Immanuel's Veins Nov 02 2020 This story is for everyone--but not everyone is for this story. It is a dangerous tale of times past. A love story full of deep seduction. A story of terrible longing and bold sacrifice. Then as now, evil begins its courtship cloaked in light. And the heart embraces what it should flee. Forgetting it once had a truer lover. With a kiss, evil will ravage body, soul, and mind. Yet there remains hope, because the heart knows no bounds. Love will prove greater than lust. Sacrifice will overcome seduction. And blood will flow. Because the battle for the heart is always violently opposed. For those desperate to drink deep from this fountain of life, enter. But remember, not everyone is for this story. "A heart-wrenching journey of redemption and hope that left me sobbing, laughing, and clinging to every word."--Donna McChristian, 44, Environmental Chemist

In the Service of Dragons (The Complete Tetralogy) Apr 19 2022 Four complete novels. Over 1,000 pages in print. In the Service of Dragons is the continuation of Robert Stanek's multilayered epic fantasy adventure for

young adults that began with *The Kingdoms and the Elves of the Reaches*. In his acclaimed *The Kingdoms and the Elves of the Reaches* books, he introduced us to the story of *Ruin Mist*, an extraordinary world of magic, adventure, and intrigue. Now in the eagerly awaited follow-up, he once again proves himself a wonderful storyteller with a gift for fast pacing and believable storylines. Already hailed as a classic, Robert Stanek's powerful epic fantasy series has been enjoyed by readers all over the world. The *Elves of the Reaches* returned from exile, bringing grave news. War came to the Kingdoms, and many perished in the turmoil and unrest. An attempt was made to kidnap a princess and assassinate a king. Now, from the ancient past a dark power returns. "The Fourth Wind blows across the mountain tops," they say. And the Twelve Clans emerge from myth and memory. As prophecy becomes reality, the factions struggle for control only to further divide the lands. Some would say that it was foolish for King Andrew Alder to support the *Elves of the Reaches* and send men to aid their cause when Men in all lands were being put to the test of steel. And in the North, men back their words with action. Against a backdrop of treachery and intrigue, murder and mayhem, the price of freedom is high. Many will pay with their lives. Many will succumb to imprisonment and enslavement; for when alliances shatter, old hatreds rise anew and the plotting and scheming begin. Bold, inventive, brilliantly imagined, *In the Service of*

A Time for Wisdom Mar 18 2022 These are volatile times. Fear, suspicion, and cynicism are chronic. A mere tweet inflames the passions of millions while click-bait “hot takes” stoke the amygdalas of everyone with an Internet connection. We treat those not in our tribe as a threat and deem anyone with a different opinion as evil. Mistaking myopia for measure, we lack all sense of proportion in our judgments. We are shortsighted, mired in the present, ignorant of history, and blind to the future. We thought that technology would save us by connecting us to each other and the world’s information. Instead, it enticed our vices, encouraged our biases, and eroded the one virtue we need now more than ever: wisdom. A Time for Wisdom is for readers who feel beleaguered by the incivility of the modern world, dispirited by its coarse rhetoric and toxic partisanship. It is an invitation to escape the shallow cacophony and restore peace and perspective to our daily lives. Written by two psychologists, the book takes the best scientific research on wisdom and integrates it with timeless concepts that have, for ages, guided troubled souls through life’s hardships. From this foundation, the authors present four steps we can follow to practice wisdom in the 21st Century: Receiving knowledge. Practicing detachment.

Experiencing tranquility. Cultivating transcendence. These are profound and spiritual principles that can bring us immense satisfaction when we aspire to live by them. In *A Time for Wisdom*, the authors show us how. They commend a course of action towards the Good, the True, and the Beautiful, towards calm and clear moral reasoning. They lead us out of the circus of contemporary life and show us a path beyond our petty self-centeredness. By journeying along that path, we can, like the great sages and scientists before us, rise above the immediacy of the moment and partake of the numinous and the infinite.

Where the Mountain Meets the Moon Oct 25 2022 This stunning fantasy inspired by Chinese folklore is a companion novel to *Starry River of the Sky* and the New York Times bestselling and National Book Award finalist *When the Sea Turned to Silver*. In the valley of Fruitless mountain, a young girl named Minli lives in a ramshackle hut with her parents. In the evenings, her father regales her with old folktales of the Jade Dragon and the Old Man on the Moon, who knows the answers to all of life's questions. Inspired by these stories, Minli sets off on an extraordinary journey to find the Old Man on the Moon to ask him how she can change her family's fortune. She encounters an assorted cast of characters and magical creatures along the way, including a dragon who accompanies her on her quest for the ultimate answer. Grace Lin, author of the beloved *Year of the Dog* and *Year of the Rat* returns

with a wondrous story of adventure, faith, and friendship. A fantasy crossed with Chinese folklore, *Where the Mountain Meets the Moon* is a timeless story reminiscent of *The Wizard of Oz* and Kelly Barnhill's *The Girl Who Drank the Moon*. Her beautiful illustrations, printed in full-color, accompany the text throughout. Once again, she has created a charming, engaging book for young readers.

Christian Temperance and Bible Hygiene Nov 21 2019 Elder James White and his wife, Mrs. E. G. White, enjoyed speaking and writing about how true science and the Scriptures are related to one another. Various experiences motivated them to consider questions about health and ultimately share their knowledge with others. Written in a time when the subject of health was almost wholly ignored, the articles they wrote led thousands of people to change life-long habits. They were also among the first to present the subject of hygiene in consistency with the Bible and Christian

beliefs. The principles presented in this book have not only stood the test of time, but have been proven to be even more accurate over the past several years by scientific evidence. Mrs. E. G. White shared her thoughts on Christian temperance, while Elder James White wrote on the subject of Bible hygiene. This collection of their more important writings will both inspire and instruct you in temperance and hygiene from a Biblical point of view.

The Morning After Jul 30 2020 A #1 national bestseller, winner of the QWF Mavis Gallant Prize for Non-Fiction, and finalist for the BC National Award for Canadian Non-Fiction and the Shaughnessy Cohen Prize for Political Writing, The Morning After is a sly, insightful

and wonderfully original book from one of Canada's most popular political analysts, Chantal Hébert, and one of Quebec's top political broadcasters, Jean Lapierre. Only the most fearless of political journalists would dare to open the old wounds of the 1995 Quebec referendum, a still-murky episode in Canadian history that continues to defy our understanding. The referendum brought one of the world's most successful democracies to the brink of the unknown, and yet Quebecers' attitudes toward sovereignty continue to baffle the country's political class. Interviewing seventeen key political leaders from the duelling referendum camps, Hébert and Lapierre begin with a simple premise: asking what were these political leaders' plans if the vote had gone the other way. Even two decades later, their answers may shock you. And in asking an unexpected question, these veteran political observers cleverly expose the fractures, tensions and fears that continue to shape Canada today.

Learning from Entrepreneurial Failure Jun 21 2022 Learning from Entrepreneurial Failure provides an important counterweight to the multitude of books that focus on entrepreneurial success. Failure is by far the most common scenario for new ventures and a critical part of the entrepreneurial process is learning from failure and having the motivation to try again. This book examines the various obstacles to learning from failure and explores how they can be overcome. A range of topics are discussed that include: why some people have a more negative emotional reaction to failure than others and how these negative emotions can be managed; why some people delay the decision

to terminate a poorly performing entrepreneurial venture; anti-failure biases and stigmatism in organizations and society; and the role that the emotional content of narratives plays in the sense-making process. This thought-provoking book will appeal to academic researchers, graduate students and professionals in the fields of entrepreneurship and industrial psychology.

Story Engineering May 28 2020 What makes a good story or a screenplay great? The vast majority of writers begin the storytelling process with only a partial

understanding where to begin. Some labor their entire lives without ever learning that successful stories are as dependent upon good engineering as they are artistry. But the truth is, unless you are master of the form, function and criteria of successful storytelling, sitting down and pounding out a first draft without planning is an ineffective way to begin. Story Engineering starts with the criteria and the architecture of storytelling, the engineering and design of a story--and uses it as the basis for narrative. The greatest potential of any story is found in the way six specific aspects of storytelling combine and empower each other on the page. When rendered artfully, they become a sum in excess of their parts. You'll learn to wrap your head around the big pictures of storytelling at a professional level through a new approach that shows how to combine these six core competencies which include:

- Four elemental competencies of concept, character, theme, and story structure (plot)
- Two executional competencies of scene construction and writing voice

The true magic of storytelling happens when these six core competencies work together in perfect harmony. And the best part? Anyone can do it!

House Call Dec 15 2021 No one would ever make the connection between the deaths: a young, attractive female nurse left brutally stabbed and floating in her bathtub and a prominent, older physician who drowns after tumbling from his deer stand. However, in this first novel, Mississippi physician Darden North masterfully weaves a fabric of secret self-indulgences, reverse discrimination, diverse sexual interests, and murder then drapes it across a fictional southern community. Lurking on the periphery, indirectly touching nearly every colourful character in this medical thriller, is a demonic killer whose victims share the wounds of a twisted psyche. To parallel the bumbling police investigation of the nurse's slaughter is the spreading poison of corporate financial greed that defiles the very core of decency. The unique qualities of this murder mystery lie in its gripping realism wrapped in intense personal tragedy, all crafted by a busy obstetrician-gynaecologist who delivers babies. "House Call" appeals to men and women readers
