In fact, just as our Army trains dogs for combat roles, it has a program to train the captured Undead for combat roles. No zombie that our Army can capture will go unutilized. This is our Army's "No Zombie Left Behind" policy. The manual in your hands is the Department of Defense's principal source of information on care, conditioning, training, and operations of

our Army's Working Zombies - such as Blech!, the brave zombie who served in a capacity similar to that of his canine comrade Cairo in the raid that killed Bin Laden. From basics, such as "HEEL" and "STAY" to negotiating obstacle courses, to tracking, searching, attacking, and even zombies working undercover in the real world, this manual shows readers how our military trains zombies to be soldier zombies. Illustrations depict the dos and don'ts of zombie care, training, and operations. Contents include:

- * Zombie-Veterinary Training Priorities *

In accessible language, Ceremonies covers the roles of servers in a wide range of Catholic liturgical celebrations. These are described in full, such as: the Mass in both the Ordinary and Extraordinary forms, the seven sacraments, the ceremonies of Holy Week, the Liturgy of the Hours, funeral rites, the liturgies that are celebrated by a bishop and major blessings. Ceremonies also provides accurate explanations for each of these rites, with Catholic teaching on the liturgy and sacraments and a history of the ministry of servers. The skills, techniques and discipline involved in serving are explained, such as: how a procession should move, how to assist with incense, team-work and responding in
