When an elusive Southern stranger arrives in 1960s New Rochelle, three generations of women are forever changed. When the heart finds its home, anything is possible. Geraldine, Emilia Mae, and Alice Wingo couldn't be more different from each other. Geraldine is a fiery beauty, turning heads while running the local bakery with her devoted husband, Earle—but she never quite takes to motherhood. Her daughter, Emilia Mae, spends her life chasing her mother's affection and goes looking for love in all the wrong places. So when she gives birth to her own daughter, Alice—the girl with the quick laugh and music running through her veins—she vows to do things differently. Then, Dillard Fox, a handsome stranger with a Southern drawl sails into town, bringing with him a gentle warmth that draws in all three of the Wingo women. Emilia Mae, never thinking she'd find true love, builds the kind of happy life with Dillard that neither of them ever expected. Geraldine slowly learns to be kinder to her difficult daughter, and young Alice may have found the father figure she always wanted. But everyone has their secrets, and the one that Dillard has been carrying all of these years threatens to upend their idyllic family. Over the course of their lives, these three women navigate their relationships with each other and the changing world around them. Filled with Carter's characteristic wit, this charming, wise novel is a paean to love—any way you can find it. WINNER OF THE NOBEL PRIZE IN LITERATURE "A brilliant literary murder mystery." —Chicago Tribune "Extraordinary. Tokarczuk's novel is funny, vivid, dangerous, and disturbing, and it raises some fierce questions about human behavior. My sincere admiration for her brilliant work." —Annie Proulx In a remote Polish village, Janina devotes the dark winter days to studying astrology, translating the poetry of William Blake, and taking care of the summer homes of wealthy Warsaw residents. Her reputation as a crank and a recluse is amplified by her not-so-secret preference for the company of animals over humans. Then a neighbor, Big Foot, turns up dead. Soon other bodies are discovered, in increasingly strange circumstances. As suspicions mount, Janina inserts herself into the investigation, certain that she knows whodunit. If only anyone would pay her mind . . . A deeply satisfying thriller cum fairy tale, *Drive Your Plow over the Bones of the Dead* is a provocative exploration of the murky borderland between sanity and madness, justice and tradition, autonomy and fate. Whom do we deem sane? it asks. Who is worthy of a voice? *Damaged*, a gritty and raw urban thriller that will grab you from the very first page, takes contemporary urban fiction to the next level. Mita "Sweet Lips" Cruz never had much chance to enjoy her youth because of her drug-addicted mother's attraction to low-life men. After she survives a vicious assault at the hands of her stepfather on her fourteenth birthday, Mita desperately searches for the meaning of unconditional love in the streets of North Philadelphia. When she discovers that she is carrying the child of her rapist, it's too much for her damaged soul to bear. With an ugly future ahead of her, her mother adds to her grief by taking and putting Mita's newborn up for adoption. Mita vows to seek revenge for the violations against her. FBI Special Agent Jasmine Rodriguez is a rising star—a young FBI agent specializing in running sting operations from corruption to child pornography. A single event won't define it. Our reformation will be a movement of reformers living creatively, compassionately, courageously for the cause of Christ. This reformation will not be born of a new discovery. It will be the rediscovery of something old, something ancient. Something primal. —Mark Batterson, *Primal* What would your Christianity look like if it was stripped down to the simplest, rawest, purest faith possible? You would have more, not less. You would have the beginning of a new reformation—in your generation, your church, your own soul. You would have primal Christianity. This book is an invitation to become part of a reformation movement. It is an invitation to rediscover the compassion, wonder, curiosity, and energy that turned the world upside down two thousand years ago. It is an invitation to be astonished again. The only book in English for readers of all ages by Nobel Prize-winning novelist Olga Tokarczuk is a beautifully illustrated meditation on the fullness of life. What a striking, and lovely, material object it is." —New York Times "The *Lost Soul*, by Olga Tokarczuk and illustrator Joanna Concejo, is a quiet meditation on happiness, following a busy man who loses his soul. . . . It pours a childlike sense of wonder into a once-upon-a-time tale that is already resonating with adults around the world." —The Guardian *The Lost Soul* is a deeply moving reflection on our capacity to live in peace with ourselves, to remain patient, attentive to the world. It is a story that beautifully weaves together the voice of the Nobel Prize-winning Polish novelist Olga Tokarczuk and the finely detailed pen-and-ink drawings of illustrator Joanna Concejo, who together create a parallel narrative universe full of secrets, evocative of another time. Here a man has forgotten what makes his heart feel full. He moves to a house away from

all that is familiar to him to wait for his soul to return. "Once upon a time there was a man who worked very hard and very quickly, and who had left his soul far behind him long ago. In fact his life was all right without his soul—he slept, ate, worked, drove a car and even played tennis. But sometimes he felt as if the world around him were flat, as if he were moving across a smooth page in a math book that was covered in evenly spaced squares... " —from *The Lost Soul* *The Lost Soul* is a sublime album, a rare delicacy that will delight readers young and old. "You must find a place of your own, sit there quietly and wait for your soul." From one of Granta's Best of Young British Novelists, a stunning novel illuminating Somalia's tragic civil war *It is 1987 and Hargeisa waits*. Whispers of revolution travel on the dry winds, but still the dictatorship remains secure. Soon, through the eyes of three women, we will see Somalia fall. Nine-year-old Deqo has left the vast refugee camp where she was born, lured to the city by the promise of her first pair of shoes. Kawsar, a solitary widow, is trapped in her little house with its garden clawed from the desert, confined to her bed after a savage beating in the local police station. Filsan, a young female soldier, has moved from Mogadishu to suppress the rebellion growing in the north. As the country is unraveled by a civil war that will shock the world, the fates of these three women are twisted irrevocably together. Nadifa Mohamed was born in Hargeisa and was exiled before the outbreak of war. In *The Orchard of Lost Souls*, she returns to Hargeisa in her imagination. Intimate, frank, brimming with beauty and fierce love, this novel is an unforgettable account of ordinary lives lived in extraordinary times. *The Lost Soul of a Child* is one of the most nail biting, heartbreaking, and emotional novels you will ever read. Children are the greatest gift that God could ever give to a woman. They're beautiful, talented in their own way, loving, but most important... innocent. You would think that their cute little faces and chubby little cheeks would be enough to make parents want to fight for them and cherish them, but lately it seems as though the flip has switched and the only people fighting for them are the kids themselves. How many more babies must die or get injured at the hands of the ones who birthed them? Or the ones that their mothers trusted them with? How many more children have to go missing because of their parents' negligence and trustworthiness of total strangers? With so much tragedy in the world surrounding children, awareness is obviously needed. This heart pounding, gut wrenching, tearjerker is centered around two single mothers looking for love. By the time you are done reading these two stories, I hope your eyes open wide enough to fully see the dangers of dating men without running background checks, and that your hearts beat harder for the kids without voices. Imagine falling in love with your Prince Charming only to find out he's a registered sex offender. What would you do if you found out the man you loved wasn't who you thought he was? *Jennesia* thought she had found true love with her baby's daddy Angel. But Angel wasn't looking for love or interested in settling down. Finding out that she was pregnant threw him for a loop, but he decided to step up and be a father to his child... at the same time making it very clear to *Jennesia* that they were co-parenting and nothing more. Co-parenting their daughter *Kamri* proves challenging in the beginning with *Jennesia* wanting more than Angel was willing to give. Eventually, Angel moved on with another woman, so *Jennesia* had no choice but to move on too. When *Jennesia* finally meets *Michael Walker*, the coach at her daughter's school years later she falls fast and hard. *Michael* has relocated to a new state to try and escape his past, but he can't escape the urges he continues to have. Will *Michael* get the help he needs before it's too late? Will *Jennesia* find out about *Michael's* past before things escalate? Find out in the story that will guarantee to leave you in tears... In this exposition of the parable of the Rich Man and Lazarus, *Bunyan* warns his readers of the horror of remaining under God's wrath, and sweetly opens up the only way of escape: faith in the Gospel of Jesus Christ. "Friend," *Bunyan* urges, "because it is a dangerous thing to be walking towards the place of darkness and anguish; and again, because it is the journey that most of the poor souls in the world are taking, and that with delight and gladness, as if there was the only happiness to be found — I have therefore thought it my duty, being made sensible of the danger that will befall those who walk therein — for the preventing of you, O you poor man or woman! to tell you, by opening this parable, what sad success those souls have had, and are also likely to have, who have been, or shall be found persevering therein. O sinner, sinner, there are better things than Hell to be had, and at a cheaper rate by the thousandth part! O! there is no comparison! There is Heaven, there is God, there is Christ, there is communion with an innumerable company of saints and angels. Hear the message then that God sends, that Christ sends, that saints bring, nay, that the dead send unto you: 'I beg you, therefore, that you would send him to my father's house! If one went unto them from the dead — they would repent!'" The professor and historian delivers a major critique of how political and financial attacks on the academy are undermining our system of higher education. Making a provocative foray into the public debates over higher education, acclaimed historian *Ellen Schrecker* argues that the American university is under attack from two fronts. On the one hand, outside pressure groups have staged massive challenges to academic freedom, beginning in the 1960s with attacks on faculty who opposed the Vietnam War, and resurfacing more recently with well-funded campaigns against Middle Eastern Studies scholars. Connecting these dots, *Schrecker* reveals a distinct pattern of efforts to undermine the legitimacy of any scholarly study that threatens the status quo. At the same time, *Schrecker* deftly chronicles the erosion of university budgets and the encroachment of private-sector influence into academic life. From the dwindling numbers of full-time faculty to the collapse of library budgets, *The Lost Soul of Higher Education* depicts a system increasingly beholden to corporate America and starved of the resources it needs to educate the new generation of citizens. A sharp riposte to the conservative critics of the academy by the leading historian of the McCarthy-era witch hunts, *The Lost Soul of Higher Education*, reveals a system in peril—and defends the vital role of higher education in our democracy. In this middle grade graphic novel from the acclaimed animator/cartoonist, *Greta* and her friend (and pet tortoise!) have to solve the mystery of *Friendlytown*. *Greta* is a handful, until her pet turtle, *Nobody*, teaches her to soften her ways. The two team up with her new friend, *Gabby*, to discover why the kind-hearted people of *Friendlytown* have turned so mean. Equal parts high-flying adventure and deeply felt inquiry into essential goodness of human nature, *Greta Grump* features tech-whiz cats, ornery gopher librarians, and gangs of squirrels in matching sweater vests. The warmhearted allegory of this

graphic novel makes it perfectly calibrated to the present moment, when the need for us to look after one another is stronger than ever. "Solidifies Jackson's status as the queen of the modern-day suspense thriller." --The Providence Journal Kristi Bentz wants to write true crime. All she needs is that one case that will take her to the top. She finds it when she enrolls at All Saints College after learning that four girls have disappeared in less than two years. "Expect the unexpected." --The Clarion Ledger All four girls were "lost souls"--troubled, vulnerable girls with no one to care about them, no one to come looking for them if they disappeared. The only person that believes Kristi is her ex-lover, Jay McKnight, a professor on campus. The police think they're runaways, but Kristi senses there's something that links them--something terrifying. . . "Jackson creates relentless suspense. . . builds the tension to an unbearable and satisfying pitch." --Booklist As Kristi gets deeper into her investigation, she gets the feeling she's being watched and followed--studied, even. Then the bodies start turning up, and Kristi realizes she is playing a game with a killer who has selected her for membership in a special club from which there will be no escaping death. . . "Dark and disturbing." --The Roanoke Times In *Frankenstein: Lost Souls*, Dean Koontz puts a singular twist on this classic tale of ambition and science gone wrong, to forge a new legend uniquely suited to our times. It is a story of revenge, redemption, and the thin line that separates human from inhuman. The work of creation has begun again. Victor Leben, once Frankenstein, has seen the future ? and he's ready to populate it. Using stem cells, ?organic? silicon circuitry, and nanotechnology, he will engender a race of superhumans ? the perfect melding of flesh and machine. With a powerful, enigmatic backer and a secret location where the enemies of progress can't find him, Victor is certain that this time nothing can stop him. It is up to five people to prove him wrong. In their hands rests nothing less than the survival of humanity itself. They are drawn together in different ways, by omens sinister and wondrous, to the same shattering conclusion: Two years after they saw him die, the man they knew as Victor Helios lives on. As they gather at a small Montana town, old alliances will be renewed and tested, from within and without, for the dangers they face will eclipse any they have yet encountered. Yet in the midst of their peril, love will blossom, and joy, and they will discover sources of strength and perseverance they have not imagined. They will need them, for a monumental battle is about to commence that will require all their ingenuity and courage, as it defines what we are to be . . . and if we are to be at all. Traces the history of American political thought, and argues that the neo-conservatives have lost sight of the moral foundations of the country The poems in this book were written between the ages of 14 and 22 years old. This book started during my youth when I was sentenced to Juvenile Life with the Department of Juvenile Justice system. Long nights, bad dreams and a temper that caused bad judgment, I was encouraged to write what I feel. It is the poems in this book that helped me through so much and allowed me to express what I feel in an exceptional way. I never knew writing my first poem would be the beginning of a book that told a different part of my life through each page. So I wrote this book for those who dont understand me, for others who are misunderstood, and to express what I have felt through the toughest times a teenager can imagine. On a lonely hill in rural Ireland, overlooking the gray sea, sits the solid, unforgiving Moriarty home, Solas. After the departure of her grown son, Sive, the Storyteller, is alone in the house for the first time in years. She bathes, dresses in long flowing robes, and sweeps from room to room, calling together the souls of her family's past. As they all gather around the fire, Sive lays out her tarot cards and prepares to tell their stories. From the magical landscapes of coastal Ireland to the grotesque bustle of sixties London, Sive gives the history of her grandmother, her mother, and

herself. She traces the path of her grandmother's cruel and unbearable marriage to her mother's wild escape to London, and, finally, to her own return to the family home. Each woman endures the hardship of being poor and uneducated, and of becoming involved with the wrong men. Their lives are difficult and harsh; and yet, in their own ways, they are able to draw on their inner strength to help each other have a better life. Beautifully written with the Irish flare of weaving in a touch of magic, Suzanne Power's *The Lost Souls' Reunion* is the story of a mother's love for her child, a woman's love for her man, and a family's love for their land. A provocative, exuberant novel about time, memory, desire, and the imagination from the internationally bestselling and prizewinning author of *The Blazing World*. A young woman, S.H., moves to New York City in 1978 to look for adventure and write her first novel, but finds herself distracted by her mysterious neighbor, Lucy Brite. As S.H. listens to Lucy through the thin walls of her dilapidated building, she carefully transcribes the woman's bizarre monologues about her daughter's violent death and her need to punish the killer. Forty years later, S.H. stumbles upon the journal she kept that year and writes a memoir, *Memories of the Future*, in which she juxtaposes the notebook's texts, drafts from her unfinished comic novel, and her commentaries on them to create a dialogue among selves over the decades. She remembers. She misremembers. She forgets. Events of the past take on new meanings. She works to reframe her traumatic memory of a sexual assault. She celebrates the legacy of the wild and rebellious Dada artist-poet, the Baroness Elsa von Freytag-Loringhoven. As the book unfolds, you witness S.H. write her way through vengeance and into freedom. Smart, funny, angry, and poignant, Hustvedt's seventh novel brings together the themes that have made her one of the most celebrated novelists working today: the strangeness of time, the brutality of patriarchy, and the power of the imagination to remake the past.

In *Depth Sport Psychology: Reclaiming the Lost Soul of the Athlete* is a unique exploration of the vital archetypal elements and themes that emerge when considering elite sport psychology through a depth psychological lens. It provides athletes, young people, coaches and clinicians with ways to harness the self, placing athletes on a path towards personal growth and sporting excellence by reconnecting their spirit to their sport. Burston's multidisciplinary and inclusive approach details the importance of spirituality and other unmeasurable factors, such as emotional recovery, when investigating sporting potential. Incorporating research from classic mythology and the Greek sports academies, he traces sport back to humanity's animalistic and traumatic origins, explores the rise of the Olympic movement, and compares archetypal identities that are shared with athletes today. Relating this to today's financially driven and technological sporting climate, he considers the roots of play, examines the difference in the psyche of team sports and individual players, discusses the crucial, clinical welfare of young people, and dedicates a section to sportswomen. In *Depth Sport Psychology* emphasises how awakening an athlete's unconscious spirit can positively improve their performance, and offers an applicable methodology for athletes and teachers to use to better understand themselves and achieve brilliance. Uniquely exploring the connection between Jungian depth psychology and sports, the accessible tone of *In Depth Sport Psychology* will be key reading for analytical and depth psychologists in practice and in training, sports psychologists and other professionals working with athletes. It will also appeal to athletes and sportspeople interested in exploring a new perspective on sporting excellence.

Together, Twig and Flea raise themselves on the crime-ridden streets, taking what they need and giving the rest to the even-poorer. Life is good, as long as they have each other. But then Twig wakes up in the Afterlife with just a handful of memories from Earth and one big question ... how did he get there? Loyalty will be tested, and a cruel twist of fate will lead to an act of ultimate betrayal in this epic story that spans a city, a decade, and the divide of life and death itself. From the award-winning author of The Bone Sparrow. The remarkable story of Eamonn Magee’s life takes in a childhood lived during the height of The Troubles, a youth spent involved with the IRA, and the constant presence of drink, drugs, gambling and violence throughout his life. It may be hard to believe but it was against the background of all this that Eamonn won the WBU world welterweight and Commonwealth light welterweight titles. The author, Paul Gibson, has managed to decipher a very dark, very troubled, very flawed individual who happened to have an exceptional gift to box at the highest world level. The Lost Soul of Eamonn Magee reads like the screenplay of the kind of gritty rags-to-riches-to-rags boxing story that Hollywood producers seem to love. "Reading Bob's stories is almost better than hearing them firsthand. You get all the laughs and adventure...without the killer hangover!"--Cruising World "It seems as is Bob is spinning the world around under him rather than simply making his way across the planet's surface."--47 North "Ghost story, love story, and mystery in equal measure, Helene Dunbar's Prelude for Lost Souls is filled with unforgettable characters who reveal the many ways a life can be haunted. Perfect for fans of The Raven Boys."—Lisa Maxwell, New York Times bestselling author of The Last Magician series From acclaimed author Helene Dunbar comes a spellbinding young adult book about a small town filled with spiritualists and one boy who wants out, perfect for readers who want teen ghost books and fans of Maggie Stiefvater, Maureen Johnson, and Nova Ren Suma. In the town of St. Hilaire, most make their living by talking to the dead. In the summer, the town gates open to tourists seeking answers while all activity is controlled by The Guild, a sinister ruling body that sees everything. Dec Hampton has lived there his entire life, but ever since his parents died, he's been done with it. He knows he has to leave before anyone has a chance to stop him. His best friend Russ won't be surprised when Dec leaves—but he will be heartbroken. Russ is a good medium, maybe even a great one. He's made sacrifices for his gift and will do whatever he can to gain entry to The Guild, even embracing dark forces and contacting the most elusive ghost in town. But when the train of Annie Krylova, the piano prodigy whose music has been Dec's main source of solace, breaks down outside of town, it sets off an unexpected chain of events. And in St. Hilaire, there are no such things as coincidences. This could well be a decade-defining book akin to Bolaño’s 2666.” –AV Club “Sophisticated and ribald and brimming with folk wit. . . The comedy in this novel blends, as it does in life, with genuine tragedy.” –Dwight Garner, The New York Times The Nobel Prize–winner’s richest, most sweeping and

ambitious novel yet follows the comet-like rise and fall of a mysterious, messianic religious leader as he blazes his way across eighteenth-century Europe. In the mid-eighteenth century, as new ideas—and a new unrest—begin to sweep the Continent, a young Jew of mysterious origins arrives in a village in Poland. Before long, he has changed not only his name but his persona; visited by what seem to be ecstatic experiences, Jacob Frank casts a charismatic spell that attracts an increasingly fervent following. In the decade to come, Frank will traverse the Hapsburg and Ottoman empires with throngs of disciples in his thrall as he reinvents himself again and again, converts to Islam and then Catholicism, is pilloried as a heretic and revered as the Messiah, and wreaks havoc on the conventional order, Jewish and Christian alike, with scandalous rumors of his sect's secret rituals and the spread of his increasingly iconoclastic beliefs. The story of Frank—a real historical figure around whom mystery and controversy swirl to this day—is the perfect canvas for the genius and unparalleled reach of Olga Tokarczuk. Narrated through the perspectives of his contemporaries—those who revere him, those who revile him, the friend who betrays him, the lone woman who sees him for what he is—The Books of Jacob captures a world on the cusp of precipitous change, searching for certainty and longing for transcendence. In a nod to books written in Hebrew, The Books of Jacob is paginated in reverse, beginning on p. 955 and ending on p. 1 – but read traditionally, front cover to back.
