This factory written Detroit Iron shop manual is perfect for the restorer or anyone working on one of these vehicles. This book contains information necessary to the proper handling and care of your Ford car. Read it carefully—particularly the instructions on lubrication, the cooling system, care of battery, etc., which are absolutely necessary to economical and satisfactory operation. Your car is a splendid piece of machinery. If properly cared for, it will give you years of satisfactory service at little cost. When repairs are needed, we recommend having the work done by an authorized Ford dealer. They are provided with special service equipment. Furthermore they are interested, more than any one else, in your personal satisfaction with the car. Let experienced mechanics make repairs or adjustments. Your car is too valuable a piece of machinery to place in unskilled hands. Expert workmanship is just as essential in servicing your car as it is in building it. This 1948-52 Ford Tractor Model 8N Operator's Manual is a high-quality, licensed PRINT reproduction of the service manual authored by Dodge Division and published by Detroit Iron. Built by Ford to challenge the supremacy of Ferrari at Le Mans, the GT40 first raced in 1964, and went on to win Le Mans four times in a row, from 1966 to 1969. Here, in this new Haynes Manual, is a unique perspective on what it takes to own, restore and maintain a GT40, as well as an insight into the engineering and construction of this legendary racing car.
