It aims to help further develop chemistry skills such as laboratory techniques, mathematical methods and data handling. The course study guide also provides outline solutions to a selection of questions and gives advice on answering all types of examination questions and support for Key Skills. The ICAEM2014 aims to bring together researchers, educators and students from around the world in both industry and academia for sharing the state-of-art research results and applications, for exploring new areas of research and development, and for discussing emerging issues on education and management fields. We received a total of 312 submissions from various parts of the world. The Technical Program Committee worked very hard to have all papers reviewed before the review deadline. The final technical program consists of 92 papers. There are one keynote speech and 2 invited sessions. The proceedings were published by DEStech Publications, Inc. and will submitted to Ei Compendex databases for indexing. We would like to mention that, due to the limitation of the conference venue capacity, we are not able to include many fine papers in the technical program. Our apology goes to those authors.
