From the Chemist is Here to See You*, was one of the most celebrated debuts of the nineties. The poems in *The Ice Age* are as engaged and engaging as ever, but also display a new philosophical depth: Farley's gift is to uncover the evidence so often overlooked by less attentive observers, finding - in childhood

games, dental records and dog-eared field guides – those details by which we are proven and elegized. The Ice Age will only enhance Farley's reputation as one of the most formally gifted and imaginative poets to have emerged in recent years.

Wind, Gravel and Ice Aug 26 2019 When Christina discovers her Grandfather's diary years after his death, she is surprised to learn he had been stationed in Iceland as a young Canadian soldier in the early days of the Second World War. Intrigued, she sets out on a decade long journey to unravel his story and fill in a little known piece of the Canadian war story. From the official records in the National Archives in Ottawa to the windswept plains of Iceland, Christina follows the trail and crafts her Opa's story in his voice. This is the story of the ten months, from July 1940 to April 1941, that her Opa spent in Iceland with the Cameron Highlanders of Ottawa building an airfield and installing machine guns to protect the island

from German invasion. She vividly recreates the daily rigours of camp life experienced by her Opa, his childhood best friend and their platoon as they struggle to carry out orders as new soldiers in a strange land, and to break down barriers with local Icelanders who resent the Occupation. Then on February 9, 1941, a lone German Heinkel HE 111 bomber traded its bombs for extra fuel, set a course for the remote and strafed an airfield 1,000 miles from the front lines of the war. This strange act, one plane attacking one obscure outpost, manned by her Opa's platoon, is a story few will be familiar with, and yet those moments changed the course of the war.

The Rough Guide to California Jun 04 2020 The Rough Guide to California is the ultimate guide to the USA's most exciting and varied state. Whether you're looking for inspiring accommodation, great places to eat, the best bars, chilled muso haunts or cutting-edge clubs, you'll find the solution. The guide also includes
