Offbeat Tracks in Maharashtra Jul 22 2022 ?I am impressed, ?Maha Rashtra? couldn't have been exemplified more enticingly. You've sprung a ?winner?. Just an appraisal transports you into the realms of nature and emits a blissful oneness with its beauty and wonder so much so that one is enthralled enough to envisage traversing through the rugged terrain and reveling in the rich heritage our beloved Maharashtra has been endowed with. Thank you Milind, for giving us the opportunity to share your romance with nature. You have my blessings and kudos!? Amitabh Bachchan ?I must admire the wonderful effort put in by well known personality Milind Gunaji in putting together this praiseworthy venture in the form of a travel guide. Maharashtra is the state I belong to and hold very close to my heart. It has always been my desire to explore it in greater detail and visit all the places which lend to its heritage. However due to my various work commitments, this desire of mine has remained largely unfulfilled. However through this book I will find the opportunity of fulfilling this desire at least through its pages which have been put together by Milind. I applaud him for his very detailed work for which he has found time despite having a busy career. Indeed there could be no better gift that he could have given his home state, our beloved Maharashtra. My congratulations to Milind and the entire team behind the release of this book.? Lata Mangeshkar "Milind has sprung one more surprise on me. I knew him as an actor, then learnt about his photography, now about his writing which is of a very distinct quality. Poets collect images of nature in words and verses, painters do it with paints on canvas, but Milind has done a unique collection of landscapes and historical spots of Maharashtra.To share it with wanderers of poetic temperament he has noted down the routes and characteristics of each spot. The book in itself is a unique tour for the tourist." Gulzar, Poet and lyricist "I have known Milind as an actor, indeed as an extraordinarily sincere and intense one. I also knew about his trips to unknown destinations in remote parts of Maharashtra. He also has a fine eye for visuals reflected in his photographs. Milind Gunaji is truly the wandering spirit of Maharashtra ." Govind Nihalani, Film Director "Milind Gunaji is an excellent actor. And we are dear friends bonded by our love for nature. I roam the jungles photographing wild animals. But Milind goes off the beaten track and gives us an altogether new picture of a state that the famous Marathi poet Ram Ganesh Gadkari (Govindagraj) described as a land of rugged landscapes and pious associations. He is verily an ambassador for Maharashtra tourism." Uddhav

Thackeray, Executive President, Shiv Sena "The more I travel all over the world, the more I realize how unique India truly is. Offbeat Trails in Maharashtra by Milind Gunaj documents this diversity which is India's greatest strength. His keen eye as a photographer unravels the mystery and the splendour of Maharashtra." Shabana Azmi, Actress and activist "I feel overall this is a very interesting book, very well compiled.? Jagdish Maali, Film maker and photographer

Renaissance State Mar 06 2021 Maharashtra. Among the country's largest, wealthiest, most significant constituents. A great state in name and in deed that has been the cradle of individuals and events that have shaped India. Girish Kuber - seasoned journalist and one of Maharashtra's foremost opinion makers - tells its story in Renaissance State. Taking in his vast sweep the region's politics, society and history from the time of the Satavahanas down to the present day, he chronicles a number of lesser-known tales: the empire that brought the mighty Mughals to their knees, the woman who took the issue of consent in marital sex right up to Queen Victoria, the social reformers who were far ahead of their time, the evolution of movements of the right and left as well as for Dalit identity, and the long tradition of this great land of always standing up to Delhi. This is the account of the making of Maharashtra that its proud people deserved but had remained unwritten.

Forts and Palaces of India May 08 2021 India has a rich cultural past and this is reflected in its innumerable forts, palaces and other monuments, which abound not only in architectural splendour but intriguing individual histories. This book takes a splendid tour of these structures through the whole of India, from Kashmir in the north to Kerala in the south. The architectural magnificence and luxury of these royal palaces are highlighted in the full-colour pictures and detailed essays. Over 325 colour photographs revel in the buildings glorious details and special features, while vivid descriptions of each palace transport the reader back in time into a realm of truly royal experience. Encompassing the rich cultural heritage of India, these forts and palaces offer an authentic Indian experience to heritage lovers.

19th Century Maharashtra Oct 21 2019 Maharashtra in the nineteenth century exhibits all the characteristics of a society standing at the crossroads of civilization. Western education, press, industrialisation and material changes in production and consumption patterns resulted in fundamental changes in the thinking of the people. The first half of the nineteenth century witnessed the beginning of the Postal Service in 1837, rise and spread of the native press and rudimentary education. The second half witnessed more dramatic events such as the coming of the Railways and the establishment of the of Indian National Congress that changed the destiny of the subcontinent forever. The book takes a fresh look at the various aspects of nineteenth century Maharashtra. It includes the critiques and reviews of literature, language, history writing and women's reforms in this period. It argues that the elite attempts at social reform had their own inherent limitations. They could not reach the level of radicality reached by the subalterns whose lived experience of discrimination was the biggest stimulus for reform. Mahatma Phule stands out from among a range of thinkers in this period for his innovative understanding of the Indian reality. Phule was one of the rare thinkers who reconciled the Indian reality with its Universal counterpart. The Marathas 1600-1818 Oct 13 2021 In this book, Dr Stewart Gordon presents a comprehensive history of one of the most colourful and least-understood kingdoms of India: the Maratha Empire. The empire was founded by Shivaji in the mid-seventeenth century, spread across most of India during the following century, and was conquered by the British in the nineteenth century. Using administrative documents of the Maratha polity, family papers and Histories of the Empire, Stewart Gordon explores the origin of the Marathas, their emergence as elite families, patterns of loyalty and strategies for maintaining legitimacy. He traces how the armies developed into European-style infantry and artillery and assesses the economics that funded the polity, especially taxation and credit. Finally the author considers the lasting effects the empire had on administrations, law and trade patterns of Central India, Gujarat and Maharashtra.

Conserving Fortified Heritage Mar 18 2022 This book is a compilation of papers presented at the first international conference on 'Challenges Faced in Interpretation and Site Management in Fortifications and World Heritage', organised jointly by ICOFORT India, the National Scientific Committee on Fortifications and Military Heritage of the International Council on Monuments and Sites (ICOMOS) India, ICOFORT International Scientific Committee, the World Monuments Fund, the School of Planning and Architecture, Bhopal, UNESCO, and the DRONAH Foundation held in February 2015. It brought together a team of international and national experts, architects and scholars who shared their experiences and opinions, and looked at possible solutions to the problems faced in site management and interpretation of fortifications. Structured as per conference sessions, the book provides a preface based on the ICOFORT Charter, and is divided into three sections: namely, Classifying Fortified Heritage; Conservation and Management Challenges in Forts; and Interpretation and Tourism Challenges in Forts. The book will appeal to both a national and international audience, composed primarily of heritage experts, architects, archivists, students of architecture, ICOMOS members, and scholars with a focus on fortifications and world heritage.

Modern Insurgencies and Counterinsurgencies Feb 23 2020 This book provides a historical study of the theory and praxis of modern insurgencies and counterinsurgencies (COIN). Modern Insurgencies and Counterinsurgencies: A Global History shows that the insurgents can wage a variety of conflicts: at times conventional war which lies at the high end of their spectrum, and terrorism which is located at the lowest end of their scale. When insurgencies reach a certain critical threshold, the insurgents shift their strategy from guerrilla (irregular) war to conventional (regular) war, and at that point the level of conflict escalates to the level of civil war. When the insurgents face intense state repression, they revert to terrorist

activities. When the insurgents wage guerrilla war, they can be called guerrillas. The variety of wars conducted by the insurgents is termed as unconventional war. This volume demonstrates that the insurgents in the modern world had been motivated by a trinity: greed, grievances and ideology. Kaushik Roy traces the origin of modern insurgencies and COIN from the sixteenth century by focusing on regions outside Western Eurasia. He also touches on the twin interrelated phenomena of modern insurgencies and COIN metastasising into something new at the beginning of the Information Revolution at the end of the twentieth century. This volume will be of interest to researchers and research students of history, British Empire, imperial studies, Asian studies, security studies, strategic studies, and war and conflict studies. **Kaleidoscope India: The India Quiz Book** Sep 12 2021 A Sizeable Set Of Question, Covering Various Facets Of India Is Heritage In A Variety Of Question Formats. War, Culture and Society in Early Modern South Asia, 1740-1849 Dec 15 2021 This book argues that the role of the British East India Company in transforming warfare in South Asia has been overestimated. Although it agrees with conventional wisdom that, before the British, the nature of Indian society made it difficult for central authorities to establish themselves fully and develop a monopoly over armed force, the book argues that changes to warfare in South Asia were more gradual, and the result of more complicated socio-economic forces than has been hitherto acknowledged. The book covers the period from 1740, when the British first became a major power broker in south India, to 1849, when the British eliminated the last substantial indigenous kingdom in the sub-continent. Placing South Asian military history in a global, comparative context, it examines military innovations; armies and how they conducted themselves; navies and naval warfare; major Indian military powers - such as the Mysore and Khalsa kingdoms, the Maratha confederacy - and the British, explaining why they succeeded.

The City in South Asia Nov 21 2019 The macro-region of South Asia - including Bangladesh, India, Nepal, Pakistan, and Sri Lanka - today supports one of the world's greatest concentrations of cities, but as James Heitzman argues in the first comprehensive treatment of urban South Asia, this has been the case for at

least 5,000 years. With a strong emphasis on the production of space and periodic excursions into literature, art and architecture, religion and public culture, this interdisciplinary study is a valuable text for students and scholars interested in comparative history, urban studies, and the social sciences.

Narratives, Routes and Intersections in Pre-Modern Asia Apr 19 2022 This book traces connections in pre-modern Asia by looking at different worlds across geography, history and society. It examines how regions were connected by people, families, trade and politics as well as how they were maintained and remembered. The volume analyses these intersections of memory and narrative, of people and places and the routes that took people to these places, using a variety of sources. It also studies whether these intersections remain in later and present times, and their larger impact on our understanding of history. The narratives cover several journeys drawn from archaeology, texts and cultural imagination: trade routes, marts, fairs, forts, religious pilgrimages, inscriptions, calligraphy and coinages spanning diverse regions, including India-Tibet-British forays, India-Malay intersections, corporate enterprise in the Indian Ocean, impacts of slave trade in Southeast Asia shaped by the Dutch East India company, movements and migrations around Indo-Iranian borderlands and those in western and southern India. The book will greatly interest scholars and researchers of history and archaeology, cultural studies and literature.

The Routledge Handbook of Cultural Landscape Heritage in The Asia-Pacific Aug 23 2022 The Routledge Handbook of Cultural Landscape Heritage in the Asia-Pacific revisits the use, growth, and potential of the cultural landscape methodology in the conservation and management of culture-nature heritage in the Asia-Pacific region. Taking both a retrospective and prospective view of the management of cultural heritage in the region, this volume argues that the plurality and complexity of heritage in the region cannot be comprehensively understood and effectively managed without a broader conceptual framework like the cultural landscape approach. The book also demonstrates that such an approach facilitates the development of a flexible strategy for heritage conservation. Acknowledging the effects of

rapid socio-economic development, globalization, and climate change, contributors examine the pressure these issues place on the sustenance of cultural heritage. Including chapters from more than 20 countries across the Asia-Pacific region, the volume reviews the effectiveness of theoretical and practical potentials afforded by the cultural landscape approach and examines how they have been utilized in the Asia-Pacific context for the last three decades. The Routledge Handbook of Cultural Landscape Heritage in the Asia-Pacific provides a comprehensive analysis of the processes of cultural landscape heritage conservation and management. As a result, it will be of interest to academics, students, and professionals who are based in the fields of cultural heritage management, architecture, urban planning, landscape architecture, and landscape management.

Battles of the Honourable East India Company Feb 17 2022 This book deals with all major battles of the East India Company, starting with the naval battle off the coast of Swally (Suhali) in 1612 to the Second Sikh war and Annexation of the Punjab in 1849. The Afghan and Burma Wars and the Mutiny of 1857 are excluded. Chapter II deals with the Geographical Portrait and Climate of History of India in which the company operated. Chapter III traces the Evolution of the political and Military Ethos of the Company. Chapters IV to X describe the various battles - against the Portugues and the Dutch, against the Mughals, the French, the Marathas, Haidar and Tipu, the Gorkhas and the Sikhs. Chapter XI discusses the reasons why the Company triumphed.
