dway/a. In this book, your
children will begin exploring
the dynamics of flight and
animal classification,
understanding why the design
we see in these incredible
creatures points us to our
Creator God. Then, get ready
for the exciting adventure of
learning about birds. Your
children will learn how to
attract various bird species to
your yard and identify them by
looking at their special physical
characteristics, diverse nests,
and interesting domestic
practices. They will also learn
the anatomy and the glorious
design that enables birds to do
remarkable things. The text
contains actual experiments on
the preferences and habits of
the birds your children see.
These experiments further
enrich the learning experience.
After becoming amateur
ornithologists, your children
will explore the world of
chiropterology, which is the
study of bats. They will be able
to intelligently share with
others the value of bats in our
world while exposing the
misconceptions that most
people have regarding these
docile creatures of the night.
Your children will then
investigate entomology, the
study of insects. They will learn
to scientifically classify insects
they find in their yard by a
simple glance at their wings
and other important
characteristics. In addition to
designing experiments with
flies, crickets, darkling moths,
and caterpillars, they will also
learn how to attract and catch
insects for scientific study.
When your children complete

this study of zoology, they will
never view nature in the same
way again. Their eyes will be
open to the different species
that live in their midst,
enjoying and understanding
nature to the fullest. Vacations
will become educational
experiences as they notice
birds and insects inhabiting the
areas they visit. By learning to
keep a field journal, they will
be able to notice unusual
circumstances or sudden
increases in bird or insect
populations. They will become
true scientists as they come to
know nature and the
fascinating world that God
created. Grades K-6. Keynote -

English and British English -
