Say It Out Loud Oct 27 2019 An empowering look at finding your voice, facing your fears, and standing up for what's right, from the author of Property of the Rebel Librarian. Charlotte Andrews is perfectly fine being quiet--in fact, she prefers it. When she doesn't speak, people can't make fun of

her stutter. But when she witnesses bullying on the school bus and doesn't say anything, her silence comes between her and her best friend. As if that wasn't bad enough, her parents signed her up for musical theater. Charlotte doesn't want to speak onstage, but at least she doesn't stutter when she sings. Then, just as she starts to find her voice, the arts program is cut. Charlotte can't stay silent anymore. So she begins to write. Anonymous encouraging notes to her classmates. Letters to the school board to save the school musical. And an essay about the end of her best friendship--and her hope that she can still save it. Words could save Charlotte Andrews and everything she believes in . . . if she just believes in herself enough to speak up.

Don't Kiss Them Good-bye Jan 03 2023 The author describes her experiences as a medium and psychic profiler for various law enforcement agencies.

A Good Killing May 15 2021 "Former federal prosecutor and critically acclaimed author Allison Leotta's spellbinding thriller follows prosecutor Anna Curtis as she heads home to Michigan to defend her sister in a case that will bring her to her knees. Newly single after calling off her wedding, sex-crimes prosecutor Anna Curtis is summoned home to Michigan when her old high school coach--a hometown hero--is killed in a fiery car crash. But Anna isn't there to prosecute a crime, she's home to support her innocent sister, Jody, who has been wrongfully accused of the coach's murder. But maybe Jody isn't so innocent after all? The police are convinced that Jody was having an affair with the married coach and killed him out of jealousy. As Anna

investigates with the help of her childhood friend Cooper Bolden--an Afghan War veteran with a secret of his own--she slowly peels back the facade of her all-American hometown and discovers that no one is telling the truth about the coach, not even the people she thought she knew best. When the town rallies against them, threatening not just Jody's liberty but both sisters' lives, Anna resolves to do everything she can to save her sister and defend the only family she has left. In her best book yet, Leotta, "a highly entertaining storyteller" (George Pelecanos), explores the limits of vigilante justice, the bonds of sisterhood, and the value of the truth"--

***The Adults* Jan 29 2020 Now available in paperback, "Tom Perrotta meets Curtis Sittenfeld in this razor-sharp debut by Alison Espach, who weaves a wry, devastatingly perceptive coming-of-age tale set in Connecticut's affluent suburbs" (Marie Claire). In her ruefully funny and wickedly perceptive debut novel, Alison Espach deftly dissects matters of the heart and captures the lives of children and adults as they come to terms with life, death, and love. At the center of this affluent suburban universe is Emily Vidal, a smart and snarky teenager, who gets involved in a suspect relationship with one of the adults after witnessing a suicide in her neighborhood. Among the cast of unforgettable characters is Emily's father, whose fiftieth birthday party has the adults descending upon the Vidal's patio; her mother, who has orchestrated the elaborate party even though she and her husband are getting a divorce; and an assortment of eccentric neighbors, high school teachers, and teenagers who teem with anxiety and sexuality and an unbridled desire to be noticed,**

and ultimately loved. An irresistible chronicle of a modern young woman's struggle to grow up, *The Adults* lays bare—in perfect pitch—a world where an adult and a child can so dangerously be mistaken for the same exact thing.

Blood Jan 11 2021 The Grammy- and Academy Award-nominated singer-songwriter's haunting, lyrical memoir, sharing the story of an unthinkable act of violence and ultimate healing through art Mobile, Alabama, 1986. A fourteen-year-old girl is awakened by the unmistakable sound of gunfire. On the front lawn, her father has shot and killed her mother before turning the gun on himself. Allison Moorer would grow up to be an award-winning musician, with her songs likened to "a Southern accent: eight miles an hour, deliberate, and very dangerous to underestimate" (Rolling Stone). But that moment, which forever altered her own life and that of her older sister, Shelby, has never been far from her thoughts. Now, in her journey to understand the unthinkable, to parse the unknowable, Allison uses her lyrical storytelling powers to lay bare the memories and impressions that make a family, and that tear a family apart. *Blood* delves into the meaning of inheritance and destiny, shame and trauma -- and how it is possible to carve out a safe place in the world despite it all. With a foreword by Allison's sister, Grammy winner Shelby Lynne, *Blood* reads like an intimate journal: vivid, haunting, and ultimately life-affirming.

But their new home comes with one downside: in the backyard, there is an ancient, dark, and fierce-looking mulberry tree that has ceased bearing any fruit. ***What You Have Left* Oct 20 2021** *What You Have Left* is an unforgettable story of love, loss, and, most of all, longing. In 1976, on the day of his wife's funeral, Wylie Greer drops off his five-year-old daughter, Holly, at his father-in-law's dairy farm on the outskirts of Columbia, South Carolina. Wylie tells her he just needs a little time to clear his head, but thirty years pass before Holly sees her father again -- "time I spent wondering what I'd done to make him leave," she says, "and what I could do to make him come back." **What You Have**

Left is about a father and daughter trying to make their way back to one another across decades of uncertainty and ambivalence -- all the while hoping to discover that what they have left is worth salvaging. It's also the story of a grandfather bent on suicide, a pioneering female NASCAR driver, a heartbroken amnesiac, a video poker junkie, and assorted other liars, cheaters, and lovers who, despite their best intentions, never quite live up to their own expectations. Are we doomed to repeat our parents' mistakes? Can lies save love instead of destroying it? Is letting go the same as giving up? Shot through with sly humor and a knowing sympathy for human weakness, What You Have Left takes up these and other questions as it examines the weight of history, the nature of loss, and the possibility of forgiveness. Making use of bold shifts in viewpoint and time, Allison proves a brilliant observer of the emotional legacies handed down from parent to child and the ways loss defines us. This stunning debut brims with an affection for humanity exactly as it is -- in all its ignorance and awareness, its swagger and humility, its despair and hope.

Destined For War Jul 17 2021 NATIONAL BESTSELLER | NEW YORK TIMES NOTABLE BOOK OF THE YEAR. From an eminent international security scholar, an urgent examination of the conditions that could produce a catastrophic conflict between the United States and China—and how it might be prevented. China and the United States are heading toward a war neither wants. The reason is Thucydides’s Trap: when a rising power threatens to displace a ruling one, violence is the likeliest result. Over the past five hundred years, these conditions have occurred sixteen times; war broke out in twelve. At the time of publication, an unstoppable China approached an immovable America, and both Xi Jinping and Donald Trump promised to make their countries “great again,” the seventeenth case was looking grim—it still is. A trade conflict, cyberattack, Korean crisis, or accident at sea could easily spark a major war. In *Destined for War*, eminent Harvard scholar Graham Allison masterfully blends history and current events to explain the

timeless machinery of Thucydides's Trap—and to explore the painful steps that might prevent disaster today. **SHORT-LISTED FOR THE 2018 LIONEL GELBER PRIZE NAMED A BEST BOOK OF THE YEAR BY: FINANCIAL TIMES * THE TIMES (LONDON)* AMAZON** “Allison is one of the keenest observers of international affairs around.” — President Joe Biden “[A] must-read book in both Washington and Beijing.” — Boston Globe “[Full of] wide-ranging, erudite case studies that span human history . . . She was a dedicated student with tons of extracurricular activities, friends, and loving parents at home. But after awakening from a vivid nightmare in which she was diagnosed with brain cancer, she was convinced the dream had been a warning. Allison believed that she must do something to stop the cancer in her dream from becoming a reality. It started with avoiding sidewalk cracks and quickly grew to counting steps as loudly as possible. Over the following weeks, her brain listed more dangers and fixes. She had to avoid hair dryers, calculators, cell phones, computers, anything green, bananas, oatmeal, and most of her own clothing. Unable to act “normal,” the once-popular Allison became an outcast. Her parents questioned her behavior, leading to explosive fights. When notebook paper, pencils, and most schoolbooks were declared dangerous to her health, her GPA imploded, along with her plans for the future. Finally, she allowed herself to ask for help and was diagnosed with obsessive-compulsive disorder. This brave memoir tracks Allison’s descent and ultimately hopeful climb out of the depths.

Just Dope Dec 10 2020 For readers of *Dopesick* and *In the Realm of Hungry Ghosts*, a celebrated cannabis attorney's personal look at the War on Drugs and what comes next for the drug legalization movement Getting high is something most of us do, and in many cases do safely--yet drugs remain a singular public enemy. In a ranging blend of memoir, pop culture, policy critique, and social analysis, LA-based criminal defense attorney Allison Margolin explores why--and what we can do about it. Informed by Margolin's experiences as a drug user, advocate, and the daughter of California's most renowned (and infamous) cannabis attorney, *Just Dope* offers a look at where our current drug policy fails. It exposes the true history of drug prohibition in the United States, sharing why it started, how it evolved, and where it stands

now. And it looks unflinchingly at the false dichotomy between “good” drugs and “bad” drugs and Margolin’s experience with programs like D.A.R.E that misguidedly ask you to “Just Say No.” For readers of *All Day is a Long Time* and *In the Realm of Hungry Ghosts*, *Just Dope* is an experiential tour-de-force of personal essay and whip-smart policy critique—and a vital call to knowledge and action.

We Are Their Heaven Nov 01 2022 In *We Are Their Heaven*, Allison explores both connection and communication between the living and the dead. Throughout the book, Allison explains her link with the dead and allows those she has read for to share their own experiences with us. They identify the 'calling cards' of the dead, the initial private piece of information that serves to legitimize that the deceased is in fact trying to contact their loved one. Each chapter focuses on a different type of connection and loss: of parents, children, siblings, friends and spouses. With each reading, Allison's compassion is clearly seen. She explains how the spirit world requires a different sort of 'listening' from her. When you can 'feel' someone near you, she urges that this is not your imagination, but a heightened sense of awareness and what she calls a spiritual encounter. Her account of speaking to a group of parents of murdered children allows us to see that she sees as she walks into the room and finds each of the dead children there with their living parents. *Don't Kiss Them Goodbye* was a rewarding book for anyone interested in mediums. With *We Are Their Heaven*, Allison expands her audience. From a perspective few can offer, she shares heartbreaking and heartwarming tales of connection from the

other side and provides comforting proof that our loved ones stay with us long after they are gone. Anyone who has experienced loss will find this book quenches their curiosity and soothes their hearts about those we miss.

The Last Good Girl Nov 08 2020 From Allison Leotta, the “highly entertaining storyteller” (George Pelecanos) who writes “in a style that’s as real as it gets” (USA TODAY), a ripped-from-the-headlines novel featuring prosecutor Anna Curtis at the center of a national story involving campus rape and the disappearance of a young woman. Emma, a freshman at a Michigan university, has gone missing. She was last seen leaving a bar near the prestigious and secretive fraternity known on campus as “the rape factory.” The main suspect is Dylan Brooks, the son of one of the most powerful politicians in the state. But so far the only clues are pieced-together surveillance footage of Emma leaving the bar that night...and Dylan running down the street after her. When Anna discovers the video diary Emma kept over her first few months at college, it exposes the history she had with Dylan: she had accused him of rape before disappearing. Emma’s disappearance gets media attention and support from Title IX activists across the country, but Anna’s investigation hits a wall. Now Anna is looking for something, anything she can use to find Emma alive. But without a body or any physical evidence, she’s under threat from people who tell her to think hard before she ruins the name of an “innocent young man.” Inspired by real-life stories, The Last Good Girl shines a light on campus rape and the powerful emotional dynamics that affect the families of the men and women on both sides.

How Hard Can It Be? Apr 25 2022 Look, I was doing OK. I got through the oil spill on the road that is turning forty. Lost a little control, but I drove into the skid just like the driving instructors tell you to and afterwards things were fine again, no, really, they were better than fine. Kate Reddy had it all: a nice home, two adorable kids, a good husband. Then her kids became teenagers (read: monsters). Richard, her husband, quit his job, taking up bicycling and therapeutic counseling: drinking green potions, dressing head to toe in Lycra, and spending his time—and their money—on his own therapy. Since Richard no longer sees a regular income as part of the path to enlightenment, it's left to Kate to go back to work. Companies aren't necessarily keen on hiring 49-year-old mothers, so Kate does what she must: knocks a few years off her age, hires a trainer, joins a Women Returners group, and prepares a new resume that has a shot at a literary prize for experimental fiction. When Kate manages to secure a job at the very hedge fund she founded, she finds herself in an impossible juggling act: proving herself (again) at work, dealing with teen drama, and trying to look after increasingly frail parents as the clock keeps ticking toward her 50th birthday. Then, of course, an old flame shows up out of the blue, and Kate finds herself facing off with everyone from Russian mobsters to a literal stallion. Surely it will all work out in the end. After all, how hard can it be? Hilarious and poignant, *How Hard Can It Be?* brings us the new adventures of Kate Reddy, the beleaguered heroine of Allison Pearson's groundbreaking New York Times bestseller *I Don't Know*

How She Does It.
