The Ultimate Guide to Chart Patterns is your 'cheat sheet' for making technical trading decisions. Learn to spot trends and act on them intelligently. This book has everything you need: *An introduction to chart patterns and why they can take your trading to the next level* 21 detailed chart patterns with a historical example for every chart *Exit and entry suggestions* Chart pattern trading tips *An introduction to the power of Raindrop Chart Patterns from Trendspider.com

Buyers and sellers for each trade execution are always equal, it's the price that changes. The chart tells a visual story of the battle between buyers and sellers at different price levels. Their decisions create patterns that start to follow the current path of least resistance. This book is intended to be a map for seeing the patterns that emerge on charts. Using chart patterns will give you an edge because they'll help you trade in the direction of least resistance, profit from momentum, see the potential for a reversal in price action and create good risk/reward ratios upon entry. This book will show good levels for entries that allow a stop loss to limit a loss on a trade, but give enough room for a trailing stop or profit target to capture a large winning trade. By finding the best price zones on a chart, you'll be able to execute the best asymmetrical risk trades and be more profitable over time.

From Steve Burns of NewTraderU.com: "Over the last several years, I've enjoyed getting to know, and working with, Atanas Matov. He has remained one of my most popular guest writers on NewTraderU.com, and his insight on technical indicators, how to identify and trade a trend and his chart pattern knowledge are invaluable to traders worldwide. After the launch of the incredibly successful, Ultimate Price Action Trading Guide, we knew we wanted to team up again. This chart pattern book is our combined effort to provide a clear and concise explanation of chart patterns to help you recognize patterns on charts and build pattern recognition." About the Authors: Steve Burns started investing in 1993 and trading his own accounts in 1995. I fell in love at first trade. A natural teacher with a unique ability to cut through

How to Day Trade May 28 2020 Success as a day trader will only come to 10 percent of those who try. It's important to understand why traders fail so that you can avoid those mistakes. The day traders

lose money in the market are losing because of a failure to either choose the right stocks, manage risk, and find proper entries or follow the rules of a proven strategy. In this book, I will teach you trading techniques that I personally use to profit from the market. Before we get into the trading strategies, we will first build your foundation for success as a trader by discussing the two most important skills you possess. I like to say that a day trader is two things: a hunter of volatility and a manager of risk. I'll explain how to find predictable volatility and how to manage your risk so you can make money and be right only 50 percent of the time. We turn the tables by putting the odds for success in your favor. By picking up this book, you show dedication to improve your trading. This by itself sets you apart from the majority of beginner traders.

Swing Trading Options Jun 09 2021 If you want to know how to make a high profitable profit every year in stock market, then keep reading! The stock market is one of the best places for anyone to secure financial freedom and earn the capital to live the life of their dreams. If you are ready to stop relying on linear income, hoping for new passive income streams to earn profit faster, and wishing there was a better way, Swing Trading Options is for you! Swing trading with options is one of the best ways to earn an income from trading stocks with

exposing yourself to nearly as much risk. The minimized risk comes from two different areas of this trading style--the strategy used and the financial instrument leveraged. The strategy used--swing trading--a middle-term strategy, which means it minimizes your risk while also maximizing your profitability. Plus, due to how it is designed, you are able to cash out on those profits far faster than you would with other trading styles. The financial instrument leveraged--options--is a financial instrument that has a much lower cost than stocks. It also exposes you to much lower losses. This means they are easier to get into and your losses are much less drastic if you do experience them in your trades. In *Swing Trading Options: The Ultimate Trading Guide to Discover a Safe and Profitable Trading Strategy That Adds Diversity and Rapid Growth to Your Finances and Generates Fast and Secure Profits*, you are going to learn how you can maximize the profitability of this strategy and financial instrument to earn a great income from trading. Some of the things you will learn in this *Swing Trading Options* include: What swing trading is and what options are Investment and trading opportunities How swing trading works How options work The types of options you can buy and sell The best times that you need to have to complete these trades What fundamental analysis and technical analysis are and how to use them Validating your positions, so you can make the best trades An example of what a trade looks like Strategies to trade like an expert And more! If you want to become an expert trader and earn massive income by swing trading options, this book is exactly what you are looking for. Grab your copy of *Swing Trading Options* today, and start educating yourself so that you can begin trading your way to financial freedom. If you are a beginner to the world of options trading, this is the only book you will need to learn the basics of the game and to start earning a handsome income consistently every month. The vast majority of retail traders in the stock market keep away from trading options believing that options are too complex and too risky to invest in. Most of the few that venture out into this terrain with half-baked knowledge usually end up with substantial losses over the long term because they simply do not know the safe strategies that one needs to deploy in this space. If you are somebody who has shied away from options trading in the past thinking it is beyond comprehension or because you always ended losing money while trading options, this is the right book for you. As a beginner's guide into the world of options trading, here's what this book contains: What Stock Options are in simple terms! The various types of options and the common terms used in options trading. The underlying principles of options trading using easily-understandable scenarios. Basic mistakes made by beginners and how to avoid them. Six great strategies, with real case studies, to teach you how to consistently make profits while controlling your risk. Note: As an added bonus, this book also gives you access to downloadable worksheets you can use to calculate the potential return and risk exposure for any strategic trade you want to get into or just carry out paper-trades! This book adopts an unsophisticated approach to teach options trading to just about anybody. Therefore, if you are looking for a place to start learning about options trading and how to earn off it, look no further!

Bitcoin Trading for Beginners Mar 26 2020 BITCOIN TRADING FOR BEGINNERS Recently, there has been a lot of talk and interest in Bitcoin and its cryptocurrency. It's a buzzword that's everywhere, whether it's in the news or on social media. It's the most exciting thing that's come into the world in a long time. More importantly, you can earn a wonderful return by buying and trading it. You can keep it for a long term. Many people think that it's just a scam, a bubble, or that it will be banned by the government. Bitcoin is like the mutant offspring of a bear of gold and a tech stock. It's volatile, it has huge upside, and it's poorly understood.

The Truth? Bitcoin is the greatest investment opportunity of our lifetime. It's been the best performing asset of the past decade. Bitcoin is a giant, unshakable bank in the cloud that you can use to trade and grow your wealth. Even more importantly, there is a giant wall of institutional money headed toward Bitcoin. Wall Street, Bill Gates, and even Elon Musk are getting in on the game. The truth is, more than ever before, that will make you build your wealth won't be your job, but the demand for their services will be huge. Are you ready to get your piece of the pie? It's not too late to invest! BITCOIN TRADING FOR BEGINNERS' guide helps the beginner take you from struggling investor and chasing the wealth to living the dream you want using strategic trading. WIN! It's For You! Written by a Bitcoin Professional, Andrew Dugli, BITCOIN TRADING FOR BEGINNERS will teach you everything that you need to get started investing in Bitcoin. Look no further! In the future, you have to put in the time and you're looking to make the best investment. Don't gamble with your hard-earned money. If you're getting to make a lot of money, you need to know how Bitcoin really works. You need to avoid the pitfalls and get the most out of that big market. And you need a professional review of the best Bitcoin that will help you to survive the volatility. Even if you're a complete beginner, this book will bring you up to speed on the new time. This book gives you everything that you will need. It's a complete Bitcoin road map that anyone can follow. What You'll Learn? What Bitcoin is not a bubble or a scam? What makes Bitcoin different from other cryptocurrencies? The best way to buy Bitcoin? How to store your Bitcoin securely? How professional investors are using Bitcoin? How to research a future using Bitcoin? And a lot more. Even if you know nothing at all about cryptocurrencies, this book will get you started investing the right way.
