Tune in to HGTV, visit your local bookstore's magazine section, or flip to the 'Homes' section of your weekend newspaper, and it becomes clear: domestic spaces play an immense

role in our cultural consciousness. The Domestic Space Reader addresses our collective fascination with houses and homes by providing the first comprehensive survey of the concept across time, cultures, and disciplines. This pioneering anthology, which is ideal for students and general readers, features writing by key scholars, thinkers, and writers including Gaston Bachelard, Mary Douglas, Le Corbusier, Homi Bhabha, Henri Lefebvre, Mrs. Beeton, Ma Thanegi, Diana Fuss, Beatriz Colomina, and Edith Wharton. Among the many engaging topics

explored are: the impact of domestic technologies on family life; the relationship between religion and the home; nomadic peoples and housing; domestic spaces in art and literature, and the history of the bedroom, the kitchen, and the bathroom. The Domestic Space Reader demonstrates how discussions of domestic spaces can help us better understand our inner lives and challenge our perceptions of life in particular times and places. If you are among those who tremble and break into a sweat at the thought of facing an audience, or hesitate in offering an opinion,

you are not alone. When this happens a few times, we begin to feel that spoken communication is not our forte and we begin to avoid it as far as possible, and when we cannot avoid it, we go through it anyhow, reconciled to not making much of an impact. Prof Meenakshi Sharma in *Speak With Impact* shows you how to get results and to leave a mark. Interactive, accessible, and with a host of useful examples, *Speak With Impact* equips you to sharpen your ability to leave an impact on others with your every interaction.. A fierce war rages for your soul. Are you ready for battle? Like it or not, you

are at war. You face a powerful enemy out to destroy you. You live on the battlefield, so you can't escape the conflict. It's a spiritual war with crucial consequences in your everyday life and its outcome will determine your eternal destiny. You must engage the Enemy. And as you fight, you need a Manual for Spiritual Warfare. This guide for spiritual warriors will help you recognize, resist, and overcome the Devil's attacks. Part One, "Preparing for Battle," answers these critical questions: • Who is Satan, and what powers does he have? • What are his typical strategies? • Who

fights him alongside us in battle? • What spiritual weapons and armor do we possess? • How do we keep the Enemy out of our camp? Part Two, "Aids in Battle," provides you these essential resources: • Teaching about spiritual warfare from Scripture and Church documents • Scripture verses for battle • Wisdom and inspiration from saints who fought Satan • Prayers for protection, deliverance, and victory • Rosary meditations, hymns, and other devotions for spiritual combat St. Paul urges us to "fight the good fight of the faith" (1 Tim 6:12). Take this Manual for Spiritual Warfare with you into battle.

The beautiful Premium UltraSoft gift edition features sewn binding, ribbon marker and silver edges. Unlike many flute books which give long series of exercises, but no instruction on how to play the flute, the Illustrated Method for Flute uses the resources of language, illustration, and photography to help you to learn to play the flute quickly and successfully. It is based not only on the musical and teaching experience of its authors, but also on current research in the physics of sound production in the flute and physiological and anatomical aspects of flute playing. Great care was taken to carefully

describe the workings of the muscles, the breathing aperture, the acoustical principles, and the common phenomena (such as vibrato) associated with the flute. The Illustrated Method for Flute also includes five brilliantly written etudes and a fingering chart for easy reference. This book is the first dedicated volume of academic analysis on the monumental work of Elena Ferrante, Italy's most well-known contemporary writer. The Works of Elena Ferrante: Reconfiguring the Margins brings together the most exciting and innovative research on Ferrante's treatment of the

intricacies of women's lives, relationships, struggles, and dilemmas to explore feminist theory in literature; questions of gender in twentieth-century Italy; and the psychological and material elements of marriage, motherhood, and divorce. Including an interview from Ann Goldstein, this volume goes beyond "Ferrante fever" to reveal the complexity and richness of a remarkable oeuvre. A love poem from mother to child with a photo pocket that allows for personalization. In Mommy Loves You!, renowned author P. K. Hallinan celebrates all the ways a mother's

On the occasion of the 90th anniversary of Pininfarina, a marque synonymous with style and elegance applied to car design, Pininfarina is a book that surveys, for the first time, the entire output of the Turin coachbuilder, model by model. Produced in close

collaboration with the company, it draws on invaluable photographic material accompanying brief contextualising texts. Tracing the history of Pininfarina from its origins to the present day entails reviewing some of the most iconic models in automotive history: from the numerous Ferraris bodied by the historic partner of the Maranello firm to cars such as the Cisitalia 202, the Lancia Aurelia, the Alfa Romeo Duetto and 164, the Maserati GranTurismo through to the current models born under the aegis of the Indian firm Mahindra. The book also covers the numerous

Pininfarina concept cars that have written glorious pages in the history of design, raising the bar every time in terms of the excellence of the car product. Corporate cultures, global mindsets, and employee priorities are changing, which means management and human resources departments must also evolve. To ensure teams are well crafted, motivated, and successful, managers and HR professionals must step outside their comfort zone and adapt to younger, newer ways of thinking-they must become Agile. In Agile People, management consultant Pia-

Maria Thoren outlines how managers, human resources professionals, company decision-makers, and employees can adopt the flexible, fluid, customer-focused mindset of modern tech companies to inspire their workers and strengthen their organizations. This essential handbook explains both the theories and practical applications behind the Agile framework, showing how companies can do the following: - Create a structure and culture for an organization to meet future challenges -Give management and HR the changed

mindset and the tools to facilitate employee drive and performance - Empower employees to become motivated stakeholders -Adopt hiring practices that value attitude, behavior, and competence -Create a passionate, loyal, and accomplished workforce No matter the size of a company, it can benefit from an Agile mindset and launch into a future filled with successful leadership and motivated employees. Modern drumset studies written with contemporary notations conceived for the concert and jazz drummer. Applying modern critical theory to the interpretation

of Latin poetry, the author argues for a critical approach wherein the meaning of a text is necessarily involved in the process of "reception"-- as illustrated through exemplary readings of Virgil, Ovid, Horace and Lucan. Most people outside Italy know Pier Paolo Pasolini for his films, many of which began as literary works—Arabian Nights, The Gospel According to Matthew, The Decameron, and The Canterbury Tales among them. What most people are not aware of is that he was primarily a poet, publishing nineteen books of poems during his lifetime, as well as a visual artist, novelist,

playwright, and journalist. Half a dozen of these books have been excerpted and published in English over the years, but even if one were to read all of those, the wide range of poetic styles and subjects that occupied Pasolini during his lifetime would still elude the English-language reader. For the first time, Anglophones will now be able to discover the many facets of this singular poet. Avoiding the tactics of the slim, idiosyncratic, and aesthetically or politically motivated volumes currently available in English, Stephen Sartarelli has chosen poems from every period of

Pasolini's poetic oeuvre. In doing so, he gives English-language readers a more complete picture of the poet, whose verse ranged from short lyrics to longer poems and extended sequences, and whose themes ran not only to the moral, spiritual, and social spheres but also to the aesthetic and sexual, for which he is most known in the United States today. This volume shows how central poetry was to Pasolini, no matter what else he was doing in his creative life, and how poetry informed all of his work from the visual arts to his political essays to his films. Pier Paolo Pasolini was "a poet

of the cinema," as James Ivory says in the book's foreword, who "left a trove of words on paper that can live on as the fast-deteriorating images he created on celluloid cannot." This generous selection of poems will be welcomed by poetry lovers and film buffs alike and will be an event in American letters. Most contemporary poets wear their cultural and artistic influences on their sleeve. Picking up a book in an English language bookstore, it is easy to see where the poet is coming from, either geographically, or culturally (ironic and formal; confessional and free etc). This may

seem reductive until you read a book like the one you have in your hands. Put simply, Mia Lecomte is a quietly dazzling poet on her own terms. She is fed by multiple cultures, she is widely read, but her writing is unique and absolutely genuine. You won't have read anything like this. Can one car transform a nation? The Ford Model T did do so a century ago when it replaced the horse, brought about a revolution in agriculture, became a stimulus to urbanization that eventually changed the landscape of America. Though the Maruti 800, the Tata Indica, the Hyundai Santro and the Maruti Alto,

became engines of growth for India, these cars neither drove away the cow nor changed the way Indians travelled. Tata's Nano was expected to change all that and become the ultimate people's car, capturing the imagination of the middle class across nations and cultures. In spite of its petite dimensions, the Nano was meant to stand tall. Yet it did not. What caused it to fail and fall from grace despite being lauded as the 'right product at the right time' and 'the most significant new car since the Ford Model T was introduced 100 years ago'? But is it really all over or is there still hope for India's 'little

wonder'? What will the people's cars of tomorrow be like? A Million Cars for a Billion People delves into the questions, concerns and doubts, as well as the many misconceptions and myths, that have gathered momentum over the years about India's automotive history and the industry's mission to create a true 'people's car'. The very first cars that came to India; the early beginnings of the industry; the nascent history of the automobile across nations like Germany, France, US, the UK, Italy, Japan and South Korea, is narrated with authority and charm, from the viewpoint of the quest for the

ultimate people's car. A first introduction to this everyday material for young readers Included in this volume are Suzuki's famous study "Enlightenment and Ignorance," a chapter on "Practical Methods of Zen Instruction," the essays "On Satori — The Revelation of a New Truth in Zen Buddhism" and "History of Zen Buddhism from Bodhidharma to Hui-Níng (Yeno)," and his commentary on "The Ten Cowherding Pictures" which have long been used in Zen to illustrate the stages of spiritual progress. Poetry. Bilingual Editon. Translated from the Italian by Luigi

Bonaffini. THE BEDROOM [La camera da letto] is Bertolucci's best-known work, so popular that the poet once read it to television viewers on a seven-hour program. It is a narrative poem that traces the history of the poet's family across seven generations with directness, precision and attention to everyday details, major events and fantastic surprises. Paolo Lagazzi writes in his introduction: "THE BEDROOM is a sort of a multi-novel, or a distillation of very diverse narrative forms and intuitions: a Bildungsroman and fairytale, an epoch novel, a novel-chronicle, a

dramatic novel and a picaresque novel. An experimental work in the most authentic sense of the word..."

"Nothing of time's essence escapes or is neglected by the author's ravenous sensibility, no less active in recording the multiple places in which existence rests (the city and the countryside, the sea and the plane, the Po river and the Maremma) in an exuberant display of forms, lights, perspectives, tonalities."—Luigi Ferrara
