The history and development of English, from the earliest known writings to its status today as a dominant world language, is a subject of major importance to linguists and historians. In this book, a team of international experts cover the entire recorded history of the English language, outlining its development over fifteen centuries. With an emphasis on more recent periods, every key stage in the history of the language is covered, with full accounts of standardisation, names, the distribution of English in Britain and North America, and its global spread. New historical surveys of the crucial aspects of the language are presented, and historical changes that have affected English are treated as a continuing process, helping to explain the shape of the language today. This complete and up-to-date history of English will be indispensable to all advanced students, scholars and teachers in this prominent field. Exploring the unique challenges of vocational education, this book provides simple and straightforward advice on how to teach English Language Learners in today's Career and Technical Education programs. The authors' teaching framework and case studies draw from common settings in which career and technical educators find themselves working with ELLs—in the classroom, in the laboratory or workshop, and in work-based learning settings. By integrating CTE and academic instruction, and embedding career development activities across the curriculum, readers will gain a better understanding of the challenges of teaching occupationally-oriented content to a diverse group of learners in multiples settings. Many English language learners (ELLs) require extra support to become successful writers. This book helps teachers understand the unique needs of ELLs and promote their achievement by adapting the effective instructional methods teachers already know. Engaging and accessible, the book features standards-based lesson planning ideas, examples of student work, and 15 reproducible worksheets, rubrics, and other useful materials. It describes ways to combine instruction in core skills with ample opportunities to write and revise in different genres. Invaluable guidance is provided for assessing ELLs' writing development at different grade levels and language proficiency levels. Routledge English Language Introductions cover core areas of language study and are one-stop resources for students. Assuming no prior knowledge, books in the series offer an accessible overview of the subject, with activities, study questions, sample analyses, commentaries and key readings – all in the same volume. The innovative and flexible ‘two-dimensional’ structure is built around four sections – introduction, development, exploration and extension – which offer self-contained stages for study. Each topic can also be read across these sections, enabling the reader to build gradually on the knowledge gained. Introducing English Language: is the foundational book in the Routledge English Language Introductions series, providing an accessible introduction to the English language contains newly expanded coverage of morphology, updated and revised exercises, and an extended Further Reading section comprehensively covers key disciplines of linguistics such as historical linguistics, sociolinguistics and psycholinguistics, as well as core areas in language study including acquisition, standardisation and the globalisation of English uses a wide variety of real texts and images from around the world, including a Monty Python sketch, excerpts from novels such as Virginia Woolf's To the Lighthouse, and news items from Metro and the BBC provides updated classic readings by the key names in the discipline, including Guy Cook, Andy Kirkpatrick and Zoltán Dörnyei is accompanied by a website with extra activities, project ideas for each unit, suggestions for further reading, links to essential English language resources, and course templates for lecturers. Written by two experienced teachers and authors, this accessible textbook is an essential resource for all students of the English language and linguistics. Volume 5 covers the dialects of England since 1776, the historical development of English in the former Celtic-speaking countries, and English other countries. An overview of the current state and the future directions of the English language in Europe. The book examines the development of English from a Germanic tongue into an international language, and considers bilingualism among Europeans. The Routledge Handbook of English Language Studies provides a comprehensive overview of English Language Studies. The book takes a three-pronged approach to examine what constitutes the phenomenon of the English language; why and in what contexts it is an important subject to study; and what the chief methodologies are that are used to study it. In 30 chapters written by leading scholars from around the world, this Handbook covers and critically examines: English Language Studies as a discipline that is changing and evolving in response to local and global pressures; definitions of English, including world Englishes, contact Englishes, and historical and colonial perspectives; the relevance of English in areas such as teaching, politics and the media; analysis of English situated in wider linguistics contexts, including psycholinguistics, sociolinguistics and linguistic ethnography. The Routledge Handbook of English Language Studies is essential reading for researchers and students working in fields related to the teaching and study of the English language in any context. In classrooms across the country, teachers are encountering more children who are learning English, come from diverse backgrounds, and who speak a variety of languages. As challenging as this may be, a preschool teacher's goal remains the same: to welcome all children and give them the best possible start in education and in life. Even the most experienced teacher can feel a bit unsure about meeting the unique needs of children from different language backgrounds. Many Languages, One Classroom applies the latest information about best practices to all aspects of a preschool program. From using lists of key words and visual aids to using body language and gestures, the strategies you will find in this book are adaptable and easy to put into practice. Designed to fit any preschool curriculum, Many Languages, One Classroom addresses state standards and benchmarks of standard quality programming. Organized by interest areas and times of the day, you'll find everything you need to help English language learners during dramatic play, outdoor play, reading, science, blocks, and circle time. Each chapter has the following key components: The Environment Activities Links to Standards Family Connections Technology Tips Reflections Many Languages, One Classroom is filled with ideas you can implement in your classroom to open the doors of literacy and learning for young English language learners. In English Language Learners and the New Standards, three leading scholars present a clear vision and practical suggestions for helping teachers engage ELL students in simultaneously learning subject-area content, analytical practices, and language. This process requires three important shifts in our perspective on language and language learning--from an individual activity to a socially engaged activity; from a linear process aimed at correctness and fluency, to a developmental process focused on comprehension and communication; and from a separate area of instruction to an approach that embeds language development in subject-area activities. In English Language Learners and the New Standards, the authors: Clarify the skills and knowledge teachers need to integrate content knowledge and language development. Show how teachers can integrate formative assessment in ongoing teaching and learning. Discuss key leverage points and stress points in using interim and summative assessments with ELLs. Provide classroom vignettes that illustrate key practices. Finally, the authors explain the theories and research that underlie their vision and examine the role of policy in shaping pedagogy and assessment for ELL students. Literacy Instruction for English Language Learners turns hundreds of ELL studies into dozens of strategies for regular classroom instruction. Nancy Cloud, Fred Genesee, and Else

Hamayan have examined the research evidence to determine what works for ELLs. They recommend best practices for teaching English learners to read and write from emergent literacy to primary school and on through middle school and include helpful features that make the research directly accessible to all teachers. A collection of humorous language bloopers including misspelled words, bungled translations, mangled modifiers, and much more. English Language as Hydra argues that, far too often, the English language industry has become a swirling, beguiling monster, unashamedly intent on challenging local lingua-diversity and threatening individual identities. This book brings together the voices of linguists, literary figures and teaching professionals in a wide-ranging exposé of this enormous Hydra in action on four continents. "Explains why and shows how to differentiate assessments, assignments, and instruction for English language learners according to English language proficiency level and other background factors"-- Combining a chronological survey of key influences in the area of usage with discussion of such themes as punctuation, spelling, and pronunciation, tells the story of the battles surrounding English usage. Routledge English Language Introductions cover core areas of language study and are one-stop resources for students. Assuming no prior knowledge, books in the series offer an accessible overview of the subject, with activities, study questions, sample analyses, commentaries and key readings – all in the same volume. The innovative and flexible 'two-dimensional' structure is built around four sections – introduction, development, exploration and extension – which offer self-contained stages for study. Each topic can also be read across these sections, enabling the reader to build gradually on the knowledge gained. Researching English Language: provides comprehensive support for readers tackling their first independent research projects offers advice about research methods with reference to an extensive range of English Language topics including variation in accents, news discourse, forensic linguistics, child language development and many more guides readers step-by-step through the research process, from initial ideas to the submission of the dissertation includes an extensive range of activities and points for discussion illustrates each topic with examples from actual student projects and published studies includes key readings from leading English language researchers, including Ronald Carter; Jennifer Coates; Ruqaiya Hasan; Roz Ivanic; Ben Rampton; John Sinclair. This title will be essential reading for students undertaking research within the areas of English Language, Linguistics and Applied Linguistics. John Wulsin approaches the English language not as a conventional linguist, but as a poet interested in the spirit and evolution of our language. To show "how sound works in English and American poetry," the author traces the many changes, both subtle and radical, in how English has sounded over the past thirteen centuries, while also showing how those changes are related to the evolution of human consciousness in Western, English-speaking peoples. The Spirit of the English Language is never dry but filled with the textures of the lives and works of the great English-language poets. Wulsin describes the evolving activity of poetry in the biography of each poet, beginning with the Old Anglo-Saxon in Beowulf and the later works of Chaucer, and following the spirit of the English language through to the nineteenth century's "primal/modern" language of Gerard Manley Hopkins and Dickinson's diamond-distilled language. Along the way, we discover how the very sounds of English have changed the ways in which not only poets think and express themselves, but, more important, how sound works and changes our human consciousness. The author also discusses specifically how, in teaching poetics, stages of the developing English language quicken corresponding stages of thinking in maturing adolescents. Twelve years in the making, The Spirit of the English Language is the fruit of John Wulsin's thirty years of teaching language and literature to adolescents. The book is further informed and fructified by the author's fifteen years of teaching poetics to adults, as well as decades of writing poetry and participating in numerous poetry workshops. This practical guide will become a classic for all poets, teachers of poetry and language, and students. It is a truly valuable resource for anyone interested in English, its development, its effects on consciousness, and how sound works in poetry. Contents: Introduction Part I A Language Is Born Old Anglo-Saxon Evolving Language in Evolving Adolescents: Ninth and Tenth Grades The Norman Conquest Chaucer's Middle English The Language Wakes up, Renewed Elizabethan English: Shakespeare Expansion and Contraction: King James Bible Part II Lyric Activity in Metaphysical Poetry: John Donne The English Epic: Milton The Eighteenth Century and Blake Wordsworth Coleridge Byron Shelley Keats Elizabeth Barrett Browning Robert Browning Tennyson Gerard Manley Hopkins Eleventh Grade(Ages 16-17) Part III Alteration of the Early American Mind Poetry in American Prose: The Novel Whitman Emily Dickinson Twelfth Grade(Ages 17-18) Contemporary American Speech Speech and Drama in High School Conclusion Teaching Language Arts to English Language Learners provides readers with the comprehensive understanding of both the challenges that face ELLs and ways in which educators might address them in the language arts classroom. Cary takes on the big questions in Working with English Language Learners. He answers them with examples drawn from actual classes that demonstrate outstanding ELL practices; coaching commentary that highlights key teaching strategies and ties together theory and practice; and professional reflection questions and action items, new to the second edition, that encourage strong, responsive ELL practices. Also includes updated and expanded lists of teacher resources, ELL references and acronyms, new samples of student work, helpful tools, templates, and self-assessment rubrics for teachers. --From publisher's description. The sociopolitical dimensions of English language teaching are central to the English language professional. These dimensions include language policies, cultural expectations, and the societal roles of languages. This book aims to present these issues to practicing and aspiring teachers in order to raise awareness of the sociopolitical nature of English language teaching. Colloquial English teaches English as currently spoken and written in the UK. The audio material will help perfect pronunciation and listening skills. Are we tired of hearing that fall is a season, sick of being offered fries and told about the latest movie? Yeah. Have we noticed the sly interpolation of Americanisms into our everyday speech? You betcha. And are we outraged? Hell, yes. But do we do anything? Too much hassle. Until now. In That's The Way It Crumbles Matthew Engel presents a call to arms against the linguistic impoverishment that happens when one language dominates another. With dismay and wry amusement, he traces the American invasion of our language from the early days of the New World, via the influence of Edison, the dance hall and the talkies, right up to the Apple and Microsoft-dominated present day, and explores the fate of other languages trying to fend off linguistic takeover bids. It is not the Americans' fault, more the result of their talent for innovation and our own indifference. He explains how America's cultural supremacy affects British gestures, celebrations and way of life, and how every paragraph and conversation includes words the British no longer even think of as Americanisms. Part battle cry, part love song, part elegy, this book celebrates the strange, the banal, the precious and the endangered parts of our uncommon common language. A new edition of this comprehensive guide to the history of the English language. The book contains carefully chosen extracts to illustrate the development of English, looking particularly at the stylistic and dialectal variety of English. For the new edition Professor Burnley has expanded the introductory sections, added new selections and increased the number of illustrations. He has also included a new section covering newspaper advertisements from the 18th Century to the present. A popular guide which explores the development of English from Aelfric to Darwin. The English divide -- Multilingual Europe. Myth or reality? -- A high-stakes movement -- Shakespeare in the crossfire -- Headwinds from the North -- Shadows of colonialism. The "new scramble" for Africa -- Adieu to French -- Redress and transformation -- Confronting the Raj -- Defying the monolingual mindset. Defining the deficit -- Reframing the narrative -- A revolution in the making -- Marketing language -- Looking back, moving forward. Contains entries for over 10,000 new words reflecting the explosion of computer and Internet technology as well as changes in popular culture and slang.
